Chapter 783 Why can't I be tied up?

housekeeper:"....."

Leave the city. Can these two aunts leave the city now?

However, there was a voice in his heart telling him that if these two aunts wanted to leave the city, let alone his family, even the emperor would not be able to stop them.

"Yes, yes, you two girls, wait a moment, the younger one will go right now, go right now."

He hurriedly responded, turned around and walked up to the waiter.

The waiter swallowed hard, "Steward Xin, this..."

"What are you still doing? Didn't you hear that girl ordered ten roast chickens? Bring them over quickly. Butler Xin shouted at the waiter.

"Yes, yes, little one, go right away." The waiter responded and was about to run downstairs.

But before he could even take two steps, Butler Xin carried him back.

"We are waiting for you with delicious food and drinks. If I don't see them two when I come back later, be careful of you sitting upstairs! Go quickly!" He threatened, and then threw the waiter away.

"Yes, yes." Xiao Er ran away quickly.

Butler Xin turned around again and looked at Lin Caisang and the two of them. He saw Sui Ziyou raising his head and making eye contact with him. He was so frightened by Sui Ziyou's cold smile that he shuddered. .

Then, he hurried back to the Imperial Master's Mansion.

...

"What?!"

Hearing Butler Xin's words, Yang, who was lying on the bed and wailing solemnly, almost rolled off the bed.

"hiss....."

Just as he was about to get up, he felt a sharp pain in every part of his body, causing him to fall heavily back on the bed.

"You're really brave, aren't you? You dare to let our master go to meet them in person? Why don't you kidnap them directly? They are rubbish, a bunch of rubbish!"

"Sir, we can't tie him up." Butler Xin looked at Su Yang carefully and said.

Apart from his own master, he had never been so angry anywhere else in his life. He actually wanted to kidnap someone directly to vent this bad breath in his chest.

But what about after being tied up?

Not to mention that after being tied up, if they wanted to be tied up, would the two aunts just sit there obediently and let them tie her up?

As his family had said before, the two aunts didn't even touch him. They stood so far away and could have poisoned his family. And the poison of the other guards was different from his family's. The poison is different.

It can be seen that they are not ordinary.

"Why can't we tie him up?" Suyang was furious, and his body was in terrible pain.

At this time, he had no intention of thinking deeply at all. He just wanted to quickly find those two little girls to detoxify him. Then, he would have plenty of opportunities to teach those two little girls a lesson. The girl had a good time watching the film.

"Sir, don't you see that those two girls are not easy to mess with. If we go too far, you may not get the antidote." The housekeeper advised.

"Besides, poisoners are healers. Maybe they can really cure the young master's disease?"

"this....."

Suyang hesitated when he heard about his son's illness.

He can ignore everything, but he only has one son. If he really dies of illness, he will have no heirs.

"Okay, my master wants to see what those two little girls can do!"

Grinding his teeth heavily, his eyes were scarlet red. He didn't know whether he was angry or hurt by the endless pain in his body.

"Sir, you are... I'll order someone to bring the sedan over here." Seeing that his master agreed, Butler Xin immediately ran out.
