

Star of Space 954

Chapter 954: Can't escape from the palm of my hand

"If someone is waiting, just ask the waiting person to close their eyes!" Lin Caisang said directly.

Do you really think they are easy to bully? When someone beats them, they follow him, and they still slap him in the face?

"Close your eyes? Why do you close your eyes... ugh!"

Jiang Zuo asked, but before he finished asking, he already understood what his mistress meant.

He secretly raised a thumbs up at his mistress and said to himself: Mistress, you are so domineering, you even thought of killing that person directly.

But that person is not a vegetarian, right?

Moreover, he felt that the person was a tortoise and had been hiding in the dark. No matter how hard they tried, they couldn't do anything to him if they couldn't find him, right?

"Exiled Jue, go and allocate the people. Since there are some good at Qinggong and some poor at Qinggong, let the good ones take the poor ones and run away. Each one who can run is one. Let's go over there first.

Lin Caisang looked at everyone and gave instructions to Ban Jue.

"Everyone, King Mo has tried it just now. He took me, a person with no skills, and ran to the opposite side. When the suction force of the vortex was strongest, he was able to stabilize himself on the opposite side. By then, as long as everyone can grasp There should be no problem in escaping from nearby objects, such as trees."

She looked at the people and spoke to them.

"If you really can't resist the suction of the vortex, I took a closer look at the opposite side before. There are some big rocks there, which can at least make the body appear heavier. If you are not good at lightness kung fu, you will always have the strength to hold a rock, right?"

After listening to her words, everyone felt that the idea was okay. Although it was a bit cowardly to hold the stone, compared to the embarrassing days they were in now, they were willing to hold a pig, let alone a stone. .

"Yes, the girl is absolutely right."

Finally, someone stood up and said something to Lin Caisang.

"The whirlpool is dead, but we are alive. With so many of us, how can we still not be able to defeat a dead thing like it? As long as we can escape, there is no harm in giving it a try. It is better than starving to death here! "

"Oh, that's a really good idea."

Suddenly, a cold voice came from far away. Everyone looked up and saw the man in black robe standing not far from them. There was a faint purple aura on his body, and they couldn't see the man's human face.

"You...who are you?"

When everyone saw it, they all backed away in fear.

Because the position where the cloaked man was standing was exactly where the vortex started, everyone heard a "boom" and the vortex began to rotate.

Everyone who had seen the power of the vortex, whoever dared to come forward, all stepped back.

"You finally came out."

Lin Caisang raised his feet, stood forward, and spoke to the cloaked man.

But as soon as he walked out, Ya Molian carried him back and stuffed him behind him.

Lin Caisang: "..."

She has the Golden Pearl Space, and nothing will happen to her. She just wants to attract people here.

Why is her brother Mo Lian so anxious?

"Sui Zimo, I told you that you can't escape from the palm of my hand!" The cloaked man stood there, slowly feeling the whirlpool spinning faster and faster, the purple mist getting thicker and thicker, and the blowing His robe kept flowing back as he moved.

But no matter how strong the suction of the vortex was, it couldn't move him at all.
