

Star of Space 945

Chapter 945 How can he survive?

The people who just broke into the whirlpool were Ya Molian and Lin Caisang.

"Sonny, catch me."

Ya Molian grabbed Lin Caisang's arm tightly and pressed her to her side.

"What is going on? Why is this whirlpool still sucking people in like this?" Lin Caisang was also confused at this moment.

If Ya Molian hadn't reacted in time just now, she would have been sucked away. Just now she could feel her feet leaving the ground and her body hanging in the air.

"Everyone stand back, everyone stand back."

The banished people stood in front of Ya Molian and Lin Caisang and shouted to everyone.

However, because the sound of the vortex was too loud, the sound was lowered several degrees, and many people could not hear it clearly. However, this did not affect everyone's desire to retreat and escape.

"Walk."

Just as Ya Molian pulled Lin Caisang back, he felt a sharp wind from his palm hitting his side.

"Sonny, be careful."

He jumped up and dodged Lin Caisang in another direction, but the wind from his palm seemed to be able to turn and hit them again, and every time, it was towards Lin Caisang beside Ya Molian. Cai Mulberry was beaten.

Ya Molian flashed by again.

"Want to run?"

The man in a cloak finally appeared, pressing closer and closer to Ya Molian and Lin Caisang.

"Seeking death!"

Lin Caisang was passively carried away by Yamolian, and she could feel the danger of the palm wind, which really wanted her life.

So, she directly took out a packet of poison powder and threw it at the cloaked man who had just appeared. One hit, and the cloaked man covered his mouth and nose and took a few steps back.

"Walk."

After being able to breathe, Lin Caisang glanced at Ya Molian, and the two of them immediately ran back.

"Sui Zimo, if you dare to leave today, I will let everyone on Baibind Mountain be buried with you!" The man in the cloak was about to run away when he saw Ya Molian, and he knew that no matter how hard he was, he couldn't fight. Lin Caisang, who was poisonous, shouted at their backs.

"laugh."

Ya Molian sneered, completely ignored his words and continued to run forward.

Lin Caisang went even further, actually shouting to the cloaked man behind him.

"I believe you, you big-headed devil. If we are killed by you, those people will have no one to save them, and they will only become a pile of mud on Baibind Mountain! Now I am warning you, if you dare to catch up, I will There are ways to make you a poisonous person."

Cloaked man: "..."

As a spiritual cultivator, he couldn't compete with two mortals, so how could he survive?

But in fact, no matter how capable he is, he is still afraid of all kinds of poisons, and the poisonous powder on the female doctor's body is really hard to guard against!

"hateful!"

Although he was angry, he could only stand there and watch those people run away.

Now that his spiritual pet is gone, and the white spider on Baibind Mountain is gone, if other monsters are attracted by him, Lin Caisang won't be able to kill them with poison.

It seems that we can only take one step at a time to completely surround them on the White Blind Mountain. As long as those people can't get out, no matter how hard they think, they can only listen to him in the end.

"Here, here..."

The farther away from the vortex, the stronger suction becomes weaker, and the whistling sound becomes much weaker.

Commander Mo and Jiang Li, who were running at the front, were attracted by a very weak voice. When they looked over there, they happened to see someone waving to them.

"There's someone over there."
