

Star of Space 841

Chapter 841 She was fooled

"is her?"

The guard who was grabbed was stunned for a moment, but he quickly realized and retreated quickly.

Lin Caisang walked in the unobstructed Prince Mo's Mansion and soon arrived outside Ya Molian's study. When he was about to go in, he saw a person walking out of the study. When he saw her, his eyes widened.

"Master, why are you here?"

The person who walked out of the secretary was Zhong You.

"Zhong You? I'm here to see Brother Mo Lian. Where are the others?" Lin Caisang was just stunned for a moment and then asked.

"Master, he's gone out. He hasn't been in the palace in the past few days. I heard from Ban Jue that he seems to be waiting for someone. I don't know." Zhong You said.

Hearing this, Lin Caisang knew where Ya Molian had gone. It should be the courtyard he had taken her to before.

Raising her hand, she tapped her head lightly, cursing herself in her heart. Ya Mo Lian had obviously told her before that he would wait for her in that courtyard, but she had completely forgotten it.

"Are you still used to living here?"

Now that I saw Zhong You, I naturally had to ask him about his situation.

"Get used to it. Master is very good to me, and Brother Jiang Zuo has been teaching me medical skills." Zhong You replied.

"That's good. I still have some things to do. I'll talk to you when I'm free." Lin Caisang nodded and said nothing else.

She was still anxious to find something to do with Ya Molian. Since he was in that courtyard, she could just go there.

However, just after taking a few steps outside, she suddenly remembered something. She turned around and walked to Zhong You. Then she reached out and took out two books from her small satchel and handed them to Zhong You.

"You should memorize the things in these two books as much as possible. It will be good for your study of medicine. If Jiang Zuo wants to read them, you can also learn them."

This was the book that Lin Chushui had memorized during the previous hidden mission in Jinzhu Space. The other two were not medical books, so Zhong You wouldn't find much use in reading them now. However, she felt that Zhong You could just read these two.

After saying that, after Zhong You took the book in her hand, she turned and left.

...

After coming out of Prince Mo's Mansion, I was excited to go to the courtyard where Ya Molian was.

However, not long after leaving Prince Mo's Mansion, Lin Caisang felt keenly that she was actually being followed. Moreover, the person following her was very hidden, and it was almost impossible to detect his presence.

If she hadn't had the golden bead space, when she was in danger, the golden bead hanging around her neck would heat up, alerting her that she was being followed, and she wouldn't have been able to detect it.

"It seems that Shaohua City is really not peaceful."

With a grin on her face, when she met the corner, she turned silently and walked into an alley.

The woman who was following her also walked in. After a while, she turned out again, with a panic look on her face, and turned to look at the other person at the entrance of the alley.

"Have you seen anyone come out?"

"No, why, you lost the person?"

The man guarding the alley entrance was also extremely surprised and asked.

"hateful!"

The woman gritted her teeth secretly when she heard his words.

"She fooled her, it's a dead end!"

When she walked in, she felt something was strange. When she got there, she realized that it was a dead end. She was too careless because she never expected that little girl to be so smart.
