

Star of Space 844

Chapter 844 What are the benefits of acting like this?

"Sonny, why are you dressed like this?"

Ban Jue, who was following Lin Caisang: "!!!"

Palace Master, the face of the mistress has become like this, and there is no shadow of the past at all. How did you know that the person in front of you is the mistress herself?

This... is he the only one in this world who is stupid? Can't you see the mistress's 'makeup' skills?

"Forget it, why am I so popular? There are always people who want to secretly 'protect' my safety." Lin Caisang shrugged and said.

Hearing this, Ya Molian's pupils shrank and she immediately looked at Ban Jue.

"Your Highness, go and investigate right now." Ban Jue understood and immediately responded, ready to go out and investigate.

He really didn't expect that those people would find out about the mistress so quickly. This was not a good thing.

"etc."

However, Lin Caisang spoke up and stopped Ban Jue who was about to go out. She turned to look at Ya Molian.

"Brother Mo Lian, tell me, those people are trying to target me. Shouldn't you be so angry for me? I was so scared just now and almost got caught."

She sounded like I'm so pitiful, but...

Ban Jue looked at his mistress speechlessly.

I dare to ask the mistress, what are you afraid of? In other words, no matter how capable those people are, they can't withstand a handful of medicine in your hand, right?

With this medicine in hand, you are invincible, do you understand?

"Then...just kill her." Ya Molian put the little girl into her arms and said 'comfort'.

Ban Jue: "?"

Kill him directly?

Not good, those people don't just belong to the emperor, at least they belong to Concubine Lian, right?

To kill him so directly, isn't he openly going against those in the palace? What good can come from his palace master acting like this?

"Palace Master..."

"Exiled Jue, be obedient and behave as you are told. Those people are very hateful." Lin Caisang interrupted what Exiling Jue was about to say, his tone full of gloom.

"You haven't thought that if I were caught today, your palace master would really have to guard the empty room alone for the rest of his life. Can you bear to see me being plotted by those people and being taken away again in the future? Huh?"

Banished: "!"

Mistress, are you going too far?

As you are now, not to mention being recognized by others, even if you are in the arms of the palace master, your subordinates are looking at you, it is an eyesore, and you can still be arrested. What fool dares to arrest you.

Isn't this making trouble for Tai Sui and living impatiently?

However, these days, there are really those who feel that life is too boring and want to have fun.

He can't remind everyone, can he?

"Palace Master, Mistress, my subordinates will take care of it immediately."

Since the master said to kill, let's kill. Anyway, those people's hands must be stained with blood. Killing can just be enough to avenge those who died unjustly.

"By the way, send the corpses back to their master. Sorry to trouble you, banish them."

Exiled Jue, who had just turned around and was about to leave, heard Lin Caisang's words and almost fell to the ground.

Mistress, is it really okay for you to provoke those in the palace like this? You must know that those in the palace are ruthless and don't care. After all, you are only one person. Even if you have a medicine in your hand, you can't defeat thousands of troops, right?

"Palace Master." He turned around and looked at Ya Molian.

"Go and do it."

Ya Molian just said two words to him faintly.

Ban Jue took a deep breath, turned around and left.

...
