Chapter 794: Drag me to die, beat you to death

"Master, this..."

Dou Qiankuo happened to arrive in a carriage and saw the chaos outside the gate of the Imperial Master's Mansion. He turned to look at the sedan curtain.

"Didn't you see the Imperial Master was attacked? Why don't you go and help quickly?" came the faint voice of a man from the carriage.

"Yes, Master."

Dou Qiankuo responded and took the guards with their hands down to help, leaving only two guards guarding the carriage.

...

The battle ended quickly when the masked man in black was outnumbered. The man in black was very good at kung fu and could run very fast with his light kung fu. Most of the guards of the Imperial Prefecture were chasing him.

Suyang straightened his clothes from behind the carriage and walked out.

"Sir, are you okay?" Butler Xin hurried forward and asked nervously.

"The national teacher is fine."

Su Yang coughed lightly and shook his head.

"Go and see if there's something wrong with those two girls," he ordered.

"yes....."

Butler Xin only said half of the word 'yes' when he saw a figure rushing over.

next moment.....

"ah!"

A scream rang out, and when Butler Xin turned around, he saw that his elder had been kicked to the ground by Lin Caisang, with half of his face on the ground, wailing in embarrassment.

And that's not all, I saw Lin Caisang standing on his hands and feet, while his family members covered their heads, curled up on the ground, and continued to cry.

"Well, Su Yang, if you dare to use this girl as a shield, I'll beat you to death, you bastard. Can you afford to offend me? You don't even know what you are, and you still want my life." , If you take advantage of the courage of a bear and a leopard, I will beat you to death."

"Ah, oh, don't... don't fight, don't... I was wrong, wrong, wrong, don't... ah, don't fight!"

Suyang didn't even have room to fight back. He had pulled people to block arrows before, but those people were cheap and worthless. He regretted it so much that he accidentally pulled this little girl as a shield just now. It's over.

Moreover, it was impossible for him to stand up and resist now, because he clearly felt that he had no strength at all and could not move.

He understood that Lin Caisang had drugged him again.

"I asked you to drag me to death and beat you to death."

At this moment, Lin Caisang just had to ride on Su Yang's body and use his hands and feet, beating him and cursing at the same time.

"Girl, girl, please... stop... stop fighting, stop, stop, sir." It took a long time for Butler Xin to react, and he hurriedly tried to hold Lin Caisang back.

But how dare he? Just as he was about to stretch out his hand, he was yelled at by the black panther on the side. He was so frightened that his calves trembled. He accidentally stepped on his own master and quickly stepped back.

Swallowing in fear on the side.

Lin Caisang punched and kicked Suyang for a long time before stopping and taking a deep breath.

"Forget it, why should I care about you? You are really not the first person who dares to harm me, and I don't think you will be the last one. I, sir, don't care about you."

Suyang: "..."

Touching his face, which had probably been beaten into a pig's head, and the bones all over his body that had been kicked or broken, he swallowed.

She has never been so embarrassed in her life. How can she be called a master? If she didn't come in large quantities, would he not even be alive? This little woman really cannot be offended.
