

Star of Space 770

Chapter 770 It's time to be suspicious again

"Thank you, Miss Lin. The eldest princess thanked her and watched her leave.

"Auntie, I'm really confused. How can the small bag on Miss Lin's waist hold four bamboo jars?" The prince couldn't help it anymore and raised his doubts in a low voice.

It was like this before, and two white foxes could be carried out of a small bag.

But this time it was not a white fox, but four bamboo jars. But where were those two white foxes stuffed? He really doubted that if the two white foxes could still be used, would Miss Lin take the white foxes out of the small satchel again?

Hearing this, the eldest princess turned her head and looked at her eldest nephew with a faint gaze.

"Talk too much, and if your father hears it, he will become suspicious again.

Her daughter naturally does everything right. Anyone who dares to doubt her family is going against her!

The great prince raised his hand and patted his mouth.

...

Huayuan Farm.

With the money left behind by Lin before picking mulberries, Huayuan Farm, which has thousands of acres of fertile land, has been taken care of in a decent way by the Zeng family and his son.

Many fruit trees were planted, a large number of people were recruited, and the eldest princess was there to help. The Huayuan Farm suddenly became famous in Jian'an City.

"Get these into the car and be careful."

Today, old man Zeng personally came to escort a batch of freshly made dried fruits. When Lin Caisang came over, he happened to be at Huayuan Farm.

"Uncle Zeng, you are here too."

When Zeng Huatou heard Lin Caisang's voice, he thought he had auditory hallucinations in his ears at first. It was not until he turned around and saw Lin Caisang's figure that he believed that his ears had no auditory hallucinations.

"Hey, boss, it's you. Yulang and I are talking about you every day."

"Why are you talking about me?"

Lin Caisang smiled and asked him.

"Is it because the business in the shop is not doing well and we are losing money?"

"No way, business is going well." Old man Zeng said immediately.

"Our dried fruits are all the freshest. They are transported from the farm to the city every day. Many of the products we sell are the same day's goods. It's rare for any company to be like ours nowadays."

"It seems that you and Brother Yulang have made this place pretty good. It looks pretty." Lin Caisang smiled with satisfaction.

"That is."

Old man Zeng was not modest, but he was very satisfied with himself. The two of them stood aside and talked and laughed, watching others loading the car from a distance.

But after a while, the smile on Old Man Zeng's face disappeared.

"But, boss, there are some people in Jian'an City who are really nothing."

"What's wrong? Someone came to the door to cause trouble?" Lin Caisang asked.

This is not surprising. She has a dried fruit shop and a spice shop here, two different businesses.

The recipe for dried fruits is hers alone. On the spice side, many beauty elixirs are her own secret recipes. Others cannot learn them even if they want to. Seeing that her business is good here, naturally there are people Will be jealous.

"Before, several servants on the farm were bribed and tried to sell the secret method of making dried fruits. Fortunately, Yulang discovered it, so it didn't cause a big disaster."

Old Man Zeng said.

Thinking about it at that time, it was really dangerous. If Yulang hadn't arranged a few of his cronies in the farm, they might have succeeded in doing this.

"Do you know who he is?" Lin Caisang asked.

If you dare to pry her corner, then you have to see if that person has that ability.
