

Star of Space 846

Chapter 846 If you think about it, you will

"It's nothing, it's just that some things inside are mature. It will take me some time to get these things done." Lin Caisang said vaguely.

After all, it's a gift for Yamolian. It's better to tell it now. Then there will be no surprises, right? Therefore, she had better wait until the clothes were ready.

"That's okay. I still need to prepare some things here. After all, we are going to a dangerous place like Baibland Mountain." Ya Molian said.

What's more, he is really not in a hurry. He is not willing to save Sui Zilin who does not regard him as a brother at all. Naturally, he can only delay it for a while. What's more, Sui Zilin regards him as an enemy. Woolen cloth.

"You haven't even prepared anything yet?" Lin Caisang was stunned.

"Since the Emperor asked me to go to Baibland Mountain, why should I spend my own money on those things?" Ya Molian said.

It means that these expenses do not belong to him. Of course, whoever asked him to go will pay for it. Moreover, is the treasury just a good thing?

Since his father wants to save his precious son, how can he do it without cutting some flesh from his body?

"Well said."

Lin Caisang nodded, feeling that this was the right idea.

In the past few days, she also wanted to have a good discussion with Sui Ziyu about what treasures there were in Weiguo's treasury that she could get.

"Then when I enter the palace, will you also go?" she asked.

Although everyone thought that she was fearless, it was just because she had a golden bead on her body. In fact, she didn't have much time to protect her. If those people in the palace really had bad intentions towards her, she would really Don't know how to cope.

"If you think about it, you will do it," Ya Molian said.

"That's good."

Lin Caisang was satisfied, lowered his head and continued eating noodles.

It wasn't until she finished the bowl of noodles and drank all the soup and water that she looked at him seriously.

"I came to you on business," she said.

"Huh?" Ya Molian looked at him, her dark eyes narrowed slightly.

From the look of this girl, she doesn't look like she's coming to him to do some serious business, right?

However, just now he heard her say that she was being followed several times, but this girl still came over. This showed that she did have something to say to him, but he guessed that it wouldn't be an emergency. Otherwise, she should have talked to him early in the morning. said.

"What's the matter?"

"Well... you gave me so many clothes last time, so I just thought I would make you one too. What do you think? I came here specifically to measure your height today."

Lin Caisang said softly.

Yamolian: "..."

Little girl, are you sure you want to make me clothes? Don't you want to prick your ten fingers full of bloody holes?

"No need, there are a lot of clothes in the house." He refused, not wanting her to work hard on such a trivial matter.

"It's okay to say no to this matter. I am very insistent. I must make you a set of clothes. Otherwise, I will give you back all the clothes you gave me before."

Lin Caisang said.

Yamolian: "!"

What kind of situation is this? Could the little girl actually threaten him?

Moreover, why is this girl so keen on making clothes for him? Or is this girl thinking of another trick?

"Look, how is it?" Lin Caisang asked again when he saw that he was silent.

"Measure it."

Ya Molian stood up helplessly and said to her.

"good."

Lin Caisang jumped up quickly, took out a pen and paper and a measuring ruler from the small satchel around her waist, and began to measure Yamolian's shape.
