Chapter 941 How to explain to others?

...

After walking for a long time, the purple mist became thicker and thicker, almost right before our eyes.

Looking at the scenery in the distance, it is all purple, and nothing else can be seen clearly. Even looking at the other people around me, it feels like they are covered in purple clothes.

Along the way, we met more and more people, including people from every country. All the food that needed to be given out was given out. They only had enough food for two days.

"Master, girl, there is still enough water, but there is not much dry food."

At night, in front of the fire, Fei Jue reported the dry food reserves calculated today, and Jiang Zuo also just brought over the empty water bags.

"Yes, sir, girl, dividing the existing food like this is not an option. There are more and more people, but the dry food we have is getting less and less. Sooner or later we will run out.

"It feels like it's getting harder and harder to walk as you go up. It's only a small distance away from the thickest part of the purple mist, but I can't reach the end." Fei Wu also walked over and said.

Three days have passed since they dealt with those white spiders. They have been walking in one direction, but they can't reach the whirlpool.

"This is the weird thing about Baibind Mountain." Lin Caisang said with a sigh.

But if they can reach it, then they can reach it. After all, this is the territory of Qianhuan Continent. As people without any spiritual power, it is understandable for them to walk slower.

"Anyway, if you can walk, just go slower." She said.

"Can you really make it?" Ban Jue was very doubtful.

"certainly!"

Lin Caisang was very sure that what her Jin Zhuling told her could be a lie?

"You injured people, please have a good rest. I'll go nearby to see if I can get some food."

With that said, she stood up.

Ban Jue is right, they really don't have enough dry food on them. If they don't get some food from the Jinzhu Space, they will all be hungry.

You can't drink the juice of young leaves like the Sixth Prince of Luoyun Kingdom said before, right?

"I'll go with you."

Ya Molian stood up and followed her.

"Wait a minute, King Mo, girl, I am also coming with you..."

"Sixth Prince, you are a noble person. The prince of Luoyun Kingdom, just rest here. For these tiring things, just let me accompany my father and the girl." Luoyun Kingdom As soon as the Sixth Prince stood up, he was pushed down by Jiang Zuo on the side.

Then, the Sixth Prince saw Jiang Zuo walking away with his master.

"Could it be that King Mo is no longer a prince?" He lowered his head and couldn't help but muttered.

Don't act like he's never suffered, okay? After all, he also drank the leaf juice on Baibind Mountain for several days, and he still remembers the taste!

...

On the other side, Jiang Zuo followed his palace master and mistress and stopped at a place far away.

"Mother, how do you...ask your subordinates to explain this to others?"

Looking at the two cows in front of him, he suddenly didn't know what to say. If he had known better, he wouldn't have come so proactively. Wouldn't it be better to let banished Jue come?

"Let's just say you caught them on the mountain. Do you want me to teach you such a simple thing? You are such a big man, you can still catch two cows, right?" Lin Caisang rolled his eyes at him and said.

Jiang Zuo: "..."

Mistress, with the skills of my subordinates, I can catch two cows, but...
