Chapter 884 Continue to be embarrassed

"Okay, okay, I didn't say it was you, it was just an analogy." The old man glanced at his grandson and said.

"The people in Zhou's family used to seem quite nice, and they were quite polite to the neighbors. I didn't expect them to be like this. I really made a mistake. It's bad luck. It's bad luck."

Someone lives near the Zhou family. Now seeing this scene, I suddenly feel that I should get to know the Zhou family again. From now on, I should let my family have less contact with... no, I can't interact with the Zhou family. To avoid being led astray.

"What's so polite? Don't you know, Mrs. Zhou family, that to be polite to others, you have to have that person who is capable and has a higher family background than the Zhou family. Try it with someone from a poor family background. They will be polite to you. Just dream.

Another person looked at Mrs. Zhou sarcastically and said.

"I heard that the Zhou family went to marry the Lin family in some village in order to let their grandson pass the exam. Later, didn't the grandson of the Zhou family pass the exam? Oh, that I am so proud, I have thought of many ways to ruin this marriage.

You don't know that back then, the wife of the Zhou family asked my good sister for advice. My sister was an honest woman. She said a few words to Mrs. Zhou's family. No, after that, she never had any contact with her again. . "

"Really, is there such a thing?"

When everyone heard this, they were all curious and looked at the woman who sent people to the examination room.

Master Zhou listened to everyone's words, all of which were about their faults. He had a hot face and shook his sleeves heavily.

However, there was another person who turned around and left before him.

Miss Ninth of the Sheriff's Mansion listened to those people, her face darkened, she turned around and prepared to leave with her maid.

"Ying'er, Ying'er, where are you going? Aren't you here to see Liang'er enter the venue? Why are you leaving now?" Mrs. Zhou shouted at the top of her voice when she saw someone was about to leave.

"shut up!"

Old Master Zhou glared at his daughter-in-law with cruel eyes. It was because this woman was useless. She could not teach her son well and yet she spoiled Zhou Liang to behave like this, which completely disgraced his old face.

How will he go out to meet people in the future?

"Mrs. Zhou, you'd better teach your son well first. As for me, I don't want to stand here and continue to be embarrassed!" The woman turned her head and glared at Zhou Liang coldly before looking at Mrs. Zhou. .

After saying that, she got on the carriage not far away and left.

"This Ying'er has a bad temper, really!"

When Mrs. Zhou saw that the person had really left, she had no choice but to mutter and curse.

Until this moment, she didn't feel that she was ashamed of doing these things. Including what her son said and did just now, they were all right. Anyway, Lin Caisang would always marry into their Zhou family in the future. What's wrong?

However, her son had other serious things to do, so he had to earn a fortune for her.

"Liang'er, please go in quickly. Don't delay here anymore. Mom will find a way for you in the future." She came to Zhou Liang's side and lowered her voice to explain to him.

"laugh."

Seeing her like this, Lin Caisang sneered.

"It seems that Mrs. Zhou still hasn't learned well. It's my fault. She lacks training. I'll try my best in the future!"

"you--"

Mrs. Zhou didn't expect that Lin Caisang would dare to threaten her like this in front of so many people, so she bit her lip and became speechless.
