Chapter 95 Where is the body?

He knew very well what kind of virtue his son had, but he had been hiding it all these years without letting outsiders discover anything.

Anyway, he has a lot of money, so it is common sense to find more women to serve his son and give birth to more grandchildren to extend the line of heirs. It is impossible for others to say what they want.

The most I can do is envy him for having a few more grandchildren.

"Fuck you, it has nothing to do with anyone else." Wei Captou roared angrily at Mr. Gong.

"Do you think I didn't find out? That 'good' son of yours has robbed many women. Although you have done a good job of hiding it, you only robbed the good-looking ones in many ravines. No one let outsiders find out, but you just Do you really think that everyone doesn't know?"

"I....."

Master Gong was speechless for a moment, lowering his head and not daring to say anything.

"I will definitely report this matter to the county magistrate. Mr. Gong, you should tell the county magistrate about your innocent remarks in the future." Capt. Wei said again before looking at Lin Caisang .

"Miss Liu, these are of no use to you. I'm just angry. However, I did find out some things. According to Mr. Gong's personal maid, Mr. Gong happened to be in the police station not long before he got sick. A little girl came back. According to what they said, the little girl had pretty features and was very pleased with Mr. Gong.

But the little girl didn't seem to be willing. She ran away several times secretly, but was always caught by the servants of the Gong family. Later, she became pregnant with Mr. Gong's child. Out of shame and anger, she cut her wrists and committed suicide.

It's one corpse and two lives! "

Hearing this, Lin Caisang clenched his fist and knocked on the dilapidated earth wall, staring at Mr. Gong with scarlet eyes.

Mr. Gong also knew that the matter was serious this time, and he did not dare to speak or even raise his head.

I secretly regretted it in my heart. Anyway, there were so many grandsons in the family. Carrying on the family line would definitely not be a problem. If I had known about it, I would have killed that scoundrel directly. How could there be so many things happening?

"After one corpse and two lives, where is the corpse?" Lin Caisang looked at Mr. Gong and asked coldly.

"This... how could I know this? I didn't even know about that evil boy. It was only after he died that I found out that he had done such a heartless thing."

Mr. Gong immediately brushed himself off completely.

Anyway, that scoundrel is dead, and there is no evidence to prove his death. He can say whatever he wants.

"You don't know, that's fine."

Lin Caisang sneered and nodded, already expecting what Master Gong said.

If such a big thing is discovered, no one in the Gong family can even think of running away, even if they are convicted of consecutive crimes. What's more, there is an old saying: it is the father's fault if he is raised or not taught! It can be seen that Mr. Gong's crime will not be light.

Now that he completely denies it and says he didn't know, it can alleviate his guilt a little bit.

"Captain Wei..."

"Don't worry, Miss Liu, I have ordered people to pick up those bodies, but it will still take some time."
Capt. Wei said immediately.

"good."

Lin Caisang nodded.

Unexpectedly, the strange disease in the town has not been cured yet, and she has found out such a big scandal in the Gong family. Looking up, Master Gong's face is not easy to say.

...

Such a scandal happened in his family, and Master Gong left dejectedly. Lin Caisang continued to work with the patients in the town, studying where the poison came from. Time passed very quickly, and it was dark in the blink of an eye.

"Hmph, this guy named Liu is a bastard for daring to go against me!"
