

Star of Space 820

Chapter 820 Still in the mood to go shopping!

"She is really the mistress.

Jiang Li finally found the reason for the weird feeling in his heart these days.

He had been thinking about why his palace master cared so much about a female doctor and even sent people to keep an eye on the Imperial Preceptor's Mansion. However, it turned out that the palace master knew that she was the mistress early on.

"That's not right. How did the mistress get here?"

Suddenly, he felt something was wrong again and looked at Ban Jue with wide eyes.

"A few days ago, I received a letter from Fei Ge, saying that my mistress was in Ya Village..."

Could it be that the mistress had wings and flew here? Or were Yun Mo and the others simply fooled by their mistress? In fact, the mistress had left Yacun long ago and followed the palace master to Shaohua City?

"Don't think too much about the mistress," Ban Jue said to him.

He has long been accustomed to strange things. Princess Ziyu was taken away by her mistress before. She hasn't seen anyone yet, which makes Jiang Zuo become nervous every day.

"Um."

Jiang Li didn't say anything else and just nodded.

...

On the other side, in the Imperial Master's Mansion.

As soon as Suyang came out of the palace, he heard his son's miserable scream and couldn't help but frown.

When he came to the yard, he saw Butler Xin and several guards staring there. He still didn't see Lin Caisang. He felt even more uncomfortable and waved to Butler Xin.

"Where's that girl?"

"Sir, the girl saw the young master entering the medicine bucket and then left. She said she was going...shopping." Butler Xin looked at his master's ugly face and didn't want to say anything.

But it's not good if he doesn't say it. There are so many people in the yard watching. Even if he doesn't say it, others will.

"shop?!"

This time, the solemn voice really became sharp.

His son is like this. If you look at it, you will feel pitiful. Who is that girl? She is obviously a doctor, but her patient is like this, and she is still in the mood to go shopping!

"When are you coming back?"

Even though he kept telling himself in his heart that he should be polite to that girl, but seeing his son suffering while she went shopping, he still couldn't extinguish the anger in his heart.

It's time to give that girl a heads up.

"this....."

Butler Xin hesitated for a moment and glanced at Su Yang with a small look.

"Sir, that girl...she didn't say she would come back."

He has been with Suyang for so many years, not to mention that he frowned, even when he took a breath, he knew what his master was thinking in his mind. At this moment, the master was angry with that girl, right? ?

But so what?

If his legs are on the girl's body, can the adults in his family still restrain that girl's movements?

If that were the case, Su Ri's poison would probably not be cured in this lifetime.

"hiss!"

Suyang took a deep breath, as if he was going to be pissed off by Lin Caisang.

"This woman!"

He was born to conquer the father and son, right? He didn't take them seriously, and now he still treats his son as a patient like this. Is this really good?

"Sir, please calm down." Butler Xin quickly advised.

"Actually, I also think that the girl will have nothing to do if she stays here. The medicine has been prepared, and she only needs to soak it for eight hours. If she really sits here and waits, she will be in trouble. Someone went to wait on her, and it was easier for her to leave.

Furthermore, if you listen to the young master's scolding, the girl simply left. Otherwise, if you listen to the young master's scolding, it will be dangerous if she is angered. "
