

Star of Space 997

Chapter 997 If you beat him to death, I will pay for it with my life!

"good.

Lin Caisang responded and left with Lu Qiubo and Yang Lin.

...

Because they wanted to invite Chief Lin here and explain the matter clearly to him, the first people to arrive at the Lin family were Lin Baiyi and Ya Molian.

When they entered the door, they saw the two elders of the Yang family yelling at Lin Changfeng. Every unfilial thing they said made their Yang family lose face.

That sound could probably be heard by half the village, right?

Seeing Lin Changfeng's attitude towards them, the uncle of the Yang family actually picked up a stick in the yard and wanted to hit Lin Changfeng on the head. Fortunately, Ya Molian arrived in time and threw it in front of Lin Changfeng. Such a stop.

"What's going on? Who are you and what do you want to do?"

He waved his long arm and blocked the stick, causing it to fall to the ground.

"Uncle Changfeng, how can you hit someone? Changfeng is now Jieyuan. If you hit him, you will go to jail!" Lin Baiyi was so frightened when he saw that scene that he didn't react just now.

It wasn't until Ya Molian blocked the stick that he rushed over.

"What Jieyuan is, he's just an ungrateful thing. If you beat him to death, I'll pay for it!" Uncle Yang's uncle looked at Lin Changfeng behind Ya Molian with an arrogant expression.

"It's just a matter of borrowing a few taels of silver from him, and he will resist. If we become really prosperous in the future, will we still remember uncles like us? They will be forgotten by us long ago!"

"you--"

After hearing his words, Lin Baiyi felt a bad breath stuck in his throat, and he was half angry to death.

Changfeng went to Ye County to take the exam. It was fine that they didn't go to the Yang family to ask for money. But they actually came here to ask Changfeng for money?

How could they say this?

"Baiyi, don't argue with your in-laws. There's nothing to be ashamed of if our family doesn't have money. Let Changfeng not be so angry. There's nothing to be angry about. Our family is farming. It's not easy to provide a solution. Just borrow another A lot of foreign debt has to go to Changfeng to study. "

Lin Baiyi was about to attack someone when he heard what Lin Laogan said by the side of the yard.

He looked at his father, blinked, and blinked again. Although he didn't know what his father meant, there was nothing wrong with telling him not to be impulsive.

He took a deep breath, calmed down, and looked at the Yang family.

"Father, mother, are you here to borrow money?" he asked.

"this....."

Old Yang looked embarrassed, but he still looked at Lin Baixiao.

"Son-in-law, there is a severe drought today and our family has suffered a disaster. We are really hungry. We are so shameless as to come here. Just a few taels of silver is not too much, right?"

Not too much, not too much.

If it had been anyone else, he would have taken out the money without hesitation.

But as a person who has suffered at the hands of the Yang family, he will not be soft-hearted at all when faced with the pitiful face of this family.

If he allowed them to succeed today and take the money and leave, he could guarantee that within two days, they would have to come to his door one by one. By then, it would not be enough to send people away with a few taels of silver.

"Dad, mother..."

"Father, mother, you are here, I have been waiting for you to come!"

Before Lin Baiyi said his words of rejection, he heard a familiar cry from outside his yard. Then, under his helpless eyes, his wife threw herself at Old Madam Yang's face. In arms.
