

Star of Space 765

Chapter 765 Bullying is stupid

Who else? Lin Caiqing? Lin Changyi? Or is it.....

"Lin Chushui!"

That's right, it was him. When he was on Menghuang Mountain, Lin Chushui learned everything the fastest. He was also very close to the female wolf who was only close to Ya Molian and her, and regarded the wolf cub as his own family. Generally kept.

She had already noticed that this boy was full of aura, and he hoped he could live up to her expectations.

"Jade mirror, when did the ten days start to count?" She looked up at the jade mirror while drawing and asked.

'When the task is triggered. ' Six characters were displayed in the jade mirror.

Seeing these words, Lin Caisang almost spit out blood.

Doesn't that mean that when she was copying the book, time was passing by bit by bit? How is that possible?

...

It was already daybreak. Lin Caisang came out of the room, went to the main room to get a sesame seed cake, stuffed it directly into his mouth, turned around and left.

"Sang Sang, Sang Sang, why are you going?" Lu Qiubo called her from behind.

"Grandma, you eat slowly, I'll go to the mountain to have a look." She bit into the sesame seed cake and said vaguely to Lu Qiubo.

Suddenly, as if he thought of something, he turned around and looked into the main room. After seeing someone sitting there, he turned around and walked back.

"Brother, I remembered that you went to the mountains to catch some pheasants today and sent them to Liu Yushui's house. You also sent some millet to feed the chickens. After all, they are related to our family by blood. Regardless of the big ones, they are also You have to take care of the two younger ones.

"What?"

Lin Changhong was simply shocked when he heard what his sister said.

It was already good that he didn't add insult to injury to Liu Yushui. Now not only did he have to watch Lin Chushui go to Liu's house to work for Liu Yushui, but he also had to go to the mountains to catch wild pheasants for Liu Yushui?

"Sister, do you have a fever?" he asked quietly.

"You just have a fever! What are you doing all the time?"

Before Lin Caisang could speak, Lin Changhong was glared at by his grandmother, who was so frightened that he quickly pursed his lips and did not dare to say a word.

"Sang Sang, why don't you get another sesame cake? One cake is not enough? Let Grandma take care of the Liu family. Grandma will go check on her later and send some food over, so don't worry about it."

After saying that, he picked up the dried lotus leaves on the side, wrapped another sesame seed cake, walked to the yard and gave it to his granddaughter.

"Oh, I'm relieved that Grandma is here. Grandma, I'm going to the mountain first." Lin Caisang nodded, said something, and left in a hurry.

"My girl, could it be that I was bullied into a fool by the Liu family?"

Watching his sister leave quickly, Lin Changhong was still mumbling to himself.

Asking him to send pheasants to Liu Yushui, he felt uneasy and couldn't figure it out.

"What did you say?"

Lu Qiubo came back and glared at him again.

"Sang Sang, for your grandpa's sake, didn't you see that your grandpa has been asking Chu Shui about Liu Yushui's situation every day these days?" She lowered her voice and said to Lin Changhong.

She didn't know what to say to her old man. He was asking Lin Chushui about the Liu family every day. Wasn't he deliberately adding to Sang Sang's heart?

However, she couldn't say anything. Why did Liu Yushui, no matter how bad or bad he was, have anything to do with her family?

Besides, those two children are also innocent.

"Oh, I see."

Lin Changhong nodded clearly.

Anyway, he felt that grandpa could just talk about him if he wanted to, and it had nothing to do with them.
