

Star of Space 896

Chapter 896 It can be said and done

"You bastards, who is your master? His surname is Xin, a dog of my Su family. If you dare to listen to him, be careful that I will kill your dogs when I return home!"

You bunch of bastards, you damn bitches, a bunch of useless losers, you can't even kill a little bitch, and you still want me to suffer a crime worse than death, I must let my father kill you all. Kill and leave no one alive! "

"Tsk.

In another carriage, I heard movement behind me, and I had already stopped the carriage.

Listening to Su Ri's roaring and screaming voice, Lin Caisang had the urge to kill people directly. How could there be such a person?

"Steward Xin, what are you doing there? You can knock someone unconscious." She opened the curtain and ordered to Steward Xin who had half of his face covered in blood.

"this....."

When Butler Xin heard what she said, he didn't want Su Ri to scream like this.

But he raised his head and looked at the sky, then at Suri, and gritted his teeth, not really following Lin Caisang's instructions.

"Girl, you see it's getting late now. Why don't you let the young master 'rest' after you have a meal first?" he suggested.

We can't just knock Su Ri out now and then starve for several days until we reach the foot of Baibind Mountain. This will be too much for the young master's body.

"What kind of meal are you using? From the look on his face, does he mean he wants to eat well?" Lin Caisang glanced at Su Ri and continued to look at Butler Xin.

"After you faint, just pour food into it. There are so many of you, can't you even pour food in? If he is awake and runs away again, we don't have that much time. Spend time with him."

"Well."

Butler Xin choked on her words.

His young master wanted to run away just now. What if he made a mistake and ran away again?

Although it can always be recovered, it will take some time, right?

This matter was personally directed by the emperor. If there is a delay in time and the problem lies with Mr. Suri, then his family will not get any benefit from the emperor.

He looked at Lin Caisang, then at Suri, gritted his teeth for the last time, and walked slowly towards Suri.

When Su Ri saw Butler Xin walking towards him, he already guessed what he wanted to do. His eyes widened in horror and he wanted to step back.

Helpless, his body was held hostage by two guards, where could he retreat?

"You... Xin, what do you want to do? I am your master. If you dare to do anything to me, the first thing I will do when you return to the house is to ask your father to kill you. Really, my son I can say it or do it, and my father will definitely listen to me.

You, the thief, are basically the same group as that bitch over there, aren't you? My guess is not wrong. You are a freeloader. My father gives you good food and shelter. How dare you betray my father by

eating outside? Wait. What if you dare to do anything to me? When you get back to your house, I will ask you. You can't eat it...

Uh, ah, ah! "

Before he finished speaking a bunch of curse words, Su Ri felt a pain in his throat. The next moment, he couldn't pronounce a single word or even a single tone.

"Sir, you...girl."

Butler Xin saw that his young master suddenly lost his ability to speak, and quickly looked at Lin Caisang.
