

Star of Space 983

Chapter 983 Pay for his son's life!

"Your Majesty, you heard it, it's like this!"

The emperor's face could not be darker, and he secretly said, Commander Mo, when he can't say anything, can he cover up for Prince Lin?

However, how could he know the pain in Commander Mo's heart? Everyone knew about this, not just him, but King Mo also knew about it. Even the princes from other countries knew it very well.

He just wanted to conceal it deliberately, and the Imperial Master could find out just by asking casually.

Moreover, he really couldn't bear to hide the truth in this place. It would be better if the truth about this matter was learned from his mouth. If the national master Suyang himself found out from the side in the end, then if he lied today, In the future, the emperor will definitely blame all these sins on him.

So is he still alive?

It's better to say it clearly in front of everyone now. Even if the emperor scolds or punishes him in the future, it will be done openly. It is impossible to attack him secretly again.

He looked solemnly sideways, glanced at Commander Mo, and said to himself: This Commander Mo is quite sensible and has not distorted the facts because of the emperor's pressure.

"Lin'er, you really shouldn't do this. How could you do such a thing!" The emperor gritted his teeth and looked at Sui Zi Lin.

"Why don't you quickly admit your mistake to the Imperial Master?!"

"Ah."

Hearing the emperor's words, Suyang sneered.

Admit your mistake to him?

So, what the emperor means is that as long as Sui Zilin admits his mistake to him, will his son's death be in vain? Sure enough, all favors and trust are in vain. Faced with the life and death of his own son, the emperor in front of him is willing to spare anything!

His son is nothing, he is just the son of a minister.

"Father, it's not Er Chen's fault, it's Su Ri. He was the one who kept making noises and noises all day long. Er Chen warned him several times, but it was of no use, so I had no choice but to attack him. Yeah, what's wrong with that?"

At this moment, Sui Zilin didn't feel that he had done anything wrong.

He is a prince, and he will be the most powerful person in the future. It is impossible to deal with the son of a minister. Let alone Su Ri, even Su Yang, he can kill him directly!

He stared at Su Yang with a pair of wild eyes, as if he wanted to carve out a piece of flesh from Su Yang's body.

"Father, it's his own fault that the Imperial Master is not strict with his son. What does it have to do with his son? He should pay for his son's life himself!"

"you--"

When the emperor heard what he said, a bad breath stuck in his throat, and he was so angry that he almost spit out a mouthful of blood.

The Queen, unable to bear it any longer, rushed to her son, raised her hand and hit him in the face.

"You evildoer, who allowed you to talk to the Imperial Master like this!"

At such a moment, it was time to put things to rest, but her son was still showing off like this. Did he think saying these words could excuse him?

His words will only make Suyang want him to pay for his life even more!

"Hurry up and tell me, is someone forcing you to do this? If you are being used, the Imperial Master can still forgive your recklessness. If...you deserve to die!"

As she said that, she glanced in the direction of Ya Mo Lian.

The meaning couldn't be more obvious, it was to let Sui Zilin blame Ya Mo Lian for this matter. Anyway, Su Yang and Ya Mo Lian were enemies, so to make their hatred even bigger, Nothing.

Today is the Little New Year. In our place, we eat glutinous rice balls during the Little New Year.

Buy some glutinous rice flour, roll some small glutinous rice balls, cook a pot of red bean soup, and put small glutinous rice balls in it.

Looking white and tender, the round little glutinous rice balls float up one by one...

Damn, my saliva suddenly started flowing!

Wow, delicious! tasty!

You can give it a try. Actually, it's quite simple, haha!
