Chapter 863: Take him directly to the palace

But today, for the sake of a female doctor named Lin Caisang, Suyang warned him in that tone.

"Our family is sent by the emperor. You are the national preceptor..."

"My master didn't invite Eunuch Su to see the appearance of any girl in his boudoir. If Eunuch Su has seen enough, just invite him back. In my master's house, I have my own master to make the decision."

Suyang interrupted Eunuch Su. He said these words very loudly.

If Eunuch Su is allowed to sit here again, everything will be messed up. Why should Lin Caisang go to Baibind Mountain to sell his worthless life for the emperor?

"As for Eunuch Su's performance in the Imperial Preceptor's Mansion today, the Imperial Preceptor will tell the emperor everything, and he will not be deceived by anyone. Please rest assured, Eunuch Su.

Hearing this, Eunuch Su was quite surprised.

Is this Imperial Master Suyang threatening him openly? Just because he glanced at the female doctor too many times?

But he didn't think it was anything, not to mention that the female doctor was wearing a mask from beginning to end and couldn't even see her face clearly. Just because she would enter the palace to pay respects to the emperor later, he had that responsibility. He knew whether this person would be harmful to the emperor.

"National Division....."

However, Suyang would never give Eunuch Su a chance to speak again, so he directly called the guards guarding the door in.

"Come here, take Eunuch Su out of the house!"

"National Preceptor, you——"

Eunuch Su couldn't believe that Su Yang would treat him like this, and he stood up in shock.

"Eunuch Su, don't forget the purpose of your coming here this time. If you angered the girl because of your temporary ignorance and you were unable to explain to the emperor, you should also know what your fate will be. of."

The solemn body leaned forward and whispered in Eunuch Su's ear.

"This... the Imperial Preceptor, she is just a little girl. Do you need to treat her with such courtesy? Why don't you just take her into the palace?" Eunuch Su glanced at Lin Caisang with cold eyes and said to the Imperial Preceptor.

No one dared to resist the emperor's order.

"It seems that my master really talked too much just now, and he should not have pleaded with the girl on behalf of Eunuch Su." Su Yang also smiled coldly, and his voice became cold.

Eunuch Su, a fool like him, still wants to arrest Lin Caisang into the palace? With so many guards in his house, are they enough for Lin Caisang to spread the medicine in his hand? If you are sick, you should take medicine and go to his master's house to go crazy?

"You should be blind!"

"you--"

Eunuch Su didn't expect Su Yang to speak so bluntly. Just as he was about to ask for a word or two, he saw two guards beside him, already waiting for him.

"Send Eunuch Su out of the house." Suyang directly ordered the guards.

"snort!"

Eunuch Su knew that he was no match for the guards in Suyang Mansion, so he could only wave his sleeves, turn around and leave.

Before leaving, he glared angrily at Lin Caisang, who was sitting next to her. For such a little girl, he really didn't understand what Suyang had to be afraid of, so why not just arrest her?

"This Eunuch Su, is he literate?"

Lin Caisang looked at Eunuch Su's leaving figure and asked.

"All the servants in the palace have been trained since childhood, and none of them are literate." Suyang replied.

Even if Eunuch Su had been with the emperor for a long time, it was impossible for him to be literate. However, he didn't understand why Lin Caisang asked that?

He looked at Lin Caisang in confusion.

"Girl, you..."
