Chapter 995 Nothing could be more terrifying

He sighed softly in his heart, thinking that it was a good thing that his mother went to Menghuang Mountain today, otherwise, she would have been mad at her parents.

"You... Changfeng, you are so presumptuous!"

...

In the Lin family, Lin Changfeng argued with the Yang family. On the other side, Lu Qiubo happened to meet Lin Caisang and Ya Molian coming down from the mountain on the way to the Lin clan leader's house.

What's more coincidental is that Yang Lin also came down from Menghuang Mountain, saying that he had forgotten something at home and wanted to get it.

How could Lu Qiubo let Yang Lin pass by like this? He quickly stopped him.

"What, mother, what did you say? Who is coming?"

Hearing Lu Qiubo's words, Yang Lin looked at her in disbelief.

Did she hear it wrong? Her mother's family, whom she had not interacted with for thirteen years, actually came to visit. Wouldn't this cause trouble to Changfeng? Her mother is a vampire!

Now is the time for Changfeng to work hard and prepare for next spring. How could she be targeted by her parents?

"This...Mom, what should I do? If they come, what will Changfeng...Changfeng do?" She was so anxious that she grabbed the clothes on her belly with one hand and the other hand. Lu Qiubo's arm asked.

She was really afraid of her mother. She had already forgotten that there was such a person, but at this moment, her mother actually came to her door.

"Be careful, it's okay. If they really dare to do anything, just ask the clan leader to drive them away." Lu Qiubo glanced at Yang Lin's belly and advised.

There are some things that, even if they want to guard against, they cannot guard against.

When she saw the Yang family just now, she was really shocked and almost didn't react. It took a long time before Changfeng called for them.

"Don't be afraid, don't be anxious."

"Grandma, is the third aunt's mother's family really that scary?" Lin Caisang watched Yang Lin's hair stand up all over his body after seeing her mother's family coming. She knew that family was difficult to deal with.

And when she was born, she also knew something about the Yang family's grandmother who stole all Lin Caihe's clothes.

"It's terrible, it couldn't be more terrible."

Without waiting for Lu Qiubo to answer, Yang Lin said to Lin Caisang.

"Sang Sang, can you think of a way for Third Aunt? Third Aunt is not afraid of anything. She is just afraid that your brother Changfeng's reputation will be ruined at the hands of his grandfather's family."

Just like my mother-in-law said, drive people out of the village?

But if that family is really driven out of the village, then they will definitely go out in different ways to say bad things about Changfeng, and have people beat them for not being filial to their maternal family.

She had never heard her mother say anything good about other people in her life!

"What if your brother Changfeng's reputation is ruined? Mom, we can't drive them out of the village. If they are really driven out, our Changfeng's reputation will really be ruined by their mouths. "

"Yes, yes, you are right."

Lu Qiubo nodded quickly. This was because she was too anxious just now.

"Third Aunt, don't worry. They are all here. There is no point in being anxious. I will find a way. Leave this matter to me. Leave it to me." Seeing her like this, Lin Caisang hurriedly advised her. .

"Sangsang, what can you do?"

Lu Qiubo glanced at his granddaughter and asked.

The whole family has nothing to do, so what can Sangsang do?

"I....."

Lin Caisang was also confused for a moment and looked sideways at Ya Molian.
