

Star of Space 812

Chapter 812 Sonny, I miss you

"good.

What else could Butler Xin say? Naturally, the girl would do whatever she said.

...

"Palace Master, the doctor is here again."

In the study, Ban Jue walked in quickly and said to his master.

Hearing this, Ya Molian's eyes lit up and she raised her head to look at Ban Jue.

"Where are the people?"

"We are having dinner at Jinwei Tower now." Ban Jue replied.

He was really impressed by the doctor. He tortured Su Ri to such an extent that he still had the appetite to eat.

"Follow me to Jinwei Tower."

Without thinking, Ya Molian immediately stood up and walked out of the study.

Behind him, Ban Jue followed him out with a confused look on his face. He really didn't understand why his palace master became interested in the female doctor. Could it be that he was influenced by his mistress and had some interest in the female doctor? Compassion?

Isn't it?

If his mistress found out about his idea, would she give the palace master a beating?

...

In the Jinwei Building.

A table full of delicious food was served, but Lin Caisang was the only one eating with a pair of chopsticks.

When the waiter brought all the dishes, he looked at the little girl in front of him and his eyes almost popped out. He had never seen a girl who was so good at eating.

Can you really finish such a table of food?

However, this is a customer of their restaurant. Even if he can't finish the meal, it doesn't matter. As long as he can afford the money, he will be happy to serve it to the guest, let alone one table, ten tables, or a hundred tables of food.

"Girl, your food is ready, please use it slowly."

After swallowing a mouthful of food on the table, he turned around, closed the door of the private room, and walked out.

However, what he didn't know was that the moment he closed the door, someone had already passed by him and entered the private room where Lin Caisang was.

"you....."

Lin Caisang blinked, then blinked again, looking at a certain neighbor who was still in front of him. He only had time to say one word before he was pulled up from his chair by a certain neighbor.

The next moment, he was pulled into a warm embrace.

"Sonny, I miss you."

God knows how much he wants to leave this ghost place and go back to Yacun.

Lin Caisang's hands that were hanging by his side paused for a moment, then raised his hands to wrap around the man's waist, returning his warmth.

"I miss you as well."

After a long time, Lin Caisang interrupted the silence and asked him. "Brother Melian, how are you these days?"

"It's good that you're here."

Ya Molian let go of her and led her to sit down.

"oh."

Lin Caisang responded.

In fact, you don't need to ask this question to know. How can Brother Mo Lian be fine when he comes to Shaohua City? There are so many people here who want to kill him and want to take advantage of him.

"No one knows you came to my place, right?" she asked, taking off her mask.

"Exile Jue will be guarding outside. No one will come up, don't worry." Ya Molian said.

Lin Caisang: "..."

She would be even more worried if someone was guarding her. Wasn't this clearly telling others that the dignified King Mo was here to secretly meet with the doctors of the Imperial Master's Office?

If you tell me, no one will believe this fact.

"Let him come in and keep watch outside. No, it's too eye-catching." After thinking about it, she said to Ya Molian.

"Exiled."

Ya Molian shouted directly outside.

The next moment, the door of the private room was pushed open, and Ban Jue's hand holding the door paused, and he looked at the person inside, whose mouth was so wide that it could fit a duck egg into it.
