

Star of Space 994

Chapter 994 What have you done?

After Lu Qiubo listened to Lin Laojie's words, he hurried out. When he left his yard, he looked at the wall and sighed.

"Grandpa, grandma, please have tea."

After Lin Changfeng invited the people into the main room, he personally made tea and brought some dried fruits he had taken from Menghuang Mountain to entertain them.

"My dear grandson, now you are a big shot in high school who understands the Yuan Dynasty. How can you still do these things like serving tea and pouring water? Is there no one else in the family? These menial tasks are so difficult for the family. That's it."

Grandpa Yang looked at Lin Changfeng bringing tea, frowned, and lectured.

"Yes, yes, Changfeng boy, the people in your family have to be well disciplined. Why do you have to do all these things? You will be a high official in the future. Put it down now, put it down, your grandma Well, why doesn't she do these things? It's really useless!"

Grandma Yang also echoed.

Several uncles from the Yang family also echoed the words of the two elders, insisting that if Lin Changfeng had something to do, he could just ask other people in the family to do it, without losing his own identity.

After hearing these words, Lin Changfeng's face suddenly turned bad, and the color of his eyes also changed instantly.

"Grandpa, grandma, do you want me to ask you to do these tasks in the kitchen?" he asked them coldly.

For him, he had almost forgotten what they looked like.

If his grandma hadn't reminded him just now, he wouldn't have been able to remember where these relatives came from. There was no other reason than that thirteen years ago, after his grandmother stole all Lin Caihe's clothes, she left them again. Haven't even been here once.

And because his mother was angry at her grandmother for not leaving her a way to survive, she stopped communicating with her parents' family, and they broke off the relationship from then on.

Who would have thought that now that he had passed the exam to understand the Yuan Dynasty, this family would come to visit. Is this to fight the autumn wind? But he doesn't have anything now. He can't beat the autumn wind even if he wants to, right?

"How can this be the same?"

After hearing his words, the faces of the two elders suddenly darkened and they stared at Lin Changfeng.

"Changfeng, we are your relatives, and I am your biological grandfather. Do you still want to use me?"

"Then grandma and grandma are not my biological grandfather and grandmother?" Lin Changfeng asked him.

"Grandpa, even though you are my relative, you still carry the word 'foreign'. As for grandpa and grandpa, my surname is Lin, not Yang!"

"you--"

Old Man Yang had a breath of bad breath stuck in his throat, and almost fainted from the anger.

They heard the news and felt that their grandson was going to be successful and would definitely bring them glory together in the future, so they came here.

Unexpectedly, this grandson is also a pickpocket, just like his pickpocketing mother.

"Changfeng, Changfeng, why are you like this now? We are your relatives..."

"You can pull him down."

Old Mrs. Yang wanted to speak, but was interrupted by Lin Changfeng.

"Grandma, don't you know whether I am close to you or not? Is it possible that you have forgotten all the things your grandma did when she came to my house?"

This so-called grandmother was really a person that he didn't know how to describe, and his grandfather, under the influence of his grandmother, gradually became a particularly snobbish person.
