

Star of Space 882

Chapter 882 I don't agree to withdraw from this marriage

"Lin Caisang?!"

After hearing these three words, Zhou Liang stared at the woman in front of him with wide eyes.

This fairy-like woman who walked out of the painting was Lin Caisang, the Lin Caisang who was so fat that everyone despised her before, who had been tricked by him countless times and still wanted to let him go?

How is this possible? How can Lin Caisangzi be so beautiful?

"How could she be Lin Caisang? She is not Lin Caisang, she is clearly Chief Lin..."

The word "Hong" was stuck in my throat and I couldn't say it out. Since these three words Lin Caisang were spoken by his mother herself, it must be correct.

"Mom, I regret it. I want to marry her. I don't agree to withdraw from this marriage between me and the Lin family. I..."

'Snapped!'

A slap hit Zhou Liang hard on the face.

"grandfather....."

He covered his face and looked at his grandfather, Old Master Zhou, who beat him in anger.

"That's enough. Don't you still think you haven't been embarrassed enough? You have completely embarrassed the Zhou family! Get into the examination room quickly!"

Not to mention that there are so many people watching here, beside his grandson, there is Miss Ninth from the County Sheriff's Mansion. She is the granddaughter-in-law of the Zhou family who is serious about marrying him!

How could he let his grandson go crazy here at this time?

"I don't... I want to marry her, Lin Caisang, we will get married now, and we will go back to the Zhou family to worship her now..."

Zhou Liang was so stimulated that he didn't care so much. He was only thinking about how to marry Lin Caisang. Turning around, he raised his hand and grabbed Lin Caisang's wrist. He actually wanted to pull her and leave the examination room. They went directly to the Zhou family to get married.

"Zhou Liang, what do you want to do?"

When Lin Changfeng saw this, he was about to push Zhou Liang away, but there was a hand that was faster than him.

Lin Caisang's hand held by Zhou Liang flexibly turned his wrist and freed his hand from Zhou Liang's palm. The other hand grabbed his chest and pushed him directly. Let's go.

"Old Master Zhou, please take good care of your mad dog. It can be taken out anywhere and bite people. My Lin family and your Zhou family can't hit it with eight poles, not to mention eighty poles, or even eight hundred poles." !"

She glanced at Old Master Zhou with stern eyes, not sparing him any face.

At this moment, because Zhou Liang roared with a loud voice, everyone looked over here. Seeing Zhou Liang like this, some people were already whispering.

Old Master Zhou held a mouthful of old blood in his chest and took a deep breath.

"Liang'er, stop making trouble. Listen to grandpa and hurry into the examination room. Grandpa will make the decision for you in the future." He looked at Zhou Liang and said seriously.

This sentence is not completely dead, but it means that he may find a way for Zhou Liang to marry Lin Caisang again.

But this sentence didn't mention Lin Caisang. She couldn't even reply, so she could only swallow the bad breath secretly and pretend that she didn't hear anything.

However, Lin Caisang could pretend that he didn't hear it, but Lin Changfeng would not bear this bad breath.

"Old Master Zhou, it was your Zhou family who wanted to betrothed to our Lin family so stubbornly, and then it was your Zhou family who came to cancel the engagement regardless of friendship. It was your Zhou family who broke the promise first, and Zhou Liang even made Mr. Zhou, you should be very aware of such shameless things, right?"
