Chapter 827 Summoned into the Palace

"Of course not. Dou Qiankuo also understood.

It seems that that woman is a bait thrown by King Mo, right?

"But my subordinates don't understand why King Mo would throw out such a woman. Regardless of whether she is King Mo's weakness or not, even if she is not, what's the use of throwing that woman out?"

"How can it be useless?"

The man curled his thin lips and snorted coldly.

The one in the palace, Zhengchou, couldn't make Sui Zimo listen to him and go to Baibind Mountain to save people. At this time, Sui Zimo's favorite came out. Regardless of whether it was true or not, the one in the palace would not be stable. Sitting like a mountain, you will definitely take action, right?

...

"woman?"

In the harem, in a pavilion in the middle of the lake, a woman wearing a plain robe was holding a fat cat in her hands, looking at the sparkling lake with squinted eyes.

"My little Mo'er has grown up after all, and there are women around him."

"Your Majesty, do you want King Xuanmo to enter the palace?" Mammy looked at her master's expression and asked in a low voice.

"Ah."

The woman chuckled.

"Why do you announce him to the palace? In his eyes, does he still have this mother-in-law?"

Since returning to Shaohua City, her son has only visited her palace once. When he entered the palace to visit the Queen Mother, he came to her palace to take a look.

Other times, even the most basic steps of entering the palace to ask for greetings are omitted.

After hearing what she said, grandma did not dare to say any more.

Who can blame this? Her mother-in-law was also responsible for abandoning King Mo in the first place. Now that King Mo has grown up and knows about human affairs, he naturally becomes more and more jealous of his biological mother.

"Empress, it doesn't matter if you don't summon King Mo to the palace, but the woman beside King Mo, you can..."

"In what name do I announce her entry into the palace? Huh?" the woman asked.

Just hearing that Sui Zimo had brought a woman into the palace, she immediately sent someone to announce that the woman had entered the palace. Didn't that mean she directly told Sui Zimo that she had placed someone in his palace?

Although everyone was well aware of her placement of people, they still had to keep it a secret since it was not made public.

What's more, no one knows the identity of that woman, so she was summoned to the palace so rashly. Does she think she was not laughed at by the Queen's party?

Not to mention the Queen's party, even the Emperor would dislike her, right?

"Your Majesty, please forgive me. I was careless." Grandma quickly apologized.

"Let our people keep a closer eye and find out the identity of the woman." the woman ordered.

"Yes, concubine."

Grandma responded and backed out.

...

In the palace, in the emperor's study room.

"Your Majesty, there is a woman beside King Mo now. She must be King Mo's weakness. As long as you order people to capture that woman, can King Mo not go to Baibind Mountain to rescue Lin'er? Your Majesty, I beg you, concubine. , give the order quickly."

Ever since she heard that King Mo had brought a woman into the palace, the queen went directly to the emperor's study room and teased the emperor, hoping that the emperor would take action against Lin Caisang.

"It's not urgent."

The emperor did not listen to her words, but said lightly.

"Why aren't you in a hurry?"

Hearing this, the queen's entire face was distorted.

"Your Majesty, there are many dangers on the top of Baibind Mountain. Lin'er has been there for so long. If anything happens... Your Majesty, I beg you, I beg you, please quickly order King Mo to go to Baibind Mountain to rescue Lin'er. "
