Chapter 893: Ruining someone's innocence?

If that were the case, even if his father didn't skin him, his life in the future would not be easy.

"Wait a minute, girl, I am not here with my father's will. It's just that I have admired the girl for a long time. I am waiting here specially today. I just hope to meet the girl."

He quickly explained.

"Depend on!"

Lin Caisang couldn't help but cursed when he heard his words.

"Prince Jin, right?"

"Yes, this king..."

"What the hell, do you think that just because you are a prince, you can destroy people's innocence at will?"

Before Sui Zijin could finish speaking, Lin Caisang looked at Sui Zijin with a sarcastic face, as if he was looking at an idiot.

"This king has never..."

Sui Zijin was speechless for a while. When did he destroy someone's innocence?

"What's wrong, Prince Jin, you went back to your home to take medicine when you were sick, and you ran out for a walk. This is called harming others and harming yourself, you know?" Lin Caisang interrupted him again.

"What does it mean to have been admired for a long time? Does this girl need your admiration as a man? Don't you, Prince Jin, think it is inappropriate for you to say such a thing? Do I know you? Do you only admire me? You are waiting here specially, What's the matter, you want to tell everyone in the world that this girl is in your house?

Prince Jin, are you so anxious to win this girl over to your side? Hey, it's not that this girl has no vision, it's that - I really look down on you, a person who doesn't even have a sense of propriety in doing things.

There are so many pairs of eyes staring at me. I have to go with King Mo all the way. Why, do you want me to never come back and be used as a living target? Um? A majestic prince, who does things so ignorantly, and dares to go out for a walk, makes this girl feel ashamed for your father! "

Her words made it clear enough.

She believed that if she had nothing to do with King Mo at this moment, after hearing King Jin speak to her like this, everyone would be hostile to her, right?

She really didn't expect that Prince Jin would be so impatient. She thought that the person who could make Concubine Lian give up Brother Mo Lian and support her wholeheartedly would be a capable person who could be on par with her brother Mo Lian.

"No, no, I just..."

When Sui Zijin heard her words, his heart thumped and he secretly screamed something bad.

He was too anxious, thinking that the female doctor walking with Ya Molian might have a good impression of her on the way to Baibland Mountain, and he would fall in love with Ya Molian. He just wanted to take precautions in advance.

I really never thought that this phenomenon that Lin Caisang mentioned would happen.

It seems that he is really too impatient.

"What are you, I don't want to hear it." Lin Caisang interrupted him again.

Turning his head, he glanced at the coachman arranged by the Imperial Prefecture to drive for him, winked at him, and then looked in another direction, which was exactly the direction of Ya Molian's carriage.

"Prince Jin, thanks to you, along the way, I have to always pay attention to the head on my neck to see if it will be cut up like a vegetable. You are really good, ha."

After sneering, she walked directly to where Ya Molian's carriage was.

"This king..."

Sui Zijin watched Lin Caisang go to Ya Molian, whom he disdained the most, but he couldn't even say a word to save her.

I saw Lin Caisang and Exhen Jue sitting outside the carriage. I don't know what they said. Afterwards, Exhen Jue jumped off the carriage, helped Lin Caisang onto the carriage, and watched her get into the carriage.
