Chapter 984 The person who is accusing me

"Queen mother..."

Sui Zilin was stunned for a moment and looked up at his mother.

"you....."

"Lin'er, why don't you tell the truth in front of your father! Do you really want to bury Su Ri?" The Empress said to him again. She lowered her voice to Sui for the last word. Zi Lin said.

The emperor has many sons, not least this one. Even if Sui Zilin is the emperor's favorite, even if he is not allowed to die, he will punish him so severely that he will never have a chance to turn around.

As for the national preceptor, he would never give her son another chance to make a comeback. He would probably do something secretly so that her son didn't even know how he died.

She has seen the methods of the national master!

"My son..."

Sui Zilin swallowed his saliva. He had listened to his mother's last words.

Although he disdains courtiers, he has to say that Suyang is indeed not something he can afford to offend now.

"Mother...Father, I know you are wrong. This is not what I want to do. It's...it's Sui Zimo. He deliberately induced his son to do this. It's the two guards he sent who are here every day. Erchen was whispering in his ears that Su Ri was wrong, so Erchen... then he attacked Su Ri. "

He immediately changed his words and pointed his finger directly at Ya Molian.

"laugh!"

Ya Molian sneered.

"Commander Mo, His Royal Highness King Lin said that he was your bodyguard and deliberately led him to kill Mr. Suri."

He looked at Commander Mo who was still kneeling on the ground and said calmly.

As early as when he heard Suizilin's words, Commander Mo had already felt that something was wrong. Until Yamolian brought him out, he had already scolded Suizilin thousands of times in his heart.

"Your Majesty, the guards around Wei Chen are the emperor's confidants. You specially sent Wei Chen to Baiyun Mountain to rescue His Highness King Lin."

Fortunately, Commander Mo was not a vegetarian and directly pointed his finger at the emperor.

That's right, the two people who were waiting for him in the carriage at the end of the year were the cronies sent to him by the emperor. Even if he wanted to bribe him, he couldn't be stupid enough to bribe the people around the emperor, right?

emperor:"....."

He gritted his teeth and glared at Commander Mo, then glanced at Ya Molian, and then glanced at Suizilin.

"Lin'er, are you accusing my people of deliberately instigating you to kill the son of the Imperial Master?" he asked coldly.

"No, it's not..."

Suizilin was stunned, his eyes kept turning back and forth between Ya Molian and the emperor.

"Those two guards, those two guards are obviously from Sui Zimo. It's obviously him...father, he framed his son." Until this moment, he was still looking at Ya Molian.

He clearly remembered that the two guards kept saying that they were Ya Molian's guards, and that they were always disliked by Ya Molian's side, and they wanted to fawn over him so that they could come to him in the future.

How...how could this be a close confidant of the emperor's father?

"Shut up!"

The emperor glanced at Ya Molian, who had a pale face, and then looked at the furious Suizilin.

One is confident and knows that this matter has nothing to do with him at all, so it has nothing to do with him and has no reaction, but the other is like a madman. Even now, he still accuses the gangster and the white man, pushing the matter to the on others.

He took a deep breath and looked at the Imperial Master Su Yang.
