

Star of Space 973

Chapter 973 A little poison

He knew before that there was a black panther by Lin Caisang's side, but he had never seen it these days and thought she kept the black panther at home without taking it out.

But just now, he clearly saw the black panther's head and almost bit his hand off.

"Damn, this person is so shameless. He actually targets those of us who don't know Kung Fu!" The Sixth Prince of Luoyun Kingdom couldn't help but cursed when he saw this.

Lin Caisang was probably the only girl here. Even if she didn't have the ability to get close to her, they couldn't tolerate the cloaked man hurting Lin Caisang under the eyes of so many of them.

What's more, Lin Caisang is the most capable one among them after King Mo!

"The poison on the girl is what he is afraid of!" The great prince also stood over and said to the others.

"This man has too vicious thoughts. We must be on guard against him and not let him get close to the girl." Someone also said.

Since Lin Caisang is what the cloaked people are afraid of, they should protect her even more and not let her suffer any damage. Otherwise, they will lose even more protection.

At this time, Ya Molian had already pulled out his sword and pointed it at the cloaked man.

In terms of Qinggong, it was impossible for him to lose to the cloaked man. He could also do the move that came to his back at that moment, so he glanced at them and kicked them out.

"Protect her."

After saying these four words, he dodged and went to fight the cloaked man up close. 【】

"My lord, be careful! I must protect the girl!"

After banishing Jue, several people protected Lin Caisang.

Lin Caisang: "..."

Does she really need the protection of so many people?

"Exiled Jue, we don't need you here, go help your master!" She ordered Exiled Jue.

"Girl, if I go to the prince's side, I will only help you more and more." Ban Jue replied to her.

Indeed, his kung fu is inferior to that of his palace master. If he goes to help at this time, he is likely to become more and more helpful. He is self-aware of this.

Lin Caisang: "..."

This guy is really self-aware.

"I don't need much help from you, I just need you to wait a little longer!" she said.

"Girl, what do you mean by this?" Ban Jue turned to look at her and asked.

"I gave the cloaked man some poison. As long as I wait a little longer, he will become completely weak, and then he will be able to be slaughtered by us." Lin Caisang said.

Hearing this, everyone raised their eyebrows.

When did this girl poison people? Why didn't they feel it at all?

Was it just when the cloaked man approached her? It was just for a moment. If it had been any of them, they wouldn't have been able to react, but she actually forced the cloaked man back and poisoned him at the same time?

What a god-like operation this is!

"Girl... when did you poison him? He is a spiritual cultivator, so ordinary poisons are useless to him, right?" the great prince asked.

"Don't worry about this at this time, banish Jue, ban Wu, you go and help." Lin Caisang didn't have time to explain so much, but first gave instructions to the two of them.

"There is no need for them. I and my third brother can just go."

The eldest prince looked at the two of them, then at his third brother, and said.

The next moment, without waiting for anyone to react, he had already gone to join Ya Molian, banished the two of them, and continued to protect Lin Caisang's safety.
