

Star of Space 881

Chapter 881 It's really sad!

"you....."

The woman looked sideways at Lin Caisang, but she couldn't say a complete sentence.

What else could she say?

"Do you know why your father suddenly doesn't care about your affairs or the Zhou family's affairs? You have to be self-aware as a person. You don't know who else you shouldn't mess with, and you end up with a miserable end!"

Lin Caisang lowered his voice and said to her.

Hearing this, the woman took a deep breath, bit her lip and said nothing more.

Because only she knew clearly that when Mrs. Zhou came to ask for help and wanted Zhou Liang to accept another concubine to ensure that he could obtain the title of Juren, she went to ask her father, and her father agreed.

But then, for some unknown reason, she suddenly stopped mentioning the matter. For this reason, she was also warned not to get involved in the stupid things of the Zhou family again.

But it turns out that her father was also threatened by the woman in front of him?

But what can she use to threaten her father, the magistrate? What's wrong with her? If her father had known the inside story, she would have been stripped of her skin a long time ago. How could she have been able to run outside so smoothly?

From this, it can be seen that this is definitely not the case. Her father has other tricks, which fall into the hands of the person in front of him.

"Who are you?" She asked Lin Caisang with trembling lips.

"I?"

Lin Caisang saw that she had realized what was going on, so he stepped back and glanced at the Zhou family with a slightly evil look.

"I think the Zhou family should know my identity very well, why not let them tell..."

"Lin Changhong? Are you Lin Changhong?"

Before she could finish speaking, Zhou Liang, who had been staring at Lin Caisang but did not hear clearly what she and the woman said, screamed in surprise.

He felt like he had seen this face somewhere before. How could it be so familiar? It turned out that it was 89% similar to Lin Changhong of the Lin family. Who else could it be if it wasn't Lin Changhong?

Lin Changfeng: "..."

He admired Zhou Liang for actually seeing Sangsang as Changhong.

Although, in terms of appearance, Changhong and Sang Sang are almost carved from the same mold. There is no doubt about this because they are twins.

But his family Sang Sang was carefully groomed and had the softness of a woman. Anyone with a discerning eye would know it was a girl's family at a glance. Only an idiot like Zhou Liang could call Sang Sang Changhong.

Although, at this moment, Sang Sang and Chang Hong are indeed 89% similar.

"Lin Changhong, are you crazy? Aren't you afraid of embarrassing the Lin family by dressing like this? It's really sad that the Lin family has two fools, you and Lin Caisang!"

Zhou Liang was furious, thinking that Lin Changhong was dressing like this to seduce him just to avenge Lin Caisang, right?

Thinking about it, he felt sick in his heart.

"!!!"

Facing Zhou Liang, who was pointing at her like a madman, Lin Caisang cursed coldly.

"Who am I? Why don't you let the people behind you tell you." She looked at Mrs. Zhou and Old Master Zhou behind Zhou Liang.

At this moment, Old Master Zhou's expression was also extremely ugly. He stared at Lin Caisang's eyes with unprecedented hostility. He knew in his heart that Lin Caisang did it on purpose!

But no matter what he did on purpose, everything was a foregone conclusion. His grandson would never be able to achieve anything famous in the exam.

"Mom, who is she?" Zhou Liang looked at Mrs. Zhou and asked.

"She is...Lin Caisang!"

The word "Lin Caisang" was grinded out by Mrs. Zhou from the groove behind her teeth.
