

Star of Space 946

Chapter 946 The mute eats *Coptis chinensis*

...

"Eat, this is delicious.

For a moment, there was no sound in the cave except the sound of eating. A person was holding dry food, beef jerky and other things, which was very happy.

"Brother, third brother, I still have water here, I'll give it to you."

The Sixth Prince handed several water bags from his bodyguards to the First Prince and the Third Prince in the cave, as well as the water bags he had saved with Yamo Lian and his group these days.

I handed them all without any leftover.

"Sixth brother, just leave it alone. We don't know when we will be able to go out. It's better to save a little." The eldest prince glanced at the things in the hands of the sixth prince and said in a deep voice.

Although they are now dizzy with hunger and want to eat everything they see.

But this is Baibland Mountain, and they are still in the center of the whirlpool. They don't know when they want to get out. If they eat a lot here today and finish all these things, they will have to go out in the future. How's it going?

"Then I'll leave it alone."

The Sixth Prince thought for a while, nodded, and put the things away again.

On the other side, Lin Caisang looked at Suizilin, who took the food from them for granted. He had obviously eaten a lot, but he kept stuffing it into his mouth.

Looking at the three princes of Luoyun Kingdom again, think about it, they are really not on the same level.

"Sui Zi Mo, give me water, and then bring me some meat. Who can eat this little food?" Sui Zi Lin, who was in a state of embarrassment, ordered Ya Mo Lian around.

Ya Molian just glanced at him coldly, not taking his words to heart at all, let alone Sui Zilin.

"Sui Zimo, I am talking to you, you..."

'Snapped!'

Before he could finish his words, someone hit him hard on the back of his head.

"Who dares to hit me? You're a stinky girl again. You dare to hit me. Believe it or not, I'm going to make you miserable!" Sui Zilin turned around and saw at a glance the man standing behind him. Lin Caisang was covered in air conditioning.

When Sui Zimo and the others first came here, he originally wanted them not to save other people but to leave all the food for him.

But he didn't expect that this stinky girl actually dared to go against him and even gave him a severe punishment. Of course he was unconvinced, but he didn't expect that even Commander Mo, the most loyal person around him before, would The dogs were all standing next to this stinky girl, actually speaking for her.

Thinking that this was Baibind Mountain and he had to rely on them to get out, he could bear his anger for a moment.

But what's going on now? Can't he even order something to eat? Why should this stinky girl hit him? He is a prince and will be the emperor of Weiguo in the future. How can he be bullied like this?

"You want this girl to walk around without food? Haha."

Lin Caisang's red lips were slightly raised, and her evil eyes looked up and down at Sui Zilin.

"Commander Mo, I suddenly feel that it is very laborious to take so many people away. How about leaving this foul-mouthed person here? What do you think? Huh?"

She glanced at Commander Mo and asked.

"Well."

At this moment, Commander Mo is really dumb and unable to express his sufferings.

Now it is obvious that Lin Caisang is on the side of Prince Mo. If Lin Caisang really decides to leave Prince Lin in this ghost place, what can he say?
