

Star of Space 789

Chapter 789: Twitched a few times and fainted

The reason why I wanted Lin Caisang and the others to wait outside was because I wanted to clean up the mess in this place and give the young master some relief. I didn't want Lin Caisang and the others to see such a terrifying scene.

Little did he know that the words coming out of his young master's mouth were even more cruel.

Although Su Ri often did such things, the doctor's girl in front of him was not easy to mess with.

"Steward Xin, you came just in time. Drag them all down and peel off all their skins. I want to use their skins to make spices! And, take their..."

"Sir, please stop talking."

Listening to the creepy words Su Ri said, Butler Xin glanced at Lin Caisang secretly and lowered his voice to interrupt his young master's words.

"Your Excellency has invited a doctor to treat you. Look, these are the two beside me."

"female?"

Su Ri immediately saw Lin Caisang and Sui Ziyu beside Butler Xin, but he only glanced at them with disdain.

"Steward Xin, is my father an old fool? Why did he find two cheap maids to come here to treat this young master? These cheap maids are only used to vent my anger. Who are they? They are worthy... Ugh! "

Before he finished speaking, Butler Xin saw that his young master rolled his eyes, twitched his whole body several times, and fainted.

"girl....."

Butler Xin was stunned for a moment, but he quickly came to his senses and looked at Lin Caisang.

"Quarrel!"

Lin Caisang spit out one word directly.

The next second, she walked over and took back the few silver needles that she had casually placed in Su Ri's major acupuncture points, and held them in her hands to observe them carefully.

Butler Xin's mouth twitched slightly, he looked at his young master, and then at Lin Caisang who looked indifferent.

It's really rare for people to dare to treat his young master like this.

However, let alone the young master, his adults were also not taken seriously by the girl in front of him. He was poisoned as soon as he said it. There was no room for negotiation at all, and he dared to ask his adults to invite her in person.

"Bring two teacups and put water in them." Lin Caisang told Butler Xin.

Butler Xin did not dare to hesitate and immediately ordered his servants to prepare.

After a while, two teacups were brought to Lin Caisang. She took one and stirred the silver needle in it a few times. The next moment, the cup of clear water turned black.

"What a powerful poison."

Sui Ziyou couldn't help but muttered as he looked at the color in the teacup.

Hearing this, Lin Caisang just raised his eyes, glanced at her, and uttered three words.

"you are wrong."

"Wrong? What's wrong?" Sui Ziyou asked in confusion.

"The more powerful the poison, the lighter the color. The clear water in this cup turned black, indicating that the poison is not very powerful." Lin Caisang explained.

"Girl, my master has invited many famous doctors to come here, but they are all helpless against the poison in the young master's body. This poison is indeed very powerful." Butler Xin couldn't help but say something more when he heard her words.

"I said the poison was not severe, but I didn't say it wasn't a strange poison." Lin Caisang poured the glass of water in his hand directly onto the ground.

Then he took out a porcelain bottle, opened it, and poured the white powder inside onto the silver needles that had pierced Suri's major acupuncture points. After a while, when the silver needles were put into another cup, There is no color anymore.

She then put the teacup on the table and put away the silver needle.

"Girl, this..."
