

Star of Space 859

Chapter 859 Go and recognize someone

He thought that the betrothal gift given by Ya Molian during the engagement was already enough. After all, it shocked everyone in Ya Village, but he did not expect that there was a large house here.

"Go in first, we'll go somewhere later." Lin Caisang glanced at Lin Changfeng and said as he walked.

"oh."

Lin Changfeng responded and followed his sister's steps inside.

After all, he can't find anything to say now, because he is really shocked.

However, when he walked into Qiyuan, he realized that just standing outside and looking at it would not be a shock at all. Qiyuan was so big that he, a kid from the countryside, could not imagine it.

"Sang Sang, is this really given to you by Brother Mo Lian?" After swallowing, he asked his sister again.

"Um."

Lin Caisang nodded.

"You can't say send it off, right? Just come and stay for a few days occasionally when something happens in Jian'an City. I've already asked the housekeeper to take you there. I've already asked the housekeeper to take you there. I have something else to do."

"oh oh."

At this moment, Lin Changfeng was actually confused, and he really didn't know what kind of reaction he should have.

Such a big house is like a villa in a storybook, but you only come here to stay for a few days occasionally? Is there any difference between this silver and water?

...

After a while, Lin Caisang, who said he had something to do, came back and took Lin Changfeng out with him, planning to have a meal first and then come back.

In fact, she remembered that she had not visited the sick second prince in Jian'an City for a long time, so she went to Jian'an City. Little did she know that when she arrived at the royal hunting ground, everyone had disappeared.

She guessed that she should be returning to the city.

Thinking that the Second Prince's injury would not heal so quickly anyway, she could go again next time, and she was not in a hurry, so she turned around and came back.

"Is there no food prepared at home? Why do you have to go out to eat?" Lin Changfeng was very confused and asked Lin Caisang.

"How many times has Brother Changfeng come to Ye County?" Lin Caisang asked without answering.

"the second time."

Lin Changfeng replied.

The last time, it was because there were some things that needed to be purchased in the academy, so he came to Ye County as a temporary worker to help. When he returned to the academy, each of the temporary workers could get ten copper coins.

However, that time he didn't see any excitement on the street, he just left after finishing his work.

"Let's get familiar with the environment first, so as not to get used to it later. I've asked around, and Qi Yuan is still a bit far away from the examination room. It's not convenient to come back at noon, so I can only eat outside, so I have to find a restaurant first."

Lin Caisang said.

In fact, she had already made arrangements to have the restaurant staff deliver the meals directly to Lin Changfeng in the examination room. Naturally, that restaurant was not someone else's but the property of Ya Molian.

I took Lin Changfeng there today just to recognize someone. Fortunately, I won't recognize the wrong person in the examination room.

"That's fine."

Lin Changfeng also thought it was quite normal, so he followed Lin Caisang.

...

However, when the carriage stopped again, it was next to a large restaurant.

The waiter standing at the door of the restaurant saw a carriage parked aside and quickly came over to take a look. It was also a way to attract customers.

"Guests, do you want to have dinner? Our restaurant is the best in Ye County... Oh, it's Miss Lin. The look in my eyes is getting worse and worse. Please come quickly."
