

Star of Space 853

Chapter 853 It must be very embarrassing

Because it was approaching autumn, he had been completely deaf to what was going on outside the window these days. Except for the last time the Zhou family came to propose marriage, he didn't know anything about the goings-on outside.

"It's not Zhou Liang, it's his mother."

When he mentioned the Zhou family, Lin Caisang's expression became serious.

"This Mrs. Zhou is amazing. In her eyes, human life is not worth a penny."

He had harmed her before, so in order to prevent her from entering the Zhou family's door, he signaled Liu Rumei to remind that family to bury her alive.

Now, she has her mind set on Brother Changfeng again.

"What happened again?" Lin Changfeng asked.

As soon as he heard it, he knew that Shun was not a good person, and this Mrs. Zhou had never done anything good to their family.

"I got news that Mrs. Zhou bribed some thugs from Ye County to stop us outside the city and beat you to death in the name of robbery. Do you think it's cruel enough?"

Lin Caisang asked him back.

Hearing this, Lin Changfeng's pupils shrank, and soon the corners of his mouth curled up slightly with a hint of mockery.

"Only the Zhou family can come up with such a low-level idea."

Bought thugs to kill people on official roads? Especially when they set off at this time, arriving at Ye County should be the time when there are the most people on the official road, right?

This can be regarded as beating people to death in broad daylight, no matter how fearless they are.

"Who said this was a low-level idea?"

Lin Caisang disagreed with Lin Changfeng's words and felt that Mrs. Zhou's idea was actually quite good.

At least, this was enough to deal with Lin Changfeng. Even if he didn't beat him to death for a while, this beating was enough to keep Lin Changfeng in bed for half a month.

By the time he recovers, Qiu Wei will have passed long ago, and he will have to wait another three years.

"Isn't it?" Lin Changfeng asked her.

"It's indeed a bit low-class." Lin Caisang touched his nose and said.

"But for them, as long as the desired effect is achieved, it doesn't matter to them whether you die or not. The most important thing is that you don't appear in the examination room and become Zhou Liang's mortal enemy."

Lin Changfeng: "!"

He really didn't understand why the Zhou family focused so much on him.

Do they think that if there are so many scholars in Ye County, he is the only one who can pass the examination?

"As for Zhou Liang, it is estimated that any scholar from Ye County can be equal to him, so why bother?" He sneered and asked to himself.

"How is this the same?"

Lin Caisang had a different idea than him.

"Others have nothing to do with the Zhou family. Even if you pass the exam, it has nothing to do with the Zhou family. But our Lin family is different. If you pass the exam, it will be a heavy blow to the Zhou family. Face.

As soon as Zhou Liang broke off our engagement with me, you, as my cousin, passed the exam. What does that prove? That only proves that the Zhou family is short-sighted and not lucky enough to be a good relative like our Lin family. When the time comes, Old Master Zhou will definitely look very embarrassed.

Furthermore, Zhou Liang has been entangled with Liu Yushui for so long since he broke off his engagement with me. How can he have the energy to read? I'm afraid Old Master Zhou also knew in his heart that his useless grandson would definitely fail the examination in this subject. "

"Sang Sang, why do I listen to you? Does Mrs. Zhou want to deal with me, and is there also Master Zhou's handiwork?" Lin Changfeng felt that something was wrong the more he listened to Lin Caisang's words, and asked .
