

Star of Space 776

Chapter 776 I will handle it myself

"Because Zhou Liang has focused all his energy on Liu Yushui in the past six months, so much so that he has left behind all his schoolwork. Now that autumn is coming, everyone in the Zhou family is worried that Zhou Liang will fail the exam."

Beidou said.

Hearing this, Lin Caisang just raised his eyebrows.

Isn't it a sure thing that Zhou Liang won't pass the exam? As for him, he would only be successful if he could pass the exam, unless the county governor spent a lot of money to smoothen the relationship with his son-in-law.

But, will the Sheriff do it?

Not to mention that the daughter who is about to marry Zhou Liang is just a concubine. Even if she is not a concubine, the marriage has not been decided yet. How could the county governor take such a big risk for an uncertain person?

What's more, according to her guess, the Zhou family probably didn't dare to tell the county governor directly that Zhou Liang would probably fail the exam, right?

That was a marriage that the Zhou family had finally managed to achieve. How could he ruin it on his own lips? They must think that if Zhou Liang fails to pass the exam, the county magistrate will not marry his daughter to Zhou Liang, right?

As everyone knows, regardless of whether Zhou Liang passes the exam or not, the county governor will definitely marry his daughter to him.

As for the Lord Sheriff, I'm afraid he is thinking in his heart whether he should stumble Zhou Liang. It would be best if he fails the exam, right?

After all, the matter of his daughter cannot be kept secret for a lifetime. If Zhou Liang really becomes a high official one day, I am afraid that the son-in-law will become enemies and he will get into trouble by then.

"So what, what does Mrs. Zhou want to do?" she asked.

It's just that after all, it's a matter between the Zhou family and the Sheriff's Mansion. It seems like they can't even fight with her, right?

So how could she be involved?

"Mother, don't you have the fortune of being a star of wealth and wealth? Madam Zhou is thinking that if the Zhou family has anything to do with you again, maybe Zhou Liang can use your name of a star of wealth to test children's students again like before. He is an average scholar and has passed the Juren Examination, so..."

Beidou's words were drawn out, and he didn't know whether he should say the next words.

"So what?" Lin Caisang asked.

What good ideas can Madam, that bitch, come up with this week, haha.

"Mrs. Zhou encouraged Zhou Liang to come to you and want to get back on good terms with you. It would be best to renew the previous engagement," Beidou said.

"laugh."

Lin Caisang couldn't help but laugh.

This Zhou family really thinks that when she is called upon, she will come and when she is waved off, she will go.

"However, now Zhou Liang is still unwilling, and Mrs. Zhou does not dare to force her son who is about to take the exam. He may come to Yacun in person in the next few days, and maybe Mr. Zhou will also come by then."

Beidou said.

"Originally, my subordinates wanted to kill the Zhou family directly, but thinking that there was still a Ban Yilu in the village, I held back."

She took a deep breath and said again.

Now that the palace master has left, the village is only so big, and there are only so many people left by the palace master. She doesn't want to expose herself to Ban Yilu's eyes because of her recklessness.

"You did very well."

Lin Caisang nodded.

If Beidou really takes action against the Zhou family, Ban Yilu will most likely follow the Zhou family's line and touch Beidou's body.

It's better not to take this risk.

"You don't have to worry about this, I will handle it myself."

Since the Zhou family still dares to bully her, don't blame her for being rude!

...

After leaving Ya Molian's house, Lin Caisang came to Menghuang Mountain.
