

## Starchild 121

### Chapter 121: Abandoned Child

“Where... Don’t you know where you are?” Yun Xi looked at the silver-haired girl peculiarly. Her name was... Mumu? How could she be so naive? How could her parents allow such an innocent girl to leave her home alone? She needed a team of guards!

“I don’t know. My head aches. I forget many things,” Mumu said. She held her silver, bunny-ears-like headwear with a troubled look.

“I remember that I was looking for my papa, but something happened on the half way and I fell down. After I woke up, I was already on this island.”

“Poor girl.” Xiao Cao relaxed her vigilance. She realized that Mumu was harmless. Her threat degree wouldn’t even be higher than a squirrel.

“Did you lost touch with your father?” Yun Xi’s heart melted after seeing her worried look.

Her worry was from the bottom of her heart. That couldn’t be a disguise.

Besides, Yun Xi didn’t think that this girl knew the meaning of disguise. Probably her head was hurt and forgot many common senses, for she didn’t even know what the squirrels were.

“No. I’m looking for my papa, but we didn’t lose touch with each other. Mom told me that papa abandoned us when I was very young. I need to find him after I grow up!” Mumu said and proudly puffed out her chest, but the truth contained in her words was really poignant.

Who are Mumu's father?! How dare you to abandon such a cute child! Don't you have a heart?

And Mumu's mother too! Why did you take such a little girl out the door?! I know you want to see your husband again, but don't you know that the world is too dangerous to your daughter?

"Where is your mom?" Yun Xi looked around, trying to find where Mumu's mom was.

"I left home alone, because mom said that I could leave now."

Mumu blinked and told Yun Xi the startling fact.

"What?! You are too young. How could you leave home alone!" Yun Xi opened his eyes wide with a flabbergasted look.

What a bad mother! Weren't you afraid that your child would be kidnapped?!

Judging from her silk-like clothes and her silver headwear, she must be from a rich family. Yun Xi wouldn't be surprised if she said that she was a princess.

How could such a princess-like girl leave home alone?!

"Come here, little girl. Let's take you to a safe place."

Yun Xi stretched out his hands and softly held Mumu in his arms. She wasn't Xiao Cao, who could walk in the forest with her naked feet as easily as through walking upon a level road.

"Mei, be careful." Although Xiao Cao had relaxed her vigilance, she still looked at Mumu with doubt, for she felt that something was wrong.

"Don't worry. She is just a harmless child," Yun Xi said and put his seed into Mumu's thin body. His seed detected the girl's inside and found that her true strength was feeble and pathetic just like what she looked like.

"Warm, delicious... hum... I'm sleepy..." After having Yun Xi's seed, Mumu gently stretched herself and slept in Yun Xi's arms.

Yun Xi's heart melted as he gazed at her angel-like face.

He didn't know the reason, but when he looked at her, he felt an indescribable affinity with her. He naturally knew that she wasn't dangerous and he had to protect her.

Even her appearance was so sudden and mysterious.

"No... I don't mean that..." Xiao Cao didn't know how to describe her heart of now.

Was it... hostility?

To Xiao Cao, this was a very strange feeling. It was obviously that she liked to have friends.

One person alone and two people together were two totally different situations.

Sharing your happiness with your friend, the happiness would be doubled.

Sharing your sadness with your friend, your sadness would be reduced to one-second.

It was always so happy when she stayed together with Mei.

However, unlike Hua Yue or other female swordsmen, when Xiao Cao saw the girl, she suddenly had a foreboding that her “Mei” would be taken away.

The girl named “Mumu” had a natural spiritual attraction, catching her eyes like a magnet.

Maybe Mumu didn’t do it by intention and that was her natural talent.

But... she is my enemy...

Xiao Cao took a deep breath, remembering the words her new friends told her.

“You can only have one best friend. If she is your only one, don’t let her go. Become her most important person! Love... Cough, for your sacred friendship, don’t lose! Puff, puff!”

Xiao Cao patted her own face. She gazed at Mei and Mumu in Mei’s arms with a determined look.

Xiao Cao won’t lose!

Puff, puff!

...

As Xiao Cao and Yun Xi returned, the girls were clumsily putting up tents on the platform. The female swordsmen immediately saw them.

“Mei, Xiao Cao, welcome back!”

“Great! Now everybody is here. No one is less!”

“What a miracle! Mei found everyone!”

After their hearty welcome, they found the little angel who was sleeping in Yun Xi’s arms.

Her silver hair, which obviously didn't belong to Eastern God's Domain, and her snow-white, were too eye catching.

"Ah... Who is this child?"

"Was she on White Lotus? Why don't I remember her..."

"Mei, where did you find her?"

Yun Xi told them Mumu's story. After that, everyone looked at Mumu with compassion.

"Whooh! She is so young, but she has the guts to look for her father alone!"

"That man who abandoned his wife and Mumu must be a bastard! How could he abandon such a cute child! He is really a scum!"

"The girl's mom must be a beauty! How can any man have the heart to abandon them? I can't understand that!"

"Yes, yes! What a heartless bastard her father is!"

Yun Xi had the same feeling. Any people who dared to do such a thing would be cursed with bad luck during their lives!

“Ah... Hum...” Mumu was awakened. She slowly opened her eyes, and her ruby-like big eyes made the girls scream.

“She is so cute!”

“No! Her appearance is too dangerous to my heart!”

“If I can have a child like her... I can die without anything to regret!”

“Hi, hi, is your name Mumu? Don’t worry. There are no bad men here, only beautiful big sisters!”

“Humph. There is no good man ever living in this world. They should die!”

Well... Yun Xi embarrassedly looked at himself.

What an unexpected allegation!

Chapter 122: Hunger Crisis

After the storm, the originally safe platform was muddy now. Fortunately, Xiao Cao’s mysterious friend had dispelled the storm, otherwise, the situation would have been worse.

Due to the impact from when they had fallen from the sky, almost everyone’s clothes were tattered. The girls often unintentionally exposed their skin to the air, making Yun Xi feel pretty embarrassed and awkward. Fortunately, the island had a tropical rainforest climate. Even during the night, the weather wasn’t cold, they could endure it. However, there was something they couldn’t endure with their will.

“Whoaaa! We are out of food!”

“I’m hungry! What should we do?”

“Can we go to the forest to look for wild fruits?”

After surviving the largest crisis in their lives, other than Xiao Cao who had eaten her fill with her friends, the other girls’ stomachs were growling. Even Hua Yue also showed a helpless look.

“Let me prepare dinner,” Yun Xi said. As the only baker (incidentally, he was a third-ranked baker) amongst these female swordsmen, Yun Xi had to stand up.

When Yun Xi had searched for the girls along the coast, he had thought about the problems they may face in the coming days. He had collected a lot of goods and materials from the broken ship and stocked them in a place not far away.

He hadn’t expected that a tropical storm would come, but there was a distance between the coast and the place he had stashed those goods. In that case, those goods shouldn’t have been damaged too much. Conversely, the storm washed more materials up onto the shore that had dropped from White Lotus.

“Mei, you are great!”

“I’m saved! I thought that I would starve to death! I know nothing about how to survive in the wild!” Several noble female swordsmen let out a sigh of relief at the same time.

“We’d better not eat wild fruits because none of us know them. Mei, let’s go carry the goods you found,” Hua Yue said. Her charisma reassured the girls.

“Ok. Mumu, be good,” Yun Xi said and touched Mumu’s head. His fingertip slipped through her silver headband, and he felt a smooth and cold sensation. Yun Xi had never seen such material before. It was like a kind of metal, but also like gemstone. Undoubtedly, it was a priceless treasure.

“Eh. Mei’s smell is agreeable. You’re not a bad person!” Mumu sniffed, then stood on her toes and softly kissed Yun Xi’s face.

“Mumu likes sweet, soft food. It’s better if it tastes like cream.”

Haha, all children liked sweet food. Yun Xi remembered that Hua Huo, El’phyllis, Milei, and Ye Li, were not an exception.

Fortunately, Yun Xi knew that there was something in the goods he had collected that met all the requirements of “sweet”, “soft” and “creamy”.

...

Two hours later, Yun Xi, Hua Yue, Xiao Cao and a few other girls smoothly brought back several sealed big boxes from the place where Yun Xi had stashed the goods.

“Wow, White Lotus really had everything!” Yun Xi identified the goods in the boxes from their inventories.

As White Lotus Sword Domain's ultimate weapon, the food White Lotus stocked was sufficient to let three thousand people eat for a hundred days. There was a special freezing storeroom in the ship that could retain the freshness of vegetables for a hundred days, and potatoes for a whole year, not to mention a variety of meat.

Yun Xi was a third-ranked baker, well, actually this was a pretty rare career. Due to this, he had talked with the head chef on the ship. He knew about the consumption of materials on the giant ship from the head chef.

Normally, White Lotus had a thousand sailors and passengers. It needed tonnes of meat, a hundred thousand potatoes, countless loaves of bread, and fresh milk every month. The ship also stocked a great amount of emergency rations as the last reserve. When necessary, they were enough to support the ship battling in the air for a hundred days. Moreover, all the goods and materials were sealed in sealing boxes which were waterproof and fireproof, in accordance with the war standard. This really helped them a lot.

"Flour, eggs, and assembled simple cookware. No wonder it is a military reserve box!" Yun Xi tore off the sealing tape and opened the box. At first sight, his eyes were caught by the snow-white flour and eggs that were perfectly placed on cushions.

With these two raw materials, he could play his role as a third-ranked baker now! Yun Xi was a third-ranked baker, but that didn't mean he only knew how to make bread. Yun Xi chose this career simply because he liked to make bread. In fact, Yun Xi was well versed in all kinds of household duties. He had learnt to cook since he was six years old, and the breads he made always let Hua Huo, El'phyllis, Milei, and Ye Li show bright smiles on their faces. Now that Yun Xi came to think of it, he thought that perhaps his childhood sweethearts' smiles were the most important reason why he had absorbed himself in making bread.

He adroitly selected the best flour, then mixed it with yeast, egg wash, and milk, stirring it attentively. His movements were as smooth as floating clouds and flowing water. The girls were all dumbfounded, for none of them had made bread before.

“Well, this weight should be enough.” Yun Xi estimated the weight of the flour, thinking that it was enough to make about forty buns and fresh fruit salads.

He started to knead the dough and called Xiao Cao to help him. He let Xiao Cao help him because she had experience in cooking. At least, she was far better than these noble girls.

“Is the bread done yet? I’m hungry. I can even eat raw flour!”

“Vegetables! Vegetables! I can eat raw vegetables!”

“Xiao Cao, be quick! I’m starving to death!”

These girls had never been so hungry in their lives. They gazed at Yun Xi and Xiao Cao with a pathetic look.

“The fresh fruit salads are done. You can eat them to whet your appetites.”

Yun Xi ordered Xiao Cao to send the diced fruits to them. Under these girls’ hungry eyes, he had to increase the raw materials he had prepared for making bread. Maybe he needed to make sixty buns to satisfy their stomachs?

About thirty minutes later, Yun Xi put sixty doughs into the simple ovens. The girls had just finished eating the fruit salads at this time, but that didn’t fill their bellies at all. They felt even hungrier. After all, fruits wouldn’t fill their empty stomachs. They were used to whet their appetites.

“Ah ha... please wait for a while...” Looking at their eyes, Yun Xi felt as if he was surrounded by a group of hungry wolves now, and as the smell of baking bread spread in the air, the hungry wolves’ eyes were becoming more and more green.

Chapter 123: Yun Xi’s Bread

In the ovens, the doughs Yun Xi made by mixing flour with egg wash were sending out tempting smells.

“Gu!”

“Gu!”

“Gu!”

As if they were frogs in a rice field during summer, the girls’ stomachs were growling, unladylike at all. This was their lives’ instinct. They were all allured by the wonderful smell of freshly baked buns.

“Don’t worry, be patient. I have made sixty buns. You’ll all get one.” Yun Xi looked at these girls, feeling stressed in his heart.

“Mei really knows everything!” Hua Yue sighed.

Mei not only had perfect sword skill, but also had wonderful cooking skill. Hua Yue wanted to have such a maid too!

If Mei wasn't Hua Huo's maid, she wouldn't hesitate to use her family's privilege to obtain her. Where else could she find another black-haired maid who knew how to cook, battle and warm her bed?!

"Yes. These buns can't be normal! I can smell that!"

"Is this the skill called 'Sun Hand'? That's a culinary arts that can bring out the raw materials' full advantages by controlling the heat."

"I know! That's a skill only third-ranked pastry chefs can use! It requires very high talent!" Several noble girls immediately guessed Yun Xi's cooking rank. After all, no one could play tricks at this point.

"En. They are almost ready." Yun Xi placidly changed the topic. He didn't want to expose his true identity.

"Ding! Ding! Ding!" There were a row of ovens. The first several ovens opened automatically, exposing the sweet, golden buns inside them to the air.

Considering that everyone was very hungry now, Yun Xi chose to make toast with a few black raisins as embellishment. Incidentally, they were also one of the main and the most popular products at Yun Xi's bakery.

"Awwoo!"

"Awwoo!"

“Yummy! Why had I never eaten such delicious toast before!”

“Whoooo! My life will lack the means if I can’t eat Mei’s toast again!”

The girls bit a small piece of toast in their mouths and instantly, a gust of a strange but wonderful flavour spread inside their mouths. That was the perfect result after mixing wheat flour with milk and egg wash.

The baked toasts were soft and warm. With the raisins’ crunchy taste, the girls’ eyes were moist when they ate the toasts. That was the sun’s taste! They had only eaten a few fruits before that hadn’t filled their stomachs, but had made them feel even hungrier. To them, they felt that they were in heaven at this moment.

“Ding!” Another row of ovens opened. The buns in these ovens were pineapple buns, the choicest goods amongst all the buns and the sweetest buns which were popular amongst young girls.

“Pineapple buns!”

“Great! I like pineapple buns!”

“Mei! You’re amazing!”

Before they finished eating their toast, some girls had eagerly taken away the freshly-baked pineapple buns and gulped. Compared to toast, the pineapple buns fit these girls’ flavour much more. After their stomachs were slightly filled, pineapple buns were their favourite choice.

The last was Yun Xi's masterpiece, his trump card which was usually used to feed his strongest childhood sweetheart in the past: butter bread.

"Come here, Mumu. This is the butter bread you wanted." Yun Xi opened the last three ovens, then waved his hand to the silver-haired girl, who was putting a thick toast and a yellow pineapple bun in her mouth at the same time.

"Awwoo! Awwoo!" Mumu had a thin body, but her appetite was incredible. Normally, a brick-shaped toast was enough to fill a girl's stomach, but she had eaten three toasts and ten pineapple buns in the twinkling of an eye.

Yun Xi was very confused about how her thin body could consume so much food.

"Awwoo!" At the first second Mumu ate Yun Xi's butter bread, she showed a surprised and happy look on her face. She moaned with satisfaction on her white, small face, as if she was going to cry with joy.

"Take it easy. There are still plenty raw materials. I will make as many types of bread as I can to fill your belly!" Yun Xi gently patted her back. He thought that she was choked.

"Whooooh! It's delicious! It's the best food I have eaten!" Mumu said with a look of anguish, "When I was young, I was only allowed to eat crystals. These crystals were too hard! It took me a lot of time to digest them! But mom said that I wouldn't become stronger if I refuse to eat these crystals. If I want to find my father, I have to eat a lot of crystals! They really gorged me with crystals! I never thought that there was such delicious food in the world!"

Crystal? Was it edible? Could it be a local food from a country I don't know?

Yun Xi feed Mumu the butter bread and felt puzzled in his heart.

“Yummy!” Xiao Cao picked up a piece of butter bread, putting it into her mouth bit by bit. She was so careful, didn’t even let a crumb of bread drop on the ground.

Children who grow up in families which are short of money are better prepared to deal with the problems of adult life than children who are brought up by wealthy parents. The staple food in her village was black steamed bread. The bread was made with fine flour and was already a luxury food in the villagers’ eyes, not to mention the bread made by a third-ranked baker.

“Mei, do you want to join my family?!” This time, even Hua Huo couldn’t stop Hua Yue’s eyes from turning green with jealousy.

Why was Mei’s bread so delicious?!

All she used were the reserved materials from White Lotus and the tools she used to make bread were just some simple, temporary cookers. How could she make such fantastic bread under such circumstances!

Look! These girls who had eaten Mei’s butter bread were all showing a look of ecstasy on their faces. Their tongues and hearts were all enraptured by the delicate flavour.

“I’m not that good. It should be because the raw materials are good. I can’t do so well every time.”

Yun Xi also felt surprised in his heart. He had stopped making bread for many days, why were his hands still as good as before? He even felt that his rank as a baker was going to upgrade.

Even though cooks couldn't fight, a fourth-ranked cook was also recognized as a hero-ranked person. He heard that once a cook reached the fourth rank, the food the cook made would contain incredible power.

All the recipes mortals knew weren't higher than the third rank, and a person who could make third-ranked food already deserved to be called "master". Even though a fourth-ranked cook couldn't be compared to a fourth-ranked swordsman, it was still a great honor, which meant that he had stepped into a higher realm and become a legend.

Would I not become a hero-ranked swordsman first but become a hero-ranked baker in advance?

Chapter 124: Enemies Forever

No one would deny that Yun Xi's hand-made bread was one of the best foods in the world, from both the meaning of to fill the belly and to satisfy the desire of mouth. Even Hua Yue who was born an aristocratic miss and had lived an extravagant life since her childhood, was full of praise for Yun Xi's bread.

In that case, there was a problem.

"Gee?" Mumu looked at the last piece of butter bread with desire. She licked her lips and grasped Yun Xi's hand, acting like a spoiled child.

"Ah?" Xiao Cao hurriedly finished eating her piece of butter bread and stood up, not even wiping off the white cream on her lips.

“No more butter bread?” Hua Yue drew out her silk scarf. She gracefully wiped off the white cream from the corners of her mouth and also gazed at the last butter bread.

Well, undoubtedly, the owner of the last piece of butter bread was Yun Xi. He held it in his hand, speechlessly looking at the three girls around him.

Mumu was still a child, so her behavior was understandable. But why were Xiao Cao and Hua Yue also looking at him with longing and strong hints in their eyes?

Xiao Cao, aren't you a girl who doesn't mind your food's taste and will feel satisfied as long as the food can fill your belly?

Hua Yue, your family should have much better tasting food than my butter bread!

Why are you looking at me like that? I'm hungry, too!

“Zizzy!” Xiao Cao and Hua Yue ignored Mumu, who was shaking Yun Xi's hand. They looked at each other like diamond striking diamond.

“Well, I still want it,” Xiao Cao sighed. She wiped off the cream from her mouth, then stood up and claimed, “Mei's last piece of butter bread is mine!”

“What a coincidence. I think so too!” Hua Yue also stood up. With her action, her two “mountains”, which were wrapped by bandages on her chest and half exposed to the air, made Yun Xi almost expose his true identity in an “unmentionable method”.

“The best should belong to the strongest leader!” Xiao Cao moved her hands and legs, warming up her body. Her leaf-made clothes were fit for battle and wouldn’t impede her motions at all.

“I agree with you. It’s the time to decide who is the leader again. Otherwise, Mei will be bothered.” Hua Yue used new bandages to bind her half exposed breasts again.

With the help of her bloodline, the wounds on her ribs had already recovered at a speed that was way faster than her estimation. Not only so, after seeing that terrible presence, her White Gold Rose Bloodline had some unknown new changes. Hua Yue didn’t know the reason why, but she guessed that it was due to Mei.

“Hence, let’s start the second round of duel!”

Xiao Cao didn’t know too much about noble family’s rules. As a girl from a small village, she trusted in her strength more than anyone.

“Oh oh oh oh, big sisters are going to fight again!”

“Who will be the winner? I guess it will be Big Sister Hua Yue!”

“No, Xiao Cao isn’t inferior to Hua Yue. If she had a better weapon, she wouldn’t be defeated so easily.”

“Yes. I think that their winning percentage is half to half.”

After the girls saw that Hua Yue and Xiao Cao were going to fight again, regardless of the reason, their duel had naturally drawn everyone's attention.

As the noble girls' representative, Hua Yue's leadership and prestige were recognized by all the female swordsmen in the group. As the civilian girls' representative, Xiao Cao learned perfect sword skills by practicing on her own. She was respected by all the female swordsmen in the group.

This female swordsman group centered around "Mei" as its core, formed imperceptibly by Hua Yue and Xiao Cao.

Hua Yue's natural noble style and noble golden hair let everybody accept her leadership. However, Xiao Cao's sword skill that was self-taught also shocked their hearts and made them admire her.

The two people stood for two different styles. The white gold rose. The tough little grass.

Hua Yue had won the first battle, and this laid the foundation for her leadership within the female swordsman group. But now, the second round battle was going to start. Xiao Cao threw down the challenge to the current leader, Hua Yue, as a brave challenger.

"Don't fight... If you want to eat butter bread, I can immediately make more now!" Yun Xi looked at Xiao Cao and Hua Yue with a dumbfounded look. He didn't expect that they were going to duel simply because of a piece of butter bread.

"No. That's not the point," Xiao Cao said and shook her head.

“Yes. This is a duel between us girls!” Hua Yue said with a serious and holy look.

“For bread.”

“Let’s fight!”

As if their battle from the entrance test had reappeared again, Hua Yue was still holding her gorgeous white gold crossed sword in her hand, Xiao Cao was still holding an iron sword that was reforged by using the fragments of her broken sword.

Compared to their last battle, there was still a great gap between their weapons. However, Xiao Cao’s sword wouldn’t be broken so easily again. The reforged black iron sword was much heavier and harder because it had been mixed with more hard materials.

“I know. You have reached the third rank.” Hua Yue took a deep breath.

Her eyes instantly become clear and pure. She had disregarded all her distracting thoughts. Xiao Cao wasn’t a rival she could let her guard down against. If she wanted to win, she must do her best.

“The same as you,” Xiao Cao said.

She had figured out Hua Yue’s true strength, only a step away from reaching the peak of the third rank. They knew each other very well, as if there was an invisible string linking them, making them inseparable. Of course, not only them, all the members of the female swordsman group, including Mumu, had the same feeling in their hearts.

They were on the same invisible web, linking their souls and blood through one invisible thread after another, and at the center of that web was the mysterious black-haired girl.

Xiao Cao and Hua Yue were like a binary star system, closely rotating around the center of the web. They were beautiful, strong, healthy, and energetic, both having the same great talent. This was an inevitable battle between them.

“Mei’s bread is mine!”

“No way! I was first to claim it!”

With a glint and flash of their swords, their battle started.

That was a sword’s song, gorgeous and beautiful. It not only symbolized their youth and friendship, but also symbolized their envy and glory.

The heavy white gold crossed sword cut and slashed against the austere black iron sword again and again, generating dazzling sparks between them.

Hua Yue’s holy crossed sword skill was one of the most direct sword skills. In Hua Yue’s hand, her sword skill was not only gorgeous, but also powerful. In contrast, Xiao Cao’s sword skill had become tougher with the sea’s boundless artistic conception in it. It had reduced a little hardness, but also had increased a little softness at the same time.

Chapter 125: Flying Swallow, and Flying Swallow!

“You...” Yun Xi felt the wills in Xiao Cao and Hua Yue’s eyes. He stopped himself from trying to stop them.

From their seeds, he felt their growth. Even if this was just a joke-like duel, it had a special meaning to both of them. They regarded each other as their lifetime enemy, so they tried their best to show their strengths to each other. At this moment, they were so beautiful and bright.

“Crossed sword!” Hua Yue lifted her white gold crossed sword, showing the sword skill which she had used to block Yun Xi’s “The Swallow Returns” in the entrance test again.

Xiao Cao raised her black iron sword. She was suppressed by Hua Yue’s crossed sword from the beginning. Now, she started her counterattack.

This was also the first time that Yun Xi and all the other girls saw Xiao Cao’s full assault. This time, Xiao Cao didn’t need to worry if her weapon would break. Her sword skill finally showed its powerful side.

That was a flashing sword! This was what others thought after they saw Xiao Cao’s sword. Apparently, even it had been reforged and wouldn’t be broken by the white gold crossed sword easily, it was still a rough black iron sword. However, Xiao Cao’s every single brandish was like a streak of light, drawing everyone’s attention.

That was a streak of dangerous, fatal light cast by Xiao Cao’s tough will, for overcoming adversity and surviving in the world. That was Xiao Cao’s Mortal’s Sword (perfect).

Comparatively, Hua Yue’s Holy Crossed Sword, which also reached the perfect stage, was suppressed by Xiao Cao’s Mortal’s Sword. Other than Yun Xi, no one had seen their attacks and defenses clearly. Xiao Cao and Hua Yue’s sword skills were beyond their understanding.

Their battle was as gorgeous as a sword dance. The other girls’ eyes couldn’t take it all in, and all they could do was tremble with excitement. They were obviously fighting with their full strength, not

showing even a bit of mercy to each other at all. Only at this moment could one really find out the difference between their sword skills.

Hua Yue's Holy Crossed Sword was derived from the knight's sword skill. Its offensive power was great, and its defense was even better. After getting a firm foothold with its defensive power, it would be time to launch straight attacks.

Xiao Cao's sword was unfettered. When she attacked, her sword would become a summer storm, reckless and unbridled; when she defended, her sword would become a stalk of water grass, swallowing all her enemy's attacks.

"The freckled sister's sword skill is better!" Mumu was held by Yun Xi, looking at the last piece of butter bread in Yun Xi's hand with desire, but her judgement was very right.

"Yes, but Hua Yue also has an advantage. Her bloodline is stronger." Yun Xi intently watched the dancing of their swords.

To be honest, if he hadn't obtained Hua Huo's sword talent, he would be no match for both of them. One had an old bloodline and was a talented female swordsman that had received the best knight education from her childhood. The other was just a village girl that obtained no legacy, growing up freely like a grass stalk in the wild, but had practiced her Mortal's Sword to the limit.

Clearly, Xiao Cao cared about her failure in the last battle very much. She specially reforged and reinforced her iron sword. After filling the gap between their weapons, Xiao Cao immediately showed her frightening talent. Yun Xi even thought that if she could keep improving herself, someday, she wouldn't be inferior to his perfect childhood sweetheart.

Her sword contained a potential that neither Flying Swallow Sword nor Holy Crossed Sword had. Perhaps it was still at its embryonic form now, but as Xiao Cao grew, her Mortal's Sword would reach an inconceivable realm.

However, Hua Yue was strong, too. No one should disdain any noble family's history and legacy. That was their essence after countless deaths, bloodshed, and failures, which had been engraved in their descendants' bloodlines.

White Gold Rose Bloodline was such an essence. After experiencing countless battles, it finally became a kind of instinct, inherited by Hua Family's descendants from generation to generation.

Hua Yue's bloodline also contained a special property, just like Xiao Cao's tough will. The next second, Yun Xi's guess was confirmed.

"Blooming! My Rose Sword!" Instantly, bright light burst out from Hua Yue's white gold crossed sword.

A translucent white gold rose rose from her crossed sword. This was the first time that Hua Yue unleashed all her bloodline's power after she had awakened her bloodline.

Hua Yue's White Gold Rose couldn't be compared with Hua Huo's Sky Flying Sword, which was so strong that it could even slay a dragon, but it was still a power that was beyond a mortal's limit and had reached the hero rank. Compared to Yun Xi's "The Swallow Returns", the power contained in her sword symbolized White Gold Rose's glory.

Xiao Cao's black iron sword groaned. Its sword blade, which had been reinforced, instantly became scarred. However, Xiao Cao didn't step back. On the contrary, she walked forward.

In that same moment, Hua Yue made the same movement.

“This...” Yun Xi felt their footsteps, breaths and rhythms in surprise.

At the last moment, they made the same choice.

“Crossed Flying Swallow Sword!”

“Continuous Flying Swallow Sword!”

The heavy white gold crossed sword turned into lights. In Hua Yue’s hand, it wasn’t like a flying swallow, but like a hovering eagle, holy and unstoppable.

And the scarred black iron sword perfectly recreated Yun Xi’s Flying Swallow... No. It was Xiao Cao’s Flying Swallow!

Flying Swallow Ten Fold Attack!

Flying Swallow Fourteen Fold Attack!

They were both Flying Swallow Sword, but had turned into two different styles in the two sword geniuses’ hands. Hua Yue’s Flying Swallow Sword reduced flexibility, but increased the attacking range and power. Xiao Cao’s Flying Swallow Sword was more nimble, changeable, and faster.

This was a battle of power, speed, attack, and nimbleness. They both understood how to make Flying Swallow Sword more suitable to themselves. What they understood was really breathtaking.

“Oh, I take back my words. These two sisters are both very good!” Mumu looked at Hua Yue and Xiao Cao in admiration.

“Yes, they are both good girls. I can’t watch them getting hurt. Mumu, can you leave the piece of butter bread to them?” Yun Xi unsheathed the Crane Wings Twin Swords.

Chapter 126: Innocent Paradise (1)

The twin swords hovered in the air like a pair of flying dragons and respectively locked onto Xiao Cao and Hua Yue as their targets.

“Ding!” Hua Yue’s white gold crossed sword shivered. Her Flying Swallow Sword was interrupted.

Obviously, Crane Wings Twin Swords were stronger than Hua Yue’s white gold crossed sword.

“Ding!” Xiao Cao’s reforged black iron sword couldn’t block the twin swords’ attack. Even though she had tried her best to parry the twin swords with her sword’s unbroken part, it was still useless.

Crane Wings Twin Swords were superior to Hua Yue’s white gold crossed sword. It was matchless amongst all the mortal-ranked weapons.

“Ok, ok, let’s eat the butter bread together!” Yun Xi used Quicksilver Motion, instantly appearing beside Xiao Cao and Hua Yue. He divided the last piece of butter bread into three slices.

“This is yours, Xiao Cao.” Yun Xi gently put the first slice of bread to Xiao Cao’s mouth, feeding her to eat it. Xiao Cao blushed, and this made Yun Xi really feel curious.

Did she really like his butter bread so much? As far as he remembered, Hua Huo, El’phyllis, Milei and Ye Li liked his butter bread too. Did his butter bread really taste so good?

“Ah!” Hua Yue felt jealousy as she watched this scene, but her face immediately turned bright, because Yun Xi came to feed her too.

“Awwoo!” Unlike Xiao Cao, who had eaten the whole slice of bread immediately. Hua Yue first put out her small tongue and lightly licked the white cream on the bread – she even stealthily licked Yun Xi’s finger – then bit the slice of bread bit by bit with a satisfied look.

I lost! Seeing Hua Yue’s cunning behavior, Xiao Cao finally realized what a mistake she had made. She shouldn’t have eaten up Yun Xi’s bread so fast!

They were really engaged in a close battle just now. Neither Xiao Cao nor Hua Yue conceded defeat. In that case, Yun Xi’s intervention was just in time. It wouldn’t mean anything if they kept fighting. However, Xiao Cao suffered a great deal on another battlefield, and Hua Yue wasn’t the last winner, too.

“Mei, feed me!” Mumu stretched out her both hands and kissed Yun Xi’s face. She gazed at the last slice of butter bread with desire, acting like a spoiled child.

This was her privilege as a child. Neither Xiao Cao nor Hua Yue could kiss Yun Xi so easily and not be hampered.

“Ok, ok!” Looking at Mumu’s watery eyes, Yun Xi felt that his heart had melted.

He mercilessly despised Mumu's father in his heart again. How could her father abandon such a cute child so easily?!

"Ah... wuwuwu... Mei's bread is the best! There is Mei's taste inside it!" Mumu licked the white cream on the bread bit by bit with a bright smile on her face.

"It's just a slice of butter bread. Please don't exaggerate. I can make as many as I can as long as there are still raw materials." Yun Xi didn't understand why Xiao Cao and Hua Yue fought for his bread.

Was his bread really so fantastic? His technique had unleashed the food's full taste and nutrition, but they were still normal food.

"We need your bread." Although the battle had ended in a draw, Hua Yue didn't feel at ease at all.

Xiao Cao's advancement speed was too fast. If Hua Yue hadn't awakened her White Gold Rose Bloodline, nor wasn't using her white gold crossed sword, probably she would have been defeated.

"En. Bread is good," Xiao Cao said and nodded, looking at Mumu, who was fed by Yun Xi, with an envious look.

Yun Xi feel that as if he had returned to that small town. He looked at the three girls with a confused look. He remembered that in the past, his childhood sweethearts often kept fighting for his bread too. However, because Hua Huo was the strongest amongst them, she had taken almost all the butter bread Yun Xi had made. Occasionally, Yun Xi would make extra butter bread and only at that time would he could stealthily share that bread with El'phyllis, Milei, and Ye Li.

At this time, the girls had all finished eating Yun Xi's bread. They let out a sigh of relief. The battle between Hua Yue and Xiao Cao was too fierce, getting out of their breaths. They could see Hua Yue's Heavy Flying Swallow Sword and Xiao Cao's Flying Swallow Fourteen Fold clearly, but couldn't understand them. Most of the girls could only understand the starting position of the two different Flying Swallow Sword, and that was due to Yun Xi's seeds in their bodies.

"I see! So this is the Flying Swallow Sword!"

"Hua Yue won't be defeated!"

"But Xiao Cao is strong too! Neither side got the better of the other."

"Can we create our own Flying Swallow Sword in the future?"

Due to Yun Xi's seeds, all the girls had a special feeling towards Flying Swallow Sword. After seeing Hua Yue and Xiao Cao's battle, they had all learned something.

The seeds were growing fast in the girls' bodies.

...

After a night, the tropical storm that had raged last night was like an unreal dream, leaving no trace on the island. The scorching sun was shining on the unknown island, making the girls feel the full power of the heat in tropical regions.

Not only the sun, the air was hot too. Soon afterwards, sweat broke out all over the girls' bodies and trickled down their backs, wetting their tattered clothes.

"I feel so hot! The heat is killing me!"

"Is this the tropical climate? How can people live under these circumstances?"

"I can't live with the smell on my body!"

"We need to have a bath and change our clothes!"

"No! I can't stand it anymore!"

In the scorching sun, the girls finally couldn't stand the current situation.

When they were stranded, they could put up with inconveniences, but it was still a cruel torture to them.

"It's indeed very hot today..." Yun Xi wiped away his sweat from his forehead. This was his first time being on a tropical island. Fortunately, his black maid's uniform could clean itself automatically, so he wasn't as embarrassed as other girls.

“Mei and everyone, guess what I have found!” Ling Ling’s voice came from a side of the mountain with a cheerful tone.

“What? New supplies?”

“You found some new survivors?”

The girls chattered, but none of them guessed the right answer.

“It’s a hot spring! I found a hot spring! This is a volcanic island!” Ling Ling said loud with excitement.

This news instantly ignited these girl’s passions.

“Hot spring! There is a hot spring!”

“I will die if the situation continues like this! I’m saved!”

“Let’s go and have a relaxing time at the hot spring together!”

“Mei, come with me! Let’s enjoy the hot spring!”

Yun Xi didn’t answer. His body was as stiff as a stone now.

Wwwwww... what?!... Hhhhh... having a bath together with these girls?!

Chapter 127: Innocent Paradise (2)

The hot spring Ling Ling found wasn't far away from their temporary campground. It was only about a mile away. However, it was on the other side of the mountain, so they couldn't see it from the platform.

The existence of a hot spring meant that the island wasn't formed by corals, but formed due to a volcanic eruption.

They didn't see steam rising from the volcanic vent, which meant that the volcano was dormant. Therefore, they didn't need to worry that the volcano would suddenly erupt. The ground, piled up by thick volcanic ashes, could be very good farmland. This also explained why there were so many tropical shrubs and little animals like squirrels. However, the most important thing to the girls was still the hot spring.

After a day's hard work, finally they could take a break. Nothing would be better than a hot spring for them. Under the scorching sun especially, their bodies felt squishy and their clothes were tattered. How could they endure such an environment at ease!

"Hurry up. It's here!" Ling Ling stood on a rock above the hot spring and waved her hands at them.

"Hot spring! Hot spring!"

"Thank god! Heaven never seals off all the exits! If things went on like this, I will absolutely be driven crazy!"

“Mei, be quick! Let’s go bathe together!”

To girls, it was one of the best methods to express their feelings with each other. All the girls were expecting a wonderful time and to enjoy the hot spring together with the mysterious black-haired maid.

No one noticed that Mei was trying to dodge their gazes and her face was as pale as a paper now. However, it was apparently impossible to run away without being noticed. No matter how quiet and unimpressive Yun Xi tried to be, his long black hair and the gorgeous maid’s uniform had both exposed him.

Under the scorching sun, all the girls, including Hua Yue and Xiao Cao, were sweating profusely. However, Yun Xi was still not sweating at all. This was really unfair in the other girls’ eyes.

If they hadn’t seen a few beads of sweat dripping from his forehead, they would even wonder if Yun Xi was a mysterious fairy.

Www... What can I do?

After realizing that everyone was looking at him and he wouldn’t have any chance to run away, Yun Xi sweated profusely in his heart. To take a bath together with so many beautiful girls... That was far beyond his moral bottom line.

Why did he have to face such a situation? He only pretended to be his childhood sweetheart’s maid, hiding and training himself in Sword Palace, then he would finally find a way to get rid of that apostle.

There must be something wrong. I shouldn't be surrounded by girls like now, having to bathe together with them! I must find a method to run away. I must! Yun Xi, remember that you are an upright gentleman!

Unfortunately, before Yun Xi could find a way out, the girls had reached the hot spring. The hot spring wasn't large, but it could accommodate forty or even fifty people. Thin mist floated on the water, was really an irresistible to the girls especially in the hot tropical rainforest.

"Well... I suddenly remembered that there is something I must finish..."

"Mumu wants to take a bath!" Mumu's body was as clean as Yun Xi's, but after she saw the hot spring, her eyes immediately brightened up. She cheered and quickly ran to the hot spring, taking off her socks from her snow-white legs.

In the hazy mist, Mumu's feet looked as white as a pair of white jades. She bit her lips, and on her moon-like beautiful face, her big eyes were bursting with happiness. Her silver long hair covered her shoulders, emitting unique, fantastic temperament. Her petite feet, round foot arches, from her toes to her insteps, were showing an attractive gloss. With her sweet groans when she jumped into the water, they were as fatal as poison to Yun Xi's heart.

Her skin stained with sweat was reflecting a beautiful white color. Her petite body trembled due to the hot spring's heat. Both of her shoulders shivered when she bent down, and that posture... Oh. Due to the heat of the water, her thin body started to ooze sweat. Her white skin was covered in pink. Her pink lips groaned, and her small breasts rose and fell with each breath, and her pink buds...

"Awoo..." Mumu's voice sounded like a small fox. Yun Xi wondered if it was her natural talent, because he heard allure in her voice.

Her skin shivered due to happiness and her temperament was becoming charming with her breath and scent. That was a girl's scorching and innocent rhythm of love.

Her soft skin was so alluring that one wanted to bite it, as if one could suck out sweet milk from her skin.

“Don’t be in a hurry, Mumu!” While Mumu jumped into the hot spring, Xiao Cao was taking off her clothes.

Unlike Mumu’s snow-white skin, Xiao Cao’s skin looked healthy and tight. Her long legs that naturally formed due to her regular training were her most prominent features. Even though Yun Xi had seen her body before, he was still attracted by her.

“Let’s go, Mei. Let’s go down there together!” For the first time, Hua Yue exposed her perfect body in front of Yun Xi.

Her skin, waist, legs were so perfect... She was just standing there, but it was sufficient to charm men all over the world. What a pornographic and fatal scene! Especially these girls’ innocent smiles... they were the most terrible monsters in Yun Xi’s heart now!

No! I’m finished! I’m not an upright gentleman anymore!

Yun Xi blushed as if his face was burning.

No, I can’t keep on like this!

Even though his disguise was perfect... but “one part” of his body couldn’t be changed! If he went bathing together with them, there wouldn’t be any chance for him to hide his identity!

“I... I... My family has a special custom that no family members can go bathing together with anyone! I will come back here after you all finish bathing!” Yun Xi made a farfetched excuse, then awkwardly ran away without glancing back.

#### Chapter 128: Girls’ Chat

“Titter!” The girls couldn’t help but laugh out when they saw Yun Xi’s awkward appearance.

“Well, I didn’t expect that Mei is so shy.”

“Isn’t it a pleasurable thing to go bathe together?”

“Yes, her breasts are slightly smaller than average... but is it necessary to mind it so much? At any rate, she wouldn’t be smaller than Mumu, right?”

“My breasts aren’t small! They are very big!” Mumu quibbled with an angry tone.

However, after looking at her flat chest, she had to admit the fact while grinding her teeth that her breasts were indeed very small at this moment.

Well, almost all the girls of the female swordsmen group had thought the wrong way. They thought that Mei, too, cared about her flat chest and didn’t want to let anyone realize this point, so she chose to run away. This little flaw didn’t hurt Mei’s impression in their hearts, but let them feel more intimate.

Haha, so Mei also had her weak point. She was too cute!

“By the way, Hua Yue, how can your breasts be so big? What’s your method of absorbing nutrients?”

“Yes, yes! How did you maintain your skin? Your skin is as smooth as milk! I’m jealous!”

After someone opened the conversation, almost everyone had focused their minds on Hua Yue. They had to admit that after awakening her White Gold Rose Bloodline, Hua Yue’s beauty and body shape were both the undoubtedly number one amongst all the girls. Especially her chest... Even three Xiao Caos were no match for her! The gap between them was as wide as a gorge.

“Well, firstly, you need to drink milk. I recommend you drink the milk from Western God’s Domain’s plateau areas. They are not cheap but I can help you reserve them after we enter Sword Palace.” Hua Yue didn’t try to hide her secret but shared it with everyone generously.

As long as they were still in puberty, the growth of their breasts wouldn’t be irremediable. Not to mention that even after puberty, there would still be many ways that could make up for their lifetime regret.

At this time, the multi-headed dragon must be mentioned here. In the eyes of the girls whose breasts were pathetically flat, its blood was really a fantastic medicine, and no matter how many years had passed, its wanted lists were still hanging all over the universe, because too many girls were eager for its blood... Well, how to describe it concretely? It was said that in order to hunt the multi-headed dragon who was really good at escaping, dozens of female groups had formed a huge organization called “The Alliance of Hunting Multi-headed Dragons”. The members of this rare female organization were all over the god’s domains. As long as they found any trace of the multi-headed dragon, they would chase after it by fair means or foul.

“What?! Does such a fantastic medicine really exist in the world?”

“I heard that its blood is even effective on legend-ranked adult females! Oh gosh, I want its blood!”

“The multi-headed dragon must still be alive! There is still hope for me yet!”

Undoubtedly, to pursue a perfect body and chest were all the girls dreamt of. Even if they were already older than sixteen... they were still young girls! The legend-ranked females who were still hunting for the multi-headed dragon diligently from one god's domain to another also thought so!

After discussing the multi-headed dragon's miserable fate with their great enthusiasm, the girls started to talk about their own fantastic changes.

“By the way, I find that my skin has become far better than before!” No one knew who said it, but soon afterwards, all the girls joined in the discussion.

“Gee? You too? I thought that it was my illusion! Great!”

“Look! I was always distressed at my scars. But they had suddenly disappeared one day!” Ling Ling raised her hand to prove her words.

Not only her. All the members of the small female swordsmen group had noticed that some inexplicable change had occurred to their bodies. Their skin had become much smoother, and their thinking had become clearer. When they practiced their sword skills, their growing speed had frightened even themselves.

At first, they thought that it was just an exception, but after this bathe, the secret wouldn't be a secret anymore. So, not only Hua Yue and Xiao Cao were becoming stronger and stronger. In the past few days,

over ten girls had felt that the door to the second rank was opening up to them, and other girls had also touched the edge of the second rank.

“So, everyone is the same!”

“Incredible! I was told that my talent was bad and no matter how hard I tried, I could only reach the second rank in my life. However, I have the self-confidence to reach the second rank... no, even a higher rank now!”

“Yes, me too! I don’t know the reason, but I do have the confidence to follow Hua Yue, Xiao Cao, and everyone to reach a higher realm!”

“I even started to wonder why I was so foolish in the past. Why did I have to spend such a long time to practice the simplest sword skill at that time?”

Hua Yue and Xiao Cao looked at each other, wearing an expression of “could that be the reason” on their faces. Everything had been changed since that day. More specifically, since the moment they met that mysterious black-haired girl.

The mysterious black-haired maid perfectly conformed to the tale that only spread in Sky Sword God’s Domain. After obtaining a strand of her black hair, everything started to become fantastic for them.

Due to her black hair’s blessing, Hua Yue awakened her family’s old White Gold Rose Bloodline, and Xiao Cao obtained her perfect Mortal’s Sword. Other girls hadn’t obtained that many changes like Hua Yue and Xiao Cao yet, but their sword skills also started to contain inconceivable spiritualities.

The most important thing was that they came together because of this reason and link, and finally became intimate with each other.

Why had that happened? They should have separated and never had any links after Sword Palace's entrance test. But now, they got along well with each other, having formed an inseparable small group.

"Haha, as I expected, Mei is different."

"Hua Huo is stronger, but Mei has a different charm. I always feel happy when I can stay with Mei."

"Yes, yes! I think that Mei's potential isn't inferior to Hua Huo's!"

"Mei is the main reason that we can be together."

At this moment, the girls finally ensured that the smiling, warm, mysterious black-haired maid was the tie linking everyone together. No one knew when it started, but her and them had become so intimate now, as if an invisible thread named "fate" had linked them and their beloved Mei together.

In the female swordsmen group, Mei was special and unique. No one could replace her. Mei was the moon, and they were the stars around the moon, sparkling with charming moonlight.

Chapter 129: Synchronous Reaction

"I... I suck," Yun Xi laughed at himself and gasped.

With great difficulty, he had finally forced himself to run away from the girls. He knew that he shouldn't go to the hot spring with them, but he didn't say no immediately at that time and finally, almost made an unforgivable mistake.

If Hua Huo was here... A shudder run down Yun Xi's back. Hua Huo's Jealous Radar would have made her go mad. Fortunately, Hua Huo was far away and wouldn't know what happened. He was really lucky.

...

At a place far away from the island Yun Xi and the girls were at, Hua Huo and the twin witches were fighting a large monster side by side.

"No! Something is wrong!" Hua Huo felt an inexplicable irritation a moment ago.

She didn't know why she suddenly felt gloomy and fretful, but since she had fallen into this sea area, an ominous presentiment kept haunting her heart. She had a persistent suffocating feeling, and restlessness as if her blood was flowing backwards. What was happening to her Little Xi at that place she couldn't reach?!

"Don't get distracted! This is a tough enemy!" Red Lotus noticed Hua Huo's absent-minded look.

She had to warn Hua Huo as they were fighting a powerful monster. The monster's whole body was covered with a thick shell. Only its milky white part under its shell was exposed and suspended in the air. Its tentacles shockingly revealed a kind of red blood. It wasn't a local monster from White Lotus Sword Domain. It was an intruder from the void, having broken into the sword domain through the hole that the White Holy Dragon had made.

“I know! I know! I just can’t stop worrying!” Hua Huo was driven into a frenzy again. She felt uneasy due to some unknown danger.

Little Xi, you must be safe!

...

“If things go on like this, I can’t avoid all accidents,” Yun Xi sighed, looking at his own face’s reflection on the sword blade.

His skin was as white as snow and his black hair was so smooth that it could even reflect rays of sunlight. If Yun Xi didn’t know that this was his current appearance, he would even be captivated by his own look.

The greatsword maid’s legacy was too terrible! It could even change a person so much! No wonder that Hua Yue, Xiao Cao, and all the other members of the female swordsmen group doubted him. They even invited him to go bathe together. However, he was 100% male. The black maid uniform’s disguise couldn’t hide his true nature.

To be honest, no one would be indifferent to Hua Yue’s and Xiao Cao’s naked bodies. He was a man. He couldn’t stop his physiological reactions.

“Elf, elf, what did you think of me that night? Was it really a dream?”

Yun Xi had had only one experience of skin to skin contact. He only intertwined both his body and soul with a girl once. He couldn’t help but remember what happened that night again.

Was it a dream or reality?

That night, under that memorable tree, he walked up to her, holding her hands and kissing her lips. With his hand stroking, the elf's body shivered. Her long legs tightly closed due to her nervousness. He stretched out his hand, taking off her shoes and socks from her beautiful feet. Under the moonlight, her feet shuddered as if they were a pair of cheeses, spreading a delicious scent in the air. He looked at her gem-like legs as if he was staring at the most beautiful piece of art in the world. In his eyes, nothing was more beautiful than her legs.

The elf blushed. She turned her face and waited, suppressing her groan with all her strength, but finally failed to control her mood. She put down both her hands, tightly holding the grasses on the ground in her hands.

He gently licked her feet and kissed her foot arches, kissing her white skin from her toes to her insteps, leaving his kiss marks on her slender legs. The elf sweetly groaned, opening herself up to him. What a beautiful body! What a strong allure! Yun Xi already couldn't control his desire any longer...

"Whoa... What am I thinking!" Recalling that he was remembering the most embarrassing part in his memory, Yun Xi's face instantly turned red.

Yun Xi finally failed to recall which part was a dream and which part was reality.

...

Immersing in the hot spring with hazy mist, Mumu's small face turned red. "What's this? What's this weird feeling?"

Mumu was too young to know the meaning of this strange, exciting feeling. She felt as if someone was gently raising her feet, kissing her from her toes to her insteps, then from her insteps to her foot arches.

After that, she felt as if someone was lifting her face, gently kissing her lips and opening her mouth with his tongue. The person was tasting her mouth and intruding into the inside of her mouth. She gingerly put out her tongue, intertwining her tongue with the nonexistent tongue.

The warm tongue made Mumu lose her head. She couldn't help but emit a sweet groan. With a few beads of sweat on her skin, her petite body shook due to stress. In the warm water, Mumu's body started to sweat. Her white skin was covered with a layer of pink.

Why? Why am I feeling so comfortable?

Her mouth's temperature was rapidly rising, as if someone was taking her lips, making her blush and immerse herself in happiness. Her ears, legs, chest, and invisible tail were warming up, as if a pair of burning eyes were looking up and down at her body rudely.

"Whooooa!" Mumu held her slender feet in her hands, but found out that her snow-white hands were uncontrollably stroking her feet.

She didn't want to do that, but couldn't suppress the impulse from deep within her heart. Moreover, she didn't know why she had this feeling, but when she stroked her body, she felt that it wasn't her doing so, but someone else.

Her slender legs were inexplicably sensitive at this moment, a few simple touches had made her body limp. Suddenly, Mei's face appeared in Mumu's mind. Her petite body shivered, finally emitting a sweet melody with an unstoppable joy.

Almost at the same time, the elf in Yun Xi's mind suddenly turned into Mumu. The silver-haired girl lightly bit her lips, giving a shy and stealthy glance at Yun Xi with an unquenchable expectation in her timid eyes.

Chapter 130: Destiny Knot

"Gee?!" Yun Xi couldn't believe his eyes. Why did Mumu's appearance suddenly emerge in his mind?

What was wrong with him? Why did such an evil idea suddenly pop up in his mind? Mumu had no relationship with him, and the only link between them was the seed he planted in her body for protecting her. Why did the elf suddenly become her?

...

"Ooo!" Mumu emitted out a cute groan. She feebly fell down in the hot spring and lost her voice due to shame.

That was too awkward. Why did her body feel this way? Whooooooh! No, Mumu wouldn't be a bad child!

"Mumu, are you ok? Did you bathe in the water too long?" Hua Yue asked with concern. She looked at Mumu's burning face, then stretched out her hand to take her temperature.

"Your face is hot! Your temperature is too high."

"Hiss!" Mumu blushed as if she was burning. Her snow-white skin was covered with a layer of pink.

“Mumu is becoming a bad child! Whooooooh!”

“Be good, be good, it’s okay. You just stayed in the hot water too long. Children shouldn’t bathe in a hot spring too long!”

...

“Something happened just now?” Yun Xi gazed at the thread between himself and Mumu, which had suddenly been dyed with a suspicious red coloured layer.

Yun Xi was sure that before he had gone to the hot spring, the thread was still normal. But something strange had happened to Mumu’s seed just now.

“Mei’er, why has this thread changed its colour? Shouldn’t the threads all be transparent?”

“In fact... that’s... a hint from your love system...” Mei’er stammered. She was too embarrassed to explain that.

“What’s the hint that makes the thread turn red?” Yun Xi suddenly had a kind of foreboding.

“Perhaps... Maybe... It should be... a hint about the resonance between two lovers... Which means, master and Mumu have a very high synchronization rate.” Mei’er finally told Yun Xi the startling truth.

“This is a hint from the great stars. It’s just like the destiny knot in Eastern God’s Domain’s fairy stories.”

“A destiny knot between Mumu and I? Don’t be ridiculous. She is still a child!” Yun Xi shouted.

At any rate, Mumu couldn’t be his lover. She and Ye Li must wait for at least seven... eight years to be his candidate brides! If he stretched out his hand to them before that, he would be worse than a beast!

He always considered himself as an upright gentleman. He only wanted to run his bakery and marry one of his childhood sweethearts!

“It has nothing to do with the thread... Perhaps it’s because master and Mumu have a high corresponding nature...” Mei’er also didn’t know the reason clearly.

Whatever she thought, she didn’t think that Mumu would like Yun Xi so much from the very beginning. That was too weird.

Only Hua Huo’s love had reached such an extent so far as she knew. The twin witches, Hua Yue, and Xiao Cao were still far from reaching this extent.

“Heck, how can it be possible! Mumu isn’t even an Eastern God’s Domain local person!” Yun Xi was speechless to hear his star elf’s stupid words.

Perhaps it was a bug in his love system. After all, according to his personal experience, the great stars were unreliable when things referred to love. Awakened the sleeping beauty by kissing and saving the princess on the tower... How old these fairy stories were! What decade were the stars living in?

It must be the same reason to make the stars mistakenly believe that Mumu's thread was a destiny knot. A girl came from a distant place to look for his father, didn't this sound like a fairy tale? Was it one of the reasons?

"She is young, but you can wait for her to grow up, my master!" As the communicator of the great stars, Mei'er didn't think that the stars would make mistakes.

The stars recorded the universe's beginning and its end. Their will was beyond time and all living beings' imagination. Since the stars thought that the thread between Mumu and Yun Xi was a destiny knot, then they shouldn't be wrong. After all, the Star Love System was made for teaching Yun Xi how to "love" and escape away from his four ex-girlfriends.

"Since you can accept Ye Li, why can't you accept Mumu? Cheer up, master!"

To the star elf, she didn't care about the moral principles of mortals. She only needed to follow the stars' will, helping her master grow up, learn how to love, and to become strong.

"I don't understand! I mean, I was unlucky enough in my past life. Why do I have to continue to make mistakes? Can't I just have one lover? Can't I keep hiding my identity and marry Hua Huo? Isn't that good enough?" Yun Xi sighed.

"Sorry, but you can't. If you choose Hua Huo, I have to say that only death is waiting for you." Mei'er immediately warned her master to give up this impracticable idea.

If Yun Xi was satisfied with the existing state and married Hua Huo, after the apostle found him, he would die... no, his condition would be even worse than death!

“I know, I know. I’m just saying. So... Do I have to use this method to become stronger?” Yun Xi raised his hand and gazed at the girls’ seeds.

Every minute, every second, there was various information flowing into his body via the seeds’ threads. Likewise, his information also flowed to the girls via the threads at the same time.

Taking the twin witches’ seeds and Hua Huo’s seed as the peak that he could reach, himself as the core, and the dozens of female swordsmen as the branches, a web made by using the stars’ power had been born.

It looked like a beautiful star map. He was the sun, and the girls were stars, revolving around him. The sun and the stars were connected by countless light threads like a never-ending rhythm.

“Like the sun that will rise from the horizon every day, even if I’m surrounded by the relentless darkness, I will also break it by using my mutilated body. Like the night that will come every day, even if I’m troubled due to the twisted fate today, I still believe that the world will never change. Only we will be changed. The truth that we are still alive is our strongest weapon. The sun, the moon, and the stars will never to be separated.”

The sun and the stars had appeared, then where was the moon? Maybe it meant that the most excellent girl would rise from the stars, becoming the moon to accompany the sun?
