

## Star of Space 862

Chapter 862 Those calculating eyes

Suyang was startled, stood up quickly, and asked.

"Our eyes, our eyes are invisible. Who, who dares to plot against our family..." Eunuch Su covered his eyes and was still howling, but on this side, Su Yang sighed in his heart. .

He remembered that he had already reminded this Eunuch Su before Lin Caisang came, right?

But this Eunuch Su didn't believe in this evil and insisted on plucking the hair on the tiger Lin Caisang. Isn't this what he asked for? Who can blame you?

"Girl, he..."

"I don't like those calculating eyes falling on me." Lin Caisang said coldly, interrupting him.

"you--"

When Eunuch Su heard this, he also knew that this was Lin Caisang's doing, and he gritted his teeth.

"Do you know who our family is? Our family is...well!" Before he could say the threatening words, Su Yang on the side raised his hand hurriedly and covered his mouth.

"Eunuch Su, if you don't even want your mouth anymore, just keep talking." He reminded.

He had personally experienced Lin Caisang's abilities. He could make people blind, mute or whatever. It was really just a matter of pointing his finger. Why didn't this Eunuch Su understand?

When Eunuch Su heard what he said, he also shut up.

"Girl, it was Eunuch Su just now. Please forgive him this time. His eyes..." Suyang looked at Lin Caisang and spoke hesitantly, asking for mercy for Eunuch Su.

After all, he entered his Imperial Preceptor's Mansion, so he would be responsible if anything happened.

Hearing this, Lin Caisang just raised his hand slightly, "It's just a little bit of poison. It's not painful or itchy. It's worth howling so loudly. This girl has really seen it."

"you--"

Eunuch Su was so angry that he really wanted to cut the female doctor in front of him into pieces.

But it couldn't be done. This stinky girl was the person the emperor wanted by name. If there was no such person, King Mo would probably use this name to avoid going to Baibland Mountain to rescue King Lin.

It is very likely that he will be blamed for this, because he did not invite Lin Caisang to the palace.

"Why, Eunuch Su doesn't want his eyes anymore?" Lin Caisang raised his eyebrows, and his voice floated into Eunuch Su's ears like the wind.

"Our family... our family can see it."

Only then did Eunuch Su realize belatedly that he could see again.

It was as if the scene that I couldn't see just now was just a dream, and it didn't exist at all.

As for, he turned his attention to Lin Caisang again and looked at her carefully. This stinky girl was so arrogant, she really had the capital to be arrogant, and her abilities were really not just for bragging.

"Haha." Lin Caisang's eyes narrowed.

"Eunuch Su, the emperor asked you to come here, not to die!" Suyang, who had just withdrawn his hand, felt cold sweat break out from his back when he heard Lin Caisang's two "haha"s.

No longer polite, he directly lowered his voice and warned Eunuch Su.

"National Division....."

This was the first time that Eunuch Su saw the Imperial Master speaking to him like this. He couldn't help but raise his head and look at him with confusion.

After all, he was someone close to the emperor. Although he was just a eunuch, to put it bluntly, he spent more time with the emperor than any nun in the harem or any minister in the previous dynasty.

Even the Imperial Master Su Yang sometimes has to curry favor with him.
