

Star of Space 762

Chapter 762 Go check on that Miss Lin

...

After explaining everything, Lin Caisang said goodbye to the prince and the others directly and left.

When the eldest princess and the emperor arrived again, they saw that the eldest prince was alone. Lin Caisang was nowhere to be seen.

"Feng'er, where is Miss Lin?" the eldest princess asked the eldest prince.

"Miss Lin said she had something important to do and left first," the eldest prince said.

"left?"

Upon hearing his words, the eldest princess was stunned.

"Yes, she said that she has something to do at home and will come over tomorrow morning to see how the second emperor's brother is doing. The prince said.

In fact, he didn't understand where Miss Lin's home was. Could it be that Miss Lin was from near the Royal Hunting Ground? It's impossible even if you think about it, right?

But she also said that she had something to do at home and would come over early in the morning...

And tomorrow morning, it seems to be less than an hour from now, right? Can we go back and forth in just one hour?

"Will she come over later?" The eldest princess let out a sigh of relief.

It would be nice that she could still see her daughter.

"Auntie, do you have something to do with Miss Lin?" The prince asked when he saw her asking.

"It's no big deal."

The eldest princess straightened her expression and shook her head at the eldest prince.

"She saved my life last time, and this time she saved Xiao'er. It's such a great kindness. As members of the royal family, how can we not repay it? I'm thinking that it's Miss Lin who deserves it. What can I do to repay this life-saving grace?"

As she said that, she looked at the emperor beside her, her own brother.

Her daughter is thirteen years old and is about to get married. Of course, the more dowry she can prepare, the better. There are so many treasures in the treasury in the palace, so naturally she wants her daughter to get more of them. A few pieces.

"Yes, yes, we must repay Miss Lin for saving Xiao'er's life, and the guard who was responsible for preparing the tent earlier also deserves a heavy reward." The emperor said immediately.

But when he thought that Lin Caisang had been disappearing without a trace, and that he could even enter the royal hunting ground that was surrounded like an iron barrel, he felt a faint worry in his heart.

The origin of this girl is probably extraordinary, and I don't know which fairy mountain she came from.

"It's just that this Miss Lin seems to be quite mysterious. I don't know where she is from. Feng'er, please order someone to check her origins."

"this....."

When the eldest prince heard his father's words, he hesitated and turned to look at the eldest princess.

"Brother Emperor, I'm afraid it's inappropriate to check on Miss Lin." The eldest princess understood immediately, turned to look at the emperor, and said.

Where does her daughter need to be checked? How could she allow it? To put it bluntly, even if Sangsang is not her daughter, such a person with superb medical skills cannot be checked just by saying something.

"What's wrong?" the emperor asked.

He didn't think there was anything wrong. In his opinion, as long as he had suspicions, he would naturally investigate. Otherwise, if he reused Lin Caisang in the future, this girl was from an individual country. What should I do if I come to work in detail?

"Don't you think Miss Lin is too mysterious? If such a person has evil intentions, it will be impossible to guard against her."

Fortunately for him, no one in the palace could reach out, but he knew about his biological sister. His sister took good care of Lin Caisang's thousands of acres of fertile land, and his eldest son actually held her hand. All the good shops were given to Lin Caisang.
