

Star of Space 909

Chapter 909 The Dangerous King Lin

Let him take his subordinates to Baibind Mountain first? How could that be possible? Without King Mo and Lin Caisang, if they went to Baibind Mountain first, they would only be seeking death. He still knew this.

"Since you don't dare to go up the mountain, why are you still talking nonsense? Just do whatever I ask you to do." Lin Caisang said coldly without being polite to him at all.

"I....."

The leader suddenly became furious after hearing her words.

Why didn't he dare to go up the mountain? He just felt that he would encounter danger on the mountain. Only by going up together would we have the greatest protection.

"Girl, please don't speak so harshly. I am doing this for everyone's consideration. If we go up the mountain first and we all go separately, if we encounter danger later, wouldn't it be worth the loss?"

He said bravely.

"laugh."

Lin Caisang sneered and glanced at him disdainfully.

If you are incompetent, just say you are incompetent. You have to make so many excuses to show that you are capable. She really doesn't know what the emperor is doing by sending such a team here. She doesn't think they are here to help her.

"If you can wait, wait. If you can't wait, leave by yourself. Everyone will say good things. It depends on whether you have the ability to walk up Baibind Mountain by yourself."

After saying that, she went back to Yamolian.

"you--"

The leader gritted his teeth and really wanted to kill this stinky girl whose words could make people angry to death.

But unfortunately, this person is not someone he can kill if he wants to. Maybe he will have to rely on the skills of this stinky girl to get to Baibland Mountain.

"Chief, don't be as knowledgeable as her. We will have plenty of time to deal with her when we come down from Baibland Mountain." A guard came over and whispered in the leader's ear.

Anyway, this female doctor is so close to King Mo, even if they don't take action, King Lin will do it when he feels the danger. At that time, they only need to help a little.

"snort!"

The leader snorted coldly.

"You guys, go make a fire and cook. Since you have to rest for two hours, you should eat until you are full."

Turning around, he ordered a few people around him.

"Yes, leader." Several people responded and went to work.

On the other side, Lin Caisang came to Ya Molian and saw that Ban Jue and the others had begun to move.

"Come and rest for a while."

Ya Molian waved to Lin Caisang, motioning for her to sit next to him, while he closed his eyes to rest.

Lin Caisang walked over and sat down, then casually took his arm and checked his pulse again.

"It seems that the clothes made of white spider silk are really good for you. Your pulse is obviously much gentler. It is not as inflated as before."

She secretly made up her mind that she must find more white spider silk this time when she went to Baibind Mountain. It would be best if she could destroy the white spider's nest and catch them all.

Of course, if you have Thousand Needle Jade, you will naturally want to get more.

After all, it takes time for white spiders to make silk, but Thousand Needle Jade is a ready-made white spider silk. When the time comes, as long as the ice silk is grown again, you can directly make a few more pieces.

"Sang'er, you should take more care of yourself." Ya Molian opened her eyes and glanced at her.

"What's wrong with me?"

Lin Caisang blinked, not understanding what he meant.

"Girl, you look very bad."

On the side, Jiang Zuo heard their conversation and couldn't help but interject.

Although Lin Caisang is wearing a mask and the upper part of her face cannot be seen, her lip color is really pale at the moment. It is no wonder that the palace master often talks about it these days, which is to let the mistress rest more .
