Chapter 774: Recognize her as my daughter

"I was just thinking that since the Second Prince can arrange people to go to Huayuan Farm, can other people also..."

Instead of always guarding against this and that, why not just hug a thigh? The eldest princess in front of her dares to fight even the Queen Mother's family. Is there anything else that she can't do?

Ya Molian had told her before that in the Liang Kingdom, there was nothing the eldest princess couldn't do except what she didn't want to do.

It seems that this is correct.

"other people?"

The eldest princess' eyes sharpened.

In her eyes, Xiao'er is just a child, and a child's heart is still intact. Although he often does things a little too far, he really doesn't have any evil intentions.

This time he arranged for people to stay at Sang Sang's Huayuan Farm, probably because he wanted to repay Sang Sang for his aunt's life-saving grace. She knew this.

However, others are different.

Sangsang holds the gold medal for immunity from death given by the emperor. Such a big temptation, even if it is not a temptation, may still be a great threat to some people.

They placed people on Sang Sang's territory, thinking that it would be easier to monitor Sang Sang, right? Or are you thinking of taking the opportunity to get close to Sangsang so that you can use Sangsang to do something in the future?

How could she allow such people to appear next to Sangsang? It must be eliminated immediately!

"Miss Lin is right, it's better to be careful.

"That's natural." Lin Caisang nodded.

Although she was hugging a big tree to enjoy the shade, if she didn't move at all, those people would probably think that she was easy to bully, right? Of course she had to take action.

However, this matter still has to be left to the Zeng family and his son.

...

Yamollian's home.

Lin Caisang would come to take a look every two days to ventilate the house.

"Mother, we have checked. There is indeed Ban Yilu's family in Ban Yue Wan. However, Ya Jinghong's wife now is not Ban Yi Lu who once lived in Ban Yue Wan." Nangong Piao'er and Beidou stood side by side. Nangong said to Lin Caisang.

"really."

Lin Caisang's beautiful eyes darkened.

Just as she had guessed, the current Ban Yilu had indeed been replaced.

"Ban Yilu went back to her parents' home before, right? Didn't her family notice it?" she asked.

I'm afraid that the family has accepted Ban Yilu's benefits, or is being coerced or something, and has to do it, right? What is the answer?

"That family took a thousand taels of silver from Ban Yilu, bought their daughter secretly, and then asked the current Ban Yilu to replace their daughter and marry Ya Jinghong, and in Ban Yuewan, most people I have doubts in my heart, but after all, I am not my own family, so I don't want to talk about it. "

Nangong Piao'er said again.

"According to Ban Yuewan's Li Zheng, Ban Yilu at Ya Jinghong's house is very similar to the one from before. My subordinates thought that if Ban Yilu dresses up more deliberately, she should be able to fool him."

Beidou also said.

This Ban Yilu is really capable. She can coax people to sell their daughters and recognize her as their daughter.

But think about it, a thousand taels of silver is such a big deal. Those poor people have never seen so much silver in their lives. A daughter is nothing. Even if she gets married and gets a betrothal gift, it is only a few taels of silver. How can she do it? How about compared with one thousand taels of silver?

"Have you found out the purpose of this person's visit to Ya Village?" Lin Caisang asked.
