

Star of Space 879

Chapter 879 Don't forget who you are!

From now on, the two of them will always live together. Even as Sangsang's cousin, he can't interfere too much in their affairs.

"Thank you, Brother Changfeng."

Lin Caisang thanked him sincerely.

If it were anyone else, who would be as tolerant as Lin Changfeng? Not only did he not say anything wrong about her, but he also hid it from her family for her.

"Brother Changfeng..."

"Hey, isn't this a scholar from the Lin family? You came really early. Are you afraid that others will take your place?" Suddenly, a harsh voice came from behind Lin Caisang, interrupted her.

She frowned. Although she was waiting for this voice to appear, she really couldn't be happy when she heard such words.

"What should belong to me, no one can take it away." Lin Changfeng glanced at the visitor Zhou Liang and said.

"laugh."

Zhou Liang sneered and looked at Lin Changfeng up and down with disdain.

"You poor guy, why don't you stay somewhere cool? There is a place for you here. I don't even look at the poor look on your body. Hey, you still have a girl to see you off. Lin Changfeng didn't listen. Did you say you were engaged?"

From his direction, he could only see Lin Caisang's back, but it was only a back. Plus Lin Caisang's clothes, both in terms of fabric and workmanship, were of the highest quality. Zhou Liang was stunned at a glance. I thought she was the daughter of a wealthy family.

"Girl, don't be deceived by Lin Changfeng's appearance. Their whole family comes from mud-legged backgrounds, and they are still dealing with mud.

He persuaded, feeling that he was too kind-hearted.

"Yeah?"

Lin Caisang turned around and looked at Zhou Liang.

"They say dogs can't change from eating shit. People in the Zhou family are indeed virtuous. In my opinion, you should remind the girl next to you not to jump into the fire pit in your house, right?"

"you--"

When Zhou Liang saw her, he was stunned by her stunning appearance. He blinked several times but couldn't come back to his senses and almost drooled.

It wasn't until the woman next to him saw his confused look, raised her hand with an extremely ugly face, and twisted his arm hard that he came back to his senses.

"Hiss, what are you doing?"

Zhou Liang, whose consciousness has not yet fully returned to himself, couldn't help but question his origins.

"What do you want me to do, Zhou Liang, don't forget who you are!"

The extremely unhappy look on the woman's face showed her mood at the moment. If it weren't for the fact that there were too many people here and it would not look good on her face if they made a fuss, she would definitely slap Zhou Liang's face in the face.

In front of her, he dared to stare at other girls so intently. Who were you trying to embarrass?

She, the daughter of the magistrate's mansion, is not a person who can tolerate anger!

"Well."

After being reminded by her, Zhou Liang came back to his senses and quickly smiled at the woman.

"Ying'er, aren't I talking to Lin Changfeng? Look at his poor appearance. It's a girl following him. They're just like flowers stuck in cow dung. Don't you think so?"

"Since when did you know that you care about women and cherish women? Huh?" The woman glanced at Lin Caisang coldly, and the expression on her face was almost ferocious.

"this....."

Zhou Liang couldn't reply for a moment and glanced at Lin Caisang secretly.

After that, he couldn't help but secretly glance at Lin Caisang's face several times. In front of the woman, those eyes were almost glued to Lin Caisang's body.
