Chapter 772 Where is the tree?

"No, no.

Old man Zeng shook his head. With him supervising him, how dare his son not work hard.

"Oh, by the way, boss, a few days ago someone asked the clerk in my shop about your whereabouts. The clerk told me. From the way he described it, I felt like he was the manager of Zhifu. I have met that person. On the other hand, I don't know what he wants to do when he asks the waiter about you."

"Zhifu."

Hearing this, Lin Caisang narrowed his eyes slightly.

She didn't have a good impression of Zhifu. After all, there was Jin Lele who was either inflexible or too shrewd. She didn't want to deal with Zhifu at all.

"Then he never came later, right?" she asked.

"No." Old man Zeng shook his head.

Since the guy told him once, that person has never appeared again.

"That's not an important thing, don't worry about it."

It is estimated that it is not Zhi Lingyang who is looking for her, but Jin Lele in his house who wants to make trouble when he is free. This woman will do something without paying attention to her.

"Walk."

"Um."

Old man Zeng answered, and the two of them got on one of the carriages loaded with goods and headed for Jian'an City.

...

Time passed very quickly, and five days passed in a flash.

Lin Caisang handed all the four copied books to Lin Chushui and asked him to read them more quickly. At the same time, he did not pay attention to him anymore, but continued to hang out in Jian'an City.

Anyway, she has already figured out this hidden task. It is up to people to plan things, and it is up to God to succeed. If Lin Chushui really can't learn it, there is nothing she can do. Is it possible that she can force Lin Chushui to engrave these four books into her mind? ?

In Jian'an City, Lin Caisang had only arrived for two days, but word had already spread. Everyone knew that the owner of Baixiang Shop was back, and the people who came to buy medicine were overwhelming the threshold of Baixiang Shop.

In the royal hunting ground, Lin Caisang was holding a tea cup in one hand, and there were various prescriptions on the table under the other hand. At this moment, she was picking them up one by one and looking at them slowly.

"Miss Lin, are you here to treat my injuries, or are you here to treat their illnesses?" The second prince, who had been lying on the bed for five days without moving, already felt that his whole body was rusty, and now he could only Time to sharpen your words.

"There is no distinction between high and low in front of doctors. As long as it is someone who can breathe, I will save him." Lin Caisang replied to him without raising his head.

"Then if it's a tree, will you save it too?" the second prince asked angrily.

Hearing this, Lin Caisang finally turned her eyes and looked at him seriously.

"Where is the tree? Tell me, if I can save it, I will be saved. What if this fruit tree can bear a lot of fruit every year for people to eat? Even if it doesn't, if you save a tree, the woodcutter will cut down some of it every year. The branches and leaves can be used to prepare several meals for a farmer's family, so why wouldn't I do it? "

Second Prince: "..."

He felt that he should find someone else to rub off on him. He was looking for Lin Caisang just to torture him.

Seeing that he had stopped speaking, Lin Caisang turned to look at the eldest princess who was watching the two of them shut up with a smile, "Eldest Princess, I haven't thanked you for your help to my uncle Zeng and the others before."

"That matter... is a trivial matter."

The eldest princess was stunned for a moment, then shook her head after understanding what she was talking about.

Anyone who dares to bully her precious daughter, no matter who it is, must be beaten down. What's more, this person is a member of the Queen Mother's family, and old and new grudges will be settled together.
