

Star of Space 880

Chapter 880 Inseparable

Seeing him like this, the woman's face turned blue with anger. She clenched her hands tightly in her sleeves, otherwise, she would really slap Zhou Liang.

"I'll beat you to death, you vixen!"

Zhou Liang couldn't hit him, but she could hit the shameless woman who dared to seduce her fiancé, right? Raising her hand, she hit Lin Caisang unceremoniously.

"Ah!"

Behind her, Mrs. Zhou, who came to send her son to the examination room, screamed in fear when she saw the woman was going to hit Lin Caisang.

She had nightmares these past few nights, dreaming that the three ruffians surrounded her, and all this was instigated by Lin Caisang. Although she still wanted to hit Lin Caisang, she still didn't dare to provoke her.

"Ying'er..."

Zhou Liang was also shocked by the woman's actions, but it was too late to dissuade her.

When everyone thought that the woman's slap would definitely fall on Lin Caisang's face, they were surprised to find that the woman's raised hand was directly pinched by Lin Caisang's wrist.

The next moment, Lin Caisang swung the hand holding the woman's wrist vigorously, and threw the woman out directly.

"Miss."

The maid beside the woman saw this and hurriedly supported the woman, fearing that her own lady would be injured and she would also be in trouble.

"You... you dare to push me, do you know who I am?" The woman stood firm and looked in the direction of Lin Caisang in disbelief, with a fierce look in her eyes.

"Miss Nine of the County Magistrate's Mansion, I know your name very well."

Lin Caisang's mouth curled up a faint smile and looked behind the woman, as if looking for someone.

"Why, Miss Nine went out today without the guard beside you? You and him are inseparable on weekdays?"

"You——"

The woman was frightened by her words and couldn't say a word.

Why did this woman mention the guard beside her when she came? Did she know something?

Impossible, she has always been secretive in her actions, even her father couldn't find out that she had a private affair with the guard beside her. How did this woman, who just met for the first time, know about it?

"What nonsense are you talking about? It's my business whether I bring guards with me when I go out. What does it have to do with you?" She bravely shouted at Lin Caisang.

"Is it irrelevant?"

Lin Caisang raised her eyebrows, and soon showed a look of sudden enlightenment.

"Oh, Miss Jiu is right, whether you bring guards or not has nothing to do with me, but... it has something to do with the Zhou family. Miss Jiu, do you need me to tell everyone in the Zhou family how the guard beside you "protects" the safety of your master, um?"

She slowly approached the woman, leaned over to her ear, and lowered her voice to warn her.

"You!"

This time, the woman was really frightened by Lin Caisang.

"How did you..."

How did she know such a secret thing? The maids around her didn't know, and no one except the guard and her knew it!

That guard would never betray her, because if this matter was exposed, her reputation would only be damaged, not her life, but that guard would be different, her father would definitely not let him go!

"What's wrong with me? Huh?"

Lin Caisang glanced at her with an evil look.

"If you marry into the Zhou family obediently and take care of your husband, I can still pretend that I know nothing. If you really don't know what's good for you, I have thousands of ways to make you die without a burial place!"
