Chapter 867 Going to the cold palace to do hard labor

To be honest, there were many eunuchs and maids in the palace who would not feel sympathy when they saw him, but would only feel relieved. After all, they had been bullied by Eunuch Su for more than a day or two.

Hearing this, the emperor glanced at Eunuch Su.

"Did you offend the female doctor from the Imperial Prefect's Office?"

As he spoke, his eyes became sharp. He had repeatedly told Eunuch Su to take the female doctor into the palace properly and not to cause trouble.

Because I heard the Imperial Master mention it before, although the female doctor has superb medical skills, she has a violent temper and cannot tolerate a bad word. Once she is angry, she will directly poison her, making people miserable.

So he was on guard, and he specifically warned Eunuch Su.

Unexpectedly, Eunuch Su turned a deaf ear to his words and still offended the female doctor.

"Ah, ah ah."

Eunuch Su shook his head vigorously while wondering what he wanted to express.

He had never offended the female doctor. He just looked at her a few more times to see her figure getting better. Besides, he was also thinking about the emperor.

That female doctor is a habitual poisoner. If he doesn't take precautions, what should he do if she wants to harm the emperor?

"you shut up!"

The emperor heard his duck-like voice and shouted sharply.

"How dare you complain in front of me? If you hadn't offended that female doctor, would the Imperial Master have sent someone to send you back?"

Doesn't he understand the state master's solemn temper? If Eunuch Su really made the female doctor unhappy with just a few casual remarks, he would definitely act as the go-between to ease the atmosphere.

But now, Suyang actually sent the person back unceremoniously, which shows that Eunuch Su really angered the female doctor at that time.

In other words, Eunuch Su and Lian Suyang were offended!

"Drag him out and send him to the cold palace to do hard labor. He will never leave the cold palace again!" He immediately ordered people to drag Eunuch Su out.

Poor Eunuch Su was about to be sent to the cold palace to do hard labor. He didn't know why he ended up in this situation. Is it just because he glanced at Lin Caisang too many times?

But so what?

"Someone's coming."

Everyone in the imperial study room was emptied, and then the emperor called people outside again.

"The slave is here."

Outside the royal study, a young father-in-law hurriedly walked in.

He was one of the few young eunuchs brought out by Eunuch Su. Of course, he was not on duty today, he just came here to be on duty instead. When he heard the emperor's voice, he ran in faster than ever. be quick.

"Xiao Guizi, go to the Imperial Preceptor's Mansion and inquire about when the Imperial Preceptor can bring someone into the palace." The emperor ordered.

"Your Majesty, I have already ordered people to inquire about it, and there should be news soon." Xiao Guizi said smoothly.

Fortunately, he was smart. When he saw Eunuch Su being dragged in by two guards, he quickly ordered someone to go to the Imperial Master's Mansion to inquire.

"Yeah, well done."

The emperor nodded with satisfaction.

"From now on, you will take your master's place and serve me."

"My servant thanks the Emperor for his grace."

Xiao Guizi immediately knelt down to the emperor and kowtowed three times.

With the emperor's words, he can get rid of the "little" character of Xiao Guizi. From now on, he will be Eunuch Gui, the most powerful father-in-law around the emperor.
