

Star of Space 957

Chapter 957 He stood too far away

If you don't want to send it, don't send it. You are still thinking of dealing with him. Is he so easy to be dealt with by them?

"Hey, Crow, do you want to come here? I'll give you something. I have roast beef here. It tastes quite good. Do you want it?" Lin Caisang hid behind Ya Molian and stuck out his head. , shouted to the cloaked man.

However, as soon as she finished shouting, she felt something was wrong and quickly said sorry.

"Sorry, sorry, I have forgotten that you have always been cautious, so why would you eat the things I gave you? You must be afraid that I will poison the food you eat, right? It's really hard for you to be so careful. "

"you....."

The cloaked man listened to Lin Caisang talking to himself over there, and was so angry that he almost spit out a mouthful of blood.

What are these people like now, are they taking him for fun? You are almost going to hell, but you still dare to say such arrogant words, you really don't know how high the sky is!

"Girl, is he afraid of your poison?"

The Sixth Prince of Luoyun Kingdom came over and asked Lin Caisang in a low voice.

"Oh, by the way, I remembered it. That guy was chasing you and King Mo before. Could it be that he stopped chasing you because he was afraid of your poison? Then you can poison him with poison. ah."

He seemed to have thought of something and said to himself again.

"He stood too far away."

Lin Caisang also lowered his voice and said something.

The cloak's position was very good. She couldn't poison her at all. Moreover, even if she could use the wind direction, she couldn't take advantage of it. Because of the whirlpool, where they were standing was downwind.

If she was really poisoned, the first people behind her would be poisoned.

"Oh, I understand."

After hearing his words, the Sixth Prince immediately understood. After nodding, he stood next to Ya Molian.

"You insidious crow, even if you say you are a crow, you are looking down upon you. In my opinion, you are just a turtle bastard with a head of black grass on your head. If you fail to drive a wedge between us, you just want to stand there and consume us to death. Even you are worthy!

You weakling, a coward, there are many of us here, how can we still be afraid of you, a turtle bastard? Just wait, wait to starve to death, don't worry, we will definitely collect your body for you, then take you up the mountain and throw you to the wild beasts, so that they can chew you until no bones are left! "

The eldest prince and the third prince: "..."

The two of them looked at each other and couldn't help but think in their hearts that this guy was definitely not their brother. Could he have been possessed by something in Baibind Mountain?

If their father knew about this, they would definitely beat the two brothers to death. Why didn't they protect their sixth brother?

Lin Caisang felt ashamed after listening to the words of the Sixth Prince. She didn't expect that the Sixth Prince of Luoyun Kingdom could do such a thing to them. This was much more cruel than what she just said.

Secretly, she raised a thumbs up at the Sixth Prince, asking him to keep up his efforts.

But God is pitiful. The emperor of Luoyun Kingdom has always ruled the world with benevolence and taught his own sons to persuade others with virtue. The prince really can't find many words that can be said out loud.

After saying a few words, I really couldn't say anything anymore and could only stay there.

When Commander Mo saw this, he looked at the cloaked man who was almost so angry that his head was smoking, and then at Suizilin who was standing next to him.
