

Star of Space 81

Chapter 81 Brother, are you sorry?

Lin Caisang: "..."

Could she say that she didn't really want to eat at all?

No, what she actually wanted to say was, could the dangerous man Ya Molian be driven out? Her keen intuition told her that Ya Molian, a man, was definitely not a good person.

"Uh, okay."

She secretly twitched the corner of her mouth, glanced at Ya Molian with a vague look, then turned to look at her eldest brother and greeted him.

"Brother, come here, let's wash the medicinal materials together first."

"oh."

Lin Changhong nodded in response.

"Brother Mo Lian, you sit down first, I'll come as soon as I can."

Lin Caisang: "..."

Her eldest brother really worships Ya Molian as a god. He even talks to him when he walks away. Is that the case?

Shaking her head secretly, she turned and walked towards the yard.

"Mo Lian, come on, let's have a drink first." Lin Laogan greeted Ya Mo Lian.

...

"Brother, why are you back? Why is Brother Mo Lian at our house?"

There was a large wooden basin in front of him. After pouring all the medicinal materials into the wooden basin, Lin Caisang watched Lin Changhong carrying bucket after bucket of water and followed him and asked.

"Brother Mo Lian? He heard that you were going to dig a pond on Menghuang Mountain, so he came over to help. He probably wanted to repay your kindness for saving him. Lin Changhong turned to look at her and replied.

Lin Caisang: It's just repaying a favor. It's obviously malicious. Couldn't her brother see it?

"What kind of favor is he repaying? Didn't he take his wild boar meat last time? This favor has been repaid a long time ago. Brother, are you stupid? He said he wanted to help, so you just let him come?"

She's going to jump.

Originally, she was planning to find someone at home to cover her, so that she could take over high-level tasks. But now, there is a wolf at home, so how can she go out to do things?

She was sure that as long as she was not at home, she would never escape Ya Molian's wolf eyes!

"Could it be that Brother Mo Lian is coming to help, why can't I let him come?" Lin Changhong curled his lips innocently and asked her.

"Besides, it's not like we don't pay wages. It's the same for everyone to help. It doesn't matter. One more person can finish it a day earlier, right?"

What is it!

Lin Caisang rolled her eyes at her eldest brother angrily and cursed inwardly.

Where can Yamolian not make money if she wants to? Just going for a walk in the mountains is much better than earning ten or twenty copper coins a day here, right?

She believes that Yamo Lian is really here to help, so there is a ghost!

"Sang Sang, don't you want Brother Mo Lian to help?" Lin Changhong asked, having figured out what his girl was thinking.

"Well."

Lin Caisang was choked by his question.

"What did I mean? You misunderstood."

She quickly denied it, because she couldn't let Lin Changhong think that she hated Ya Molian. After all, their family had a good relationship with Ya Molian, so she couldn't go too far.

"I just think that Brother Mo Lian can earn a lot from hunting in the mountains every day. If we ask Brother Mo Lian to help, it will delay his earning money, don't you think? Brother, are you sorry?"

"I'm sorry, why are you embarrassed?" Lin Changhong said matter-of-factly.

In his opinion, Ya Molian is like his elder brother, so there is nothing embarrassing about asking his elder brother to help his family with a little help.

"Sang Sang, you are thinking too much. Brother Molian is not someone who cares about things like that."

Lin Caisang: "!!!"

Does that mean that she is such a calculating person? ? ?

Okay, she did have some concerns.
