

Star of Space 985

Chapter 985 Are you tired of living? !

"National Master, you see, the truth of this matter is not yet clear. Why don't you go back to your home first and handle the funeral of Mr. Suri?" he asked.

Hearing this, Su Yang turned to look at the emperor and sneered.

"Your Majesty, even if the truth of this matter is not clear, His Highness Lin Wang killed the old minister's son with a knife, which was seen by everyone. Isn't this alone enough to put His Highness Lin Wang in jail?"

He asked coldly.

What's the matter, does the person who killed someone still want to go back to his palace and have good food and drink?

It depends on whether he allows it or not!

"Could it be that the Emperor feels that the death of the old minister's son was in vain?"

"Suyang, you bastard, what are you talking about? I am the prince, and you dare to let my father put people in jail. Are you tired of living?!" Sui Zilin heard that he was going to be jailed. Dalao immediately became angry and jumped on his feet trying to rush to Su Yang.

Unfortunately, he couldn't do anything as he was pressed down by the guards.

'Snapped! '

Another slap fell on his face.

This time it was the emperor who personally went to teach this ignorant son a lesson.

"Please wake up to me. You have done something wrong and you don't reflect on it. You are still making noise here. You don't know what to say. Someone, please take King Lin to the dungeon and meditate on your mistakes!"

He ordered the guards.

Originally, he wanted to order Wei Zilin to be brought back to Prince Lin's Mansion to be guarded by the guards, but looking at Su Yang's face, he felt that this was impossible. Now he didn't want to completely fall out with the Imperial Master, so he could only feel aggrieved first. It's coming.

"Meditate on your own mistakes?"

Suyang murmured these four words and sneered.

These four words are used well. After the meditation, you simply think that killing his son before Sui Zi is a big deal, right?

"Father, my son will not go, my son will not go to the dungeon, mother, please save my son, save my son, let Sui Zimo, let Sui Zimo stay in the prison, who told him not to stop my son? , it's all his fault!"

Sui Zilin was frightened and shouted at the emperor and queen, and put all the blame on Ya Molian.

"Sui Zimo, you are a bitch born of a bitch. You are extremely vicious. You are the one who harmed me, right? It's you. You don't want me to be better than you, so you come to harm me."

When being led down by the guards, he passed by Ya Molian and glared at Ya Molian's expressionless face.

"Sui Zimo..."

"roll!"

Ya Molian didn't want to see Sui Zilin at this moment.

If anything happens to his son, he will never spare this idiot. He will definitely be unable to survive or die!

In fact, he will make Sui Zi's life worse than death now!

"you--"

The queen watched her son being taken away with heartache, but when she heard the words Ya Molian uttered, she gritted her teeth in anger.

"Queen, you are really clever at bringing trouble to the east. Why, since I am not your biological son, can you use it to take the blame for your own son?"

Ya Molian had no intention of letting the Queen go, but asked her coldly.

"When did I ask you to take the blame for my son? It was obviously you..." I framed my son!

The Empress did not dare to say these words, but she knew in her heart that no matter how useless her son was, there was no way he would kill the useless Su Ri for no reason.

Killing him would not do them any good, but would put them on opposite sides of the national preceptor.
