

Star of Space 848

Chapter 848 Destroy the Zhou family

"Isn't this how people's hearts are?" Lin Changfeng asked her back.

Now that Brother Molian is not in the village, there is a barren mountain here in Sangsang, and they are still harvesting wild fruits from the mountain. Everyone thinks that the Lin family must be making a lot of money outside.

Everyone is jealous, and he is no exception.

"Mom, let me tell you, just relax and don't pay attention to outside things. Now, the most important thing for you is to take good care of your body. You worry so much. If you let Sangsang know, you have to blame yourself again, don't you?"

He advised his own mother.

"Besides, is Sangsang the kind of person who will suffer a loss? I think she must have thought of a way to deal with the Zhou family." He added.

Behind them, in the yard, Lin Caisang, who had just stepped out of her room, heard her patriarchal brother praising her so much before she went out, and she couldn't help but grinned slightly.

You're right, is she the kind of person who would suffer?

Since the Zhou family still wants to try to trick her, and wants to destroy her family without making any decisions, then she should just... destroy the Zhou family.

Turning around, she went to Ya Molian's house next door.

...

Not long after Lin Caisang entered the main room of Yamo Lian's house, Nangong Piao'er came.

"Mother, your gold medal."

She offered the gold medal for immunity from death with both hands. After Lin Caisang took it, she stood up straight and looked at Lin Caisang.

"The county guard is a sensible person. He didn't dare to say anything when he saw the gold medal. He directly drove out Mrs. Zhou who went to the county guard's house and wanted to use the county guard's power to deal with your cousin. He assured his subordinates that he would never I will tell you about the gold medal."

Hearing this, Lin Caisang did not speak, but curled his lips.

This is a gold medal in her hand to avoid death. As soon as it appears, a person like the county governor who has not seen the face of the emperor for many years dares to say no?

If he really dares to say that, he should be not afraid of death and not care at all whether his head will fall off.

"But Mistress, Mrs. Zhou has not given up on dealing with your cousin Lin Changfeng. She conspired with Miss Ninth from the Sheriff's Mansion to buy thugs to beat Lin Changfeng to death on his way to Ye County."

Having said this, Nangong Piao'er couldn't help but twitch her lips, thinking to herself that it would be a pity that Mrs. Zhou just married into the Zhou family. If this woman was brought into the harem, there would be one great show after another.

Hearing this, Lin Caisang's beautiful eyes narrowed dangerously.

"Is there such a thing?"

This Mrs. Zhou really wants to die, doesn't she?

"The one in the Sheriff's Mansion is really careless."

The county governor has such a concubine, no wonder he has to marry her off as soon as possible, otherwise, if she keeps her by her side, who knows when she will chew up the father of the county governor to the bone and leave nothing left?

"Yes, Mistress."

Nangong Piao'er also quite agrees with this point. The nine thousand gold of this county governor's house is definitely not something people worry about.

"One more thing. Although the ninth girl from the Sheriff's Mansion was persuaded by Mrs. Zhou, but... she was not persuaded by the other. She did not intend to deal with Lin Changfeng, but..."

"What is it?"

Lin Caisang asked Nangong Piao'er's words when she saw the unidentified tone in her words.

"Maybe it's because Mrs. Zhou praised your cousin too much in front of the ninth girl. That ninth girl actually thought of dumping Zhou Liang. If your cousin really succeeds in the examination, he will ... Then let her father make the decision to recruit your cousin into the governor's mansion as his son-in-law."

Nangong Piao'er said.
