

Star of Space 91

Chapter 91 Tell everything you know, tell everything you know

But he can be regarded as a person who has gone through strong winds and waves. Women can also treat illnesses and save people. It's not a big deal, so he quickly took the mask into his hands.

"I don't know what to call this girl?" he asked.

"My surname is Liu."

Lin Caisang replied lightly.

"Mr. Liu, if you have any other orders, I'll take care of them while I'm in the county this time," said Capt. Wei.

"Are you going to Qianlin County?"

Hearing this, Lin Caisang was stunned for a moment and immediately frowned.

"Captain Wei, I suggest you not to go to the county. Not only can you not go, but everyone in Hongling Town cannot leave. From now on, everything the town needs must be solved by themselves."

She explained.

According to her, this is a serious disease area in the town. Anyone who has been to Hongling Town may be infected with the disease here. If they move back and forth again and spread the disease to Qianlin County, there will be big trouble. .

"Of course, except for medicines. Once I diagnose the cause of this disease, all the medicines will be available."

"No hard work, no hard work. Your Excellency sent me here. Isn't this the right thing to do?" Wei Captou said immediately.

As long as he can save the people of Hongling Town, he can do anything. Besides, someone will pay for the medicinal materials, and he is just running errands.

Thinking about it, he glanced sideways at Mr. Gong beside him.

"Mr. Liu, I wonder what's going on in Hongling Town. Can you tell anything?" he asked Lin Caisang.

"Not yet." Lin Caisang shook his head.

He also glanced at Master Gong aside and smiled lightly.

"No, I just want to ask Mr. Gong for a clear explanation of the source of this disease. After all, this is a disease passed down from the Gong family."

"Well."

Master Gong was so numb when she saw him that he could only hold on to a smile.

"Miss Liu, please, please tell me everything I know."

With Captain Wei staring at him, how could he not say anything? Capt. Wei had taught him a good lesson before and brought him the words of the county magistrate.

According to the wishes of the county magistrate, if the illness cannot be controlled this time, no one in the Gong family can escape. Every one of them will be killed, and even their ancestors will be discredited.

He hasn't lived enough yet and doesn't want to die like this.

"That's good." Lin Caisang nodded.

"Captain Wei, please find someone to make the masks I mentioned as soon as possible. Also, gather all the spirits in the town and cover every corner with clean cloth strips."

"Okay, I'll go right away."

Capt. Wei took the mask and went to do errands.

"Master Gong, please come over here. Let's sit down and talk slowly. There is still time." Lin Caisang looked at Master Gong and said.

After listening to her words, Mr. Gong secretly twitched the corner of his mouth, but he had no choice but to sit down.

...

After a while, Capt. Wei also handed over the matter to others and came over to stare at Master Gong.

Because he knew that Mr. Gong looked like an honest man, but he could not be more cunning. Otherwise, Hongling Town would not be in the current situation.

It can be expected that after these disasters are over, Mr. Gong wants to stay in Hongling Town. That is impossible and the people in the town will not agree.

However, that is all a story for later.

"Master Gong, is this all there is?" Lin Caisang asked Master Gong.
