Chapter 824: As soon as it appears, take it down immediately

"Shopping? Just the two of them?"

A man wearing a dragon robe with slightly white temples sat on a large chair and asked the people below.

"Back to the emperor, yes, it's just King Mo and that woman." The father-in-law lowered his head and replied.

"Prince Mo accompanied the woman to Yushi Pavilion, Wenshang Pavilion and many other places. He bought a lot of things and sent them to Prince Mo's Mansion. It was as if the woman lived in Prince Mo's Mansion."

"like?"

Among a long list of words, the emperor singled out two words.

What does it mean to be like? When did the people around him become so unreliable? If it is, it is, if it is not, it is not. Where does the similarity come from?

"Going back to the emperor, the person who came back to report just said that the things were sent to Prince Mo's Mansion. As for the woman, she did not return to the Mansion with King Mo, but...disappeared in Shaohua City. Our people could not Follow.

The father-in-law replied without even daring to take a breath.

"waste!"

The emperor just said two words coldly.

"This servant is incompetent. Please punish me, Your Majesty." Hearing his words, the father-in-law knelt down quickly.

This is not a matter of his incompetence, but that King Mo is extremely skilled and can easily throw off their men. It is really not something they can keep up with, and it is normal for them to lose him. .

But how could he dare to say this in front of the emperor? He would have to knock out his teeth and swallow his own blood.

"Get up."

The emperor calmly let him get up.

He also knew in his heart that his son was no longer the little thing he had firmly in his hands. Now his wings had grown hard and he wanted to fly by himself, but he really couldn't control it. He did.

"Order people to pay close attention to Prince Mo's Mansion. As soon as the woman appears, capture her immediately," he ordered.

"Yes, Your Majesty."

The father-in-law responded and prepared to walk out backwards.

"Wait a minute."

Suddenly, the emperor stopped him again.

"Your Majesty, do you have any other orders?" The father-in-law immediately turned back and asked.

"Pay close attention to that woman. Don't take action immediately. Find out her relationship with King Mo first." The emperor thought for a moment and then ordered.

Don't blame him for being suspicious, it's just that his 'good' son has had one idea after another over the years, and even he is a little overwhelmed. He has to be on guard. This is just a bait he throws out.

He wanted to see what his 'good' son wanted to do this time? !

"Slave, I obey." The father-in-law retreated.

...

The next day, Lin Caimulberry left home early in the morning. He went out for the reason that he had been going to the mountains to pick wild fruits for thousands of years. After changing his clothes in the medicine garden, he came to Shaohua City.

Arriving at the courtyard, Ya Molian was already waiting.

"How long have you been waiting?" she asked.

She thought she had arrived early enough, but she didn't expect that the man was even more anxious than she was.

"Come here, I'll make sweet-scented mandarin fish and braised pork for you. Let's eat first."

Ya Molian waved to her, and the two of them went to a room together. On the table inside, there was a steaming meal, which made Lin Caisang's greed come out.

"smell good."

Lin Caisang took a deep breath and sat down quickly.

"Brother Mo Lian, I feel like I haven't eaten your cooking for a long time. I miss you so much. Did you cook it specially for me? I've already had breakfast at home?"

"Can't eat anymore?"

Ya Molian sat down next to her and asked softly.
