

Star of Space 94

Chapter 94 I won't let you stay for a moment longer

"Well!"

Mr. Gong choked heavily.

His face suddenly turned the color of pig liver, and he couldn't help but swallow.

"Miss Liu, you..."

"Don't stay here with me anymore. Mr. Gong, I'm very busy and I really don't have time to play these tricks with you here. But there is one sentence you should listen to. If you want to be petty again, My mouth is not a vegetarian, I will definitely make you unable to eat it and even take it home with you!"

Lin Caisang's eyes were sharp, and his whole body was filled with pressure, covering Master Gong's entire body.

"You and I....."

Master Gong raised his hand and wiped the cold sweat on his forehead with his sleeve, and his back was already soaked.

After talking for a long time, I realized that this little bumpkin girl who looked completely unimpressive was actually a powerful character. Before, she wanted to pretend to be a pig and eat the tiger, so she didn't show her true abilities.

Now that this momentum was revealed all of a sudden, it really shocked him into a cold sweat.

"There is nothing that I want to know that I can't know yet. Master Gong, you have to know that I am a doctor. Even if I can cure diseases, I can also... poison. If you want me to speak, that's not very good. It's an easy thing, you say, isn't it?"

Lin Caisang looked at him coldly and asked.

"Yes, yes." Mr. Gong could only respond.

"So, Master Gong, you should sit here peacefully now. When the matter with Capt. Wei comes to an end, I will ask you to leave and I won't let you stay for a moment longer."

Lin Caisang said.

...

Captou Wei was a captor after all. In just half an hour, he had figured out everything about the Gong family without Lin Caisang asking questions. When he arrived at Lin Caisang's place, he saw that the man was still huddled in the corner. Mr. Gong was even more unhappy.

"Miss Liu, I have found out some things. I don't know if they are of any use to you. Just listen to it." Capt. Wei glanced at Mr. Gong again before looking at Lin Caisang.

"Tell me, Mr. Wei," Lin Caisang said.

"This young master Gong is really not a human being. Although he looks like a nice person from the outside, those around him know that their young master is a scoundrel!"

At this point, Capt. Wei glanced at Mr. Gong again, and when he saw him opening his mouth to refute, he immediately stared with dark eyes, scaring him so much that he did not dare to speak.

"Why, does Mr. Gong think what I said is wrong?"

"No, no, what Mr. Wei said... is correct, not wrong." Mr. Gong quickly shook his head.

"That's right, just stop using your foul mouth and educate your son to be such a virtuous person!" Wei Captou said unceremoniously.

"Miss Liu, according to what I learned from my interrogation of the servants, Mr. Gong has bought many young girls into his house. Among those who are still in the Gong house alone, not counting his first wife, there are nineteen aunts. There are countless maids in the same house.

This man didn't think about making progress every day, and he only had fun among women. It is said that he also had some special... hobbies, and he killed many young girls. Those corpses were buried in Gong's mansion. In a dilapidated courtyard, my servants are now digging up the corpses according to the servant's instructions. "

When he mentioned the dead Mr. Gong, he secretly gritted his teeth. He didn't expect that there would be such a person in Hongling Town.

"What corpses? Captain Wei, you must not listen to the nonsense of the servants in the house. Although my son has more wives and concubines, they are for the sake of prolonging his heirs. They are my Gong family's own business and have nothing to do with others."

Mr. Gong's face turned pale, but he still tried to defend himself.
