

Star of Space 980

Chapter 980 It's him, it's him

A voice sounded in my head.

"Choose by yourself?"

Is there such a good thing?

Doesn't that mean that she can choose whatever medical book she wants to read? Even if it is a difficult medical book, as long as she can remember it, she can memorize it and write it down first, and then copy it when she goes back?

'That's basically it. '

Jin Zhuling's voice sounded in his mind again.

Lin Caisang was shocked. She didn't expect that she could hear the Jinzhu Order just by thinking about it.

"Then let's get started."

She bent down to pick up a jade book and read it.

Who knew that she couldn't pick up the jade book at her feet? She was speechless and stood up straight.

"What's the matter with not being able to pick it up? It doesn't like me?"

'The quarter of an hour has not expired. '

Lin Caisang: "..."

Well, the time is not up, she can't see anything now, she can only wait, right?

But she still wanted to ask, why did her body become so cold so early even when the time was not up? Are you trying to freeze her to death, or are you just teasing her?

'time up! '

The moment these three words rang in her mind, Lin Caisang saw all the jade books originally lying on the ground flying up and floating above her head.

She endured the chill in her body and held a piece of jade book. The title of the jade book and what was written on the first page suddenly appeared in her mind. However, it turned out that as long as she closed her eyes, the jade book would appear. Then the two minds can be connected.

...

Shaohua City, Weiguo, is the center of the Imperial Prefecture.

When Butler Xin arrived with Su Ri's body, Su Yang, who had been happily greeting her outside the house, suddenly felt grief and anger and almost fainted.

His first thought was that Ya Molian finally couldn't bear it anymore and wanted to take action against him to avenge him.

However, when he heard the words from his butler and found out that it was not Ya Molian, but Sui Zilin's hand, he was completely stunned. He couldn't believe that the one who would attack his son would be the emperor. The Prince Lin who has been favored for many years.

"It's him, it's him, why!"

With scarlet eyes, he grabbed Butler Xin's collar.

"My lord, I don't know why. Even though everything was fine before, Prince Lin seemed to have gone crazy and stabbed the young master, and no one had time to stop him.

The little one begged the girl to save him, but it was too late. The girl's medicine had already been delivered to the young master's mouth, and he couldn't even feed him. This Prince Lin was so hateful. The young master had no grudges against him. He How could he be so ruthless? "

Butler Xin couldn't figure out why he wanted to attack his young master this year.

"Where is that girl? Where is she?" Suyang asked.

"Young ones don't even know."

Butler Xin shook his head. How could he know where Lin Caisang had gone? He was completely confused at that time.

"The young master is gone, and the girl seems to have been greatly stimulated. Her whole body became cold, and her hair was covered with frost. Then she disappeared. By the way, she may have said a word to Prince Mo in the end. , I didn't hear clearly what it was."

"New Year's Eve is coming!"

Su Yang gritted his teeth and threw Butler Xin away.

"Go and bring me plain clothes and hats for my master. I want to enter the palace!"

His son must not die in vain. Even if the emperor's most beloved son killed his son, he would have Suizilin pay for his son's life!
