

Starchild 151

Chapter 151: Water God's People

"The world needs to be changed, and you are the people who will bring those changes. So, look for the most beautiful bride for me. This is your only quest, and I don't need any other gifts. If you find the most beautiful bride, I will give you my greatest blessing."

Water God's Eye disappeared in the air after saying these words. Only Yun Xi and the archer stayed where they were, looking at each other.

"Yun Que... what a nice name." Yun Xi didn't know the meaning of the name in Ten Leaves Alliance and the story about love and hate between Yun Hai and Yun Que.

"Your name is Yun Hai? That Yun Hai?" Yun Que frowned after noticing Yun Xi's pseudonym.

Was it a coincidence? She did know that there were many people named "Yun Hai" in Sky Sword God's Domain. However, Water God chose "Yun Hai" and "Yun Que" as its apostles at the same time. What did this mean?

"Can you tell me where this place is and why I am here?"

Since she had accepted her new identity, then she must get the situation under her control.

Obtaining the greatest achievement with the minimum price. This was always her life creed.

“This is a world named ‘Water God’s Fantastic Island’. We have been chosen by the Water God, and have to accomplish Water God’s quest as its apostles.” Yun Xi tried to use the most simple words to describe the situation.

“Then what is the difficulty? The people on the island should have offered their most beautiful girls to their god willingly. Why didn’t they do this?” Yun Que seized the key problem from Yun Xi’s words.

Water God was a god, a legendary creature. No matter which god’s domain it was, it deserved to be accorded the highest level of reception.

It was too easy to a legend-ranked being to have a bride. If “Yun Hai” wasn’t wrong, this was Water God’s Fantastic Island, then it should be the only god of the people on the island.

How dare they disobey their god?

“In fact, a Sky Sword has come to the island and is going to slaughter Water God,” Yun Xi said awkwardly. After all, he should have originally belonged to human camp at first.

“Sky Sword! Who is this Sky Sword...” Yun Que’s pupils contracted.

That’s right. No pay, no gain. She obtained the power, then she must use the equivalent effort to pay for it. This corresponds with her understanding about the world’s rules.

Since Water God’s Mask gave her the hero-ranked power, then it was logical to fight against the Sky Sword for it, even she knew that the Sky Sword must be super strong.

She just hadn't known who the Sky Sword was. After all, there were a dozen Sky Swords in Sky Sword God's Domain. Although they were all Sky Sword, but naturally, some of them were stronger.

Theoretically, all Sky Swords were at the same level, but people still ranked them according to their legends and combat records.

The top three Sky Swords were far beyond other Sky Swords.

If the Sky Sword was one of the top three Sky Sword, they could just give up and surrender to the Sky Sword, because the three Sky Sword were titled as "Deicide". They really had killed gods!

They were the reason why Sky Sword God's Domain was one of the strongest god's domains in Eastern God's Domain. As a member of Ten Leaves Alliance, of course she knew that they were invincible.

"I don't know, but I think that the Sky Sword should be very strong." Yun Xi knew nothing about the mysterious Sky Sword.

No one knew the exact number of Sky Swords. Except for the three Sky Swords in Da Zhou Sword Domain, Da Han Sword Domain, and Da Tang Sword Domain, other Sky Swords didn't always stay in Sky Sword God's Domain. Some of them had even disappeared for thousands of years.

Yun Xi had no clue to figure out who the Sky Sword in Water God's world was.

"In that case, we should go to investigate it. First of all, we should grasp the situation. Since we are Water God's apostles now, we should do our best to finish the quest. Please treat this quest seriously!"

Yun Que was more stubborn than Yun Xi had imagined and had amazing enthusiasm. Quickly, they had ridden on the white tiger's back, coming to a small village nearby the forest.

To the peaceful small village, the white tiger's coming got the whole village astir.

"It's Mountain Lord!"

"Is Mountain Lord angry?"

"Be quick, be quick! Prepare sacrifices for Mountain Lord!"

Soon afterwards, people respectfully carried a farm cow as the sacrifice, walking to the white tiger.

"Roar!" The white tiger triumphantly raised its paw to frighten the villagers, scaring them out of their guts.

"Stop, Little Mu." Yun Xi patted the white tiger's head.

"Roar!" The white tiger felt wronged. It slouched down, showing Yun Xi and Yun Que on its back to the villagers.

"Wha... what! There are two people on Mountain Lord's back!"

“Impossible! Mountain Lord only follows Water God’s command. How can it allow any human to sit on its back!”

“Can... can it be...” The villagers lived in the small village from generation to generation. Sometimes, the white tiger would come to eat sacrifices, and it was the greatest creature the villagers could see. They didn’t believe their eyes looking at this scene.

Most of the people immediately bated their breaths when they saw Yun Xi and Yun Que on the white tiger’s back.

“We are Water God’s apostles. Are you Water God’s people?”

“Plop!”

“Plop!”

“Plop!”

The villagers finally realized who they just saw. They dropped to their knees one after another with tears coursing down their rough cheeks.

“Welcome, Water God’s apostles. Welcome to our village!”

“Praise the great Water God! My life already has no regrets now!”

“Long live Mountain Lord! Thank you for bringing the Water God’s apostles for us!”

Chapter 152: Lu Lu

“Very well. At least, Water God is still worshiped in this village.” Yun Que let out a sigh of relief.

After knowing that a Sky Sword had come to this world, she was worried that the situation had become hopeless. Judging from the situation in the village, she knew that she had been overly worried unnecessarily.

At least the ordinary people in this world still thought that Water God was their only god. She could see incomparable, pure godliness in these villagers’ eyes. They hadn’t betrayed their god.

Even though the village was just a corner of this whole world, she could tell that Water God hadn’t alienated its people by being unsympathetic to them. People didn’t think that their god was an evil god. This was a critical point for them to finish their quest of “Looking For the Most Beautiful Bride for Water God”.

“We need to rest a while in the village. Excuse me for bothering you.” Yun Que started to carry out her plan. The white tiger’s identity was exalted than she had imagined. She had planned to apply its identity in a flexible way.

“Don’t say that! It’s our honour to serve you, Water God’s apostles!”

“Be quick! Go prepare food!”

“And you, go pick flowers!”

“This cattle! Kill it and cook it now!”

The coming of the two apostles was obviously a memorable story for the ordinary small village. All the villagers were fanatical, and this fact made Yun Que feel very satisfied.

After that, Yun Que rested in the village head’s house and found the general records of the village there. She spent the whole night remembering the history, population, land and the number of livestock of the village. Of course, she paid most attention to the girls that were of the right age in the village.

“In this world, age for marriage is from twelve years old to twenty-four years old. But Water God is a legend-ranked being, it should not mind the age of its bride. In that case, I should liberalize the age range. The bride should be a pure girl but not a married woman, so the proper objective in the village is...”

Yun Que recorded and made her plan. She had almost forgotten that there was another apostle who had the same mission. But it didn’t matter. She had been used to it from a long time ago. An archer normally performed tasks alone. Moreover, she was a Phantom Archer who had the dark elf bloodline. It was normal for her to go her own way without any help.

Her bloodline was cursed and despised, so she didn’t trust anyone from a long time ago, and so she disguised herself. With the “Blood” power the Water God’s Mask granted her, her disguise had become more flawless. As long as there wouldn’t be another god-like being, no one would find out that “he” was a “she”, not to mention her dark elf bloodline.

...

As Yun Que read up the village records, Yun Xi was walking around the village.

The white tiger, who was three metres tall and ten metres long, was following behind him, acting like a kitten.

Yun Que was also a Water God's apostle, but it preferred staying with Yun Xi.

"Little Mu is a nice name." The white tiger thought and licked its paws, accepting its new name with a quiet conscience.

"Hello..." Yun Xi stopped. He looked at a girl who was drying medicinal herbs in the sun.

The girl was about sixteen years old. Somehow, she had a pair of animal ears on her head, which looked pretty like a puppy's ears. Her face was comely and her eyes were timid and gentle. She blushed after seeing Yun Xi, which made her look even cuter.

If Yun Que was here, she could state her name, identity, and family tree precisely. But Yun Xi knew nothing about her. He just felt that she was pretty cute.

"Tempting Heart" doesn't need a reason, does it?

However, Yun Xi felt bewildered because she looked like a girl in his Starwings Knights. If she didn't have the two animal ears on her head, then he would have said that she was that girl.

"You... do you know me?" Yun Xi walked to the girl and asked.

“Yes... You are the great Water God’s apostle.” The girl lowered her head and didn’t dare to look at Yun Xi’s eyes.

Not her? They just had the same face?

Yun Xi looked at the familiar but also unknown girl. He remembered that the Starwings Knights girl was called Lu Lu. She was an introverted girl.

Somehow, she lost her memory after coming to this world and thought that she was a native girl in the village. The changes that had happened to the girl weren’t just her animal ears. Yun Xi could smell the scent of herbs from her fingers and he noticed the green potions beside the girl.

“Are you a pharmacist?” Yun Xi reached out his finger, touched a few of the potions and tasted one.

The faint scent in his mouth and the cold feeling spreading in his body told Yun Xi that it was a great potion. Yun Xi even thought that she was the best pharmacist he had ever seen. If anyone in the village could be the Water God’s bride, then she must be the best qualified one.

“This girl’s information looks good. She has a hope.” At the same time, Yun Que also noticed “Lu Lu” amongst all the villagers’ names.

She was only sixteen years old but already a talented pharmacist. She was like a crane standing among chickens in the ordinary village.

"I... You... If possible, can you give me a bundle of Mountain Lord's hair?" Lu Lu didn't know the reason, but she naturally felt intimacy from the exalted Water God's apostle.

Why? Even though the apostle was wearing a mask, but when she looked at him, she felt that she should be intimate with him. Her heart was beating fast, as if there were butterflies in her stomach.

Chapter 153: Tiger's Power

"Little Mu, give me some of your hair." Yun Xi turned back and caught the white tiger's ear, stopping it from running away.

"Awwoo!" The white tiger sobbed. It reluctantly lowered down its body to let Yun Xi pluck its precious hair.

Whooooooh! It had been the Mountain Lord for so many years. It had never thought that it would be plucked someday.

"Good boy. Good Little Mu." Yun Xi praised the white tiger and stroked its head.

"Awwoo!" The white tiger immediately wagged its tail excitedly.

You want some of my hair? Take as much as you can!

It raised its paw and plucked off dozens of its hairs with its mouth, then picked them to Yun Xi.

“Good boy!” Although Little Mu was ten times bigger than Yun Xi, Yun Xi still felt that it was just an innocent child in his mind.

In some sense, its character was really similar to Mumu. As long as you treated it nicely, it would totally open its mind to you.

“Thank you, your great apostle!” Lu Lu made a stealthy glance at Yun Xi’s mask, then joyfully took out various herbs from her room.

In the legends, the Mountain Lord’s hair contained a special power. Its white hair could be used to make a potion that could greatly increase the drinker’s strength. As the sole pharmacist in the village, Lu Lu was only a step away from becoming a third-ranked pharmacist. As long as she could make the potion called “Tiger’s Power”, she could register her name in the city as a third-ranked pharmacist.

If so, she could wear a third-ranked white leaf emblem on her chest, and the ordinary village would also have its special local product. To her, it was already one of her most luxurious dreams. However, it was hard to obtain even a hair from the Mountain Lord. As a hero-ranked animal, its hair would never fall off naturally.

In that case, “Tiger’s Power” had become a watershed to divide the pharmacists in Water God’s world.

It was said that one needed to pay a great price to obtain a white tiger’s hair from the priests in the city. Naturally, the small village didn’t have that much money.

“There are too many!” After obtaining the white tiger’s hairs, Lu Lu finally realized what a great amount of power there was in the strands of hair.

Her hand was stung even though she just touched the hairs lightly. Water God's apostle was too great. He could order the strong Mountain Lord to offer its hair so easily!

"Don't worry. Little Mu still has a lot of hair." Yun Xi looked at Lu Lu kindly.

In the outside world, she was just an ordinary female swordsman, but after becoming a pharmacist in this world, her talent was greatly released. It seemed that her hidden talent was finally blooming in this world.

Yun Xi could feel her natural talent from her skilled actions when she made the potion.

Obviously, she was more worthy to be a pharmacist than to be a swordsman, but her sword skill talent was also good. As a civilian, she didn't have much choice in the outside world, because in Sky Sword God's Domain, "sword" is the most excellent thing. Parents would do their best to support their child to learn sword skills rather than anything.

Apparently, no one discovered Lu Lu's talent as a pharmacist till she came to this world.

"No, no! That's enough!" Lu Lu waved her hands. Mountain Lord's hair was very valuable.

Even if the apostle said "ok", she didn't dare to ask for more. After all, Lu Lu wasn't a greedy girl. A few strands of hair were sufficient.

"Lu Lu, don't worry. You can do whatever you like." Yun Xi looked at Lu Lu with curiosity, because she was so different from her past appearance in Yun Xi's mind.

Girls were really a mysterious presence. Even though they were linked through the seeds, he still didn't know what she was thinking.

If he was still "Mei", perhaps he wouldn't see Lu Lu's shy look.

Lu Lu lost her past memories and became a native in Water God's world. However, she also exposed something she tried to hide in the outside world. Perhaps it was because this was just a dream world. In dreams, people always truly expressed themselves.

"Thank you!" Lu Lu forced herself to focus on pounding medicine in the mortar.

Her actions were light and nimble, just like her sword skill, containing a special talent. Yun Xi remembered her performance in the past and finally confirmed that this was her talent. Maybe other girls had also awakened their hidden talents in this world.

"Pa! Pa! Pa! Pa! Pa!" As Lu Lu pounded the medicine, the white tiger's strands of hair started to melt in the water mixed with various of herbs.

Milky white liquid deposit in the mortar. Lu Lu had used up almost all the herbs she had collected, then made a bowl of the potion "Tiger's Power".

"Your great apostle, do you want to have a try? It isn't effective on hero-ranked people like you, but it tastes good!" Lu Lu nervously looked at Yun Xi. In order to prove that the potion was harmless, she licked it with her small tongue.

Yun Xi blushed looking at the white liquid on the corner of the girl's mouth. Then, he took over the bowl and took a sip.

“Ah!” Yun Xi suddenly realized that his mouth just touched the place where the girl’s lips touched the bowl.

Was it a coincidence? Was it an... indirect kiss?

“Gee... Whooooa!” Lu Lu also realized it. Her face blushed like a ripe apple.

Chapter 154: Lu Lu’s Sadness

I... Was my behavior too disrespectful?

I actually did such a discourteous thing to Water God’s apostle... Whooooa! Too shameful! I feel like dying!

Lu Lu lowered her head for fear of seeing Yun Xi’s face.

What a failure! Her joy of making the “Tiger’s Power” potion had almost all gone.

“It tastes good.” Yun Xi looked at Lu Lu with a smile. He took another sip of the milky white potion again.

The potion wasn’t bitter at all. On the contrary, it contained a faint scent of herbs and just melted in his mouth.

Unlike what Lu Lu just thought, the potion was effective on Yun Xi, because essentially, he was still a mortal.

He felt his stomach warm up after taking a sip. He felt his body become energetic. His strength had been permanently increased. He could now lift things which were eighty pounds heavier than before.

Don't disdain this improvement, because the human body had its limit.

Maybe a person could only lift a one-hundred-pound dumbbell, but after exercising for a few months the person could lift a two-hundred-pounds dumbbell. However, when the person gradually reaches the limit of their body, even the slightest improvement needed the hardest exercise.

A sip of the "Tiger's Power" potion could permanently increase a person's strength. Even though due to drug resistance its effect would become more and more weaker, it was still a wonder potion to most ordinary swordsmen.

At least, Yun Xi had never seen any similar potion being sold in the small village he was born in. Thinking about it again, it was natural that he wouldn't have seen such a fantastic potion before. After all, the potion needed the hero-ranked White Tiger's strands of fur as a kind of material. How could ordinary people find so many hero-ranked animals in the outside world?

None of the forces in the world had successfully cultured hero-ranked units in quantity. Even though Water God was super strong, it could only gift its power to its apostles, to let them obtain hero-ranked powers temporarily.

In contrast, the "Tiger's Power" potion was more valuable. As a girl who could make the potion, Lu Lu was unique even within the Starwings Knight.

According to Yun Xi's understanding about the star trial, after he successfully finished this trial, Lu Lu could also reap some generous benefits. If there wasn't any incident, Lu Li would become the first pharmacist in his Starwings Knight.

"Did I succeed?" Lu Lu was confident of the potion she made, but she still felt nervous before Yun Xi gave her a positive answer.

No, perhaps it wasn't due to nervousness.

"Yes." Yun Xi said. This was the first high-level potion he had ever drunk.

"Yeah!" Lu Lu clenched her fists with a big smile on her face.

Her effort and preparation finally had a perfect result. After she presented the "Tiger's Power" potion to the temple in the city, she would be entitled to wear the third-ranked White Leaves Emblem. The small village would have its first third-ranked pharmacist.

"You deserve it. Congratulations!" Yun Xi didn't understand why the potion was so important to Lu Lu, but he still felt glad to see her pleased expression because now, Lu Lu's innocent, cute face was more attractive than before.

If it was her... maybe she could be Water God's bride.

This idea kept lingering in Yun Xi's heart. However, Yun Xi still hesitated if he should do that, even though this was his ultimate quest in Water God's world.

“Very good. Long time no see, Tiger’s Power. She is a third-ranked pharmacist now?”

Yun Xi didn’t know since when Yun Que had stood beside him looking at Lu Lu with a satisfied smile. After all. Lu Lu was the most excellent girl in this ordinary, small village.

Her parents had died when they went into the mountains to gather herbs, but she had great talent as a pharmacist so she could live alone. Now, she had even waded across the barrier that stopped most of people in the world from reaching the third rank. Wherever she was, she was very excellent.

Such a girl can be Water God’s bride.

“Yun Hai, write down her name. Perhaps she can be Water God’s bride.” Yun Que didn’t hide her intention. In her eyes, since the villagers in this small village still believed in Water God, then they wouldn’t refuse such an honorable thing.

“Water God’s bride!” Suddenly, the bowl in Lu Lu’s hands fell on the ground and the milky white potion inside the bowl scattered all over the ground.

Lu Lu looked sad and helpless, which deeply touched Yun Xi’s heart.

“Yun Que, stop.” He stopped Yun Que, and shook his head.

“Why... me?” Lu Lu gazed at them with empty eyes. Pearl-like tears dripped down from her eyes like two waterfalls.

“Is it really so sad to be Water God’s bride?” Yun Xi wanted to know her reason.

“No... but...” Lu Lu forced a smile and said, “In the past, none of Water God’s brides had ever returned. To be Water God’s bride... means... that I will leave this world forever.”

Yun Xi was shocked. He understood. Lu Lu believed in Water God, but she also loved the village. She didn’t want to leave the village and the people she knew.

God’s order is absolute, but people’s hearts are complex.

“To be Water God’s bride” was a great event to the people in the world, but to the girls who would be married to Water God, it simply meant that they had to leave their home and family forever. Therefore, Lu Lu looked so depressed and even hopeless.

A strange idea arose in Yun Xi’s heart. As if there was something inducing him, Yun Xi remembered his fourth side quest.

“To Love, Starchild! Life is too short, just enjoy it! Propose to as many girls as possible! After obtaining their marriage contracts, you can have the girls’ power. You are never alone”

He remembered that this was a quest without restricting time and camp.

“Lu Lu, if you don’t want to marry Water God... how about marrying me?”

Chapter 155: Proposal

“If you don’t want to marry Water God... how about marrying me?”

Mumu was shocked.

Did she get something wrong? What did the respectful apostle just say?

He... is proposing her? Gee... Whoaaa?! What’s wrong with the world? Why would Water God’s apostle propose her?

“Oh, don’t force yourself. You can say ‘no’. I don’t mind. This is just a temporary method to help you. I think that if you agree to be my fiancée, then you won’t need to leave the village and marry Water God.”

Yes, “proposing to Lu Lu” was the solution Yun Xi gave.

It looked as if Yun Xi was just acting on impulse, but it was the best choice. If Lu Lu agreed to be his fiancée, then she wouldn’t be chosen as a candidate bride for Water God.

Besides, Yun Xi could also obtain her power in this way. Anyway, it was just a “promise” and not a real marriage, it should be ok. After the star trial finished, she would only remember that she had a vague dream, just like Hua Huo. If Hua Huo remembered what he he had done in his newbie trial and the first formal trial, she would go crazy.

“Well, you don’t remember it but I can tell you that we are not strangers.” Looking at Lu Lu’s puzzled face, Yun Xi decided to reveal some bits of information to her.

“Really? Do you also have this feeling?” Lu Lu looked at Yun Xi happily and surprised.

She wasn't the only person who had the feeling! When she had just seen Yun Xi, she didn't know the reason but she couldn't stop her heart from beating fast. She didn't often make medicine at the door, but today, she had suddenly felt that she should do this, as if she was waiting for a fateful encounter.

“In fact... me... me too...” She said nervously, but still told Yun Xi her feelings.

“I have a feeling that we had met before since I first saw you. If reincarnation is real, we must have known each other in our previous lives.”

No, there weren't any “previous lives”, but we are sleeping in the same cave now in the real world.

Yun Xi looked at Lu Lu's red face and trembling animal-ears, appreciating her feelings.

“Hey, stop. You are Water God's apostle, how can you carry off Water God's bride?!” Yun Que had watched them for a period of time. In fact, she had almost been blinded by their sparking big show of affection. She couldn't stand it any longer!

As Water God's apostle, you were given Water God's Mask, how could you betray Water God!

“Equivalent Exchange” was an immutable rule in the world. Since they had obtained Water God's Masks, they should never betray Water God and join other camps!

“Sorry, but love just happened suddenly. I just can’t control myself,” Yun Xi said and waited for Lu Lu’s answer, even though he knew that even he wouldn’t be convinced by this lie.

“I... I... I can’t answer you now!” Lu Lu hesitated. She froze on the ground, finally, she shook her head and ran away like a little rabbit.

“I told you! She is a candidate bride for Water God. You can’t do anything to her! If you really want to have a love affair, there are still several good girls in the village. You are Water God’s apostle. It should be very easy to you.” Yun Que persuaded Yun Xi from a rational standpoint.

“But... I only want her!” Yun Xi couldn’t tell Yun Que the truth.

He couldn’t tell her that Lu Lu was a member of his Starwings Knight so she couldn’t be chosen! Not only Lu Lu, all the Starwings Knight’s girls couldn’t be chosen as Water God’s bride!

Yun Xi felt that Water God’s world was just too real. He didn’t know what changes would happen to them if they became Water God’s brides. He didn’t dare take the risk. He wanted to do his best to help them.

As for his proposal... at any rate, he was still wearing Water God’s Mask. No one would know his true identity in this world, and after this star trial finished, they would think that this was just a dream.

The world was big. There must be other girls who could let Water God feel satisfied.

“Are you nuts? You are doing something that isn’t suitable for your identity! Don’t forget where your power comes from and the meaning of your mask!” Yun Que pointed at Yun Xi’s mask and warned him.

“I know. I know how powerful Water God is more than you’ll ever know!” Yun Xi touched his silver mask. He knew that he couldn’t change his camp and had to fight against the Sky Sword. But even so, he still wanted to finish his quest with his will unbending!

The mask was fake, but his heart was real and hot!

“I hope that you really know and keep it in your mind! This girl has been chosen as a candidate bride for Water God. I won’t allow you to do anything to her!” Yun Que stared at Yun Xi as if he was something dirty.

“You don’t understand. You don’t understand.” Yun Xi shook his head.

...

Whilst Yun Xi and Yun Que argued, Lu Lu was indulging in the ecstasy of being proposed to by Yun Xi.

How could she refuse him? How would she disagree with his proposal?! She didn’t want to disappoint him, however, the other respectful apostle was looking at them. She just couldn’t say “I agree!” in that case!

“Why? Why? Why did he suddenly propose to me? It was too forward! Shouldn’t ‘love’ be more step-by-step and gentle? But... he won’t stay in this village too long. If I don’t give him a positive answer, I may lose him! Whooooo! What should I do? What should I do? Be quick, figure out a way!” The girl knocked her head with her pestle, as if this action could help her make a decision.

However, she was very happy now.

“Pit-a-pat! Pit-a-pat! Pit-a-pat!” The girl’s heartbeat echoed inside the small room, ineffably warm and charming.

Chapter 156: Separate and Go Different Ways

The second day, Yun Que showed her quality as an elite of Ten Leaves Alliance. She visited all the girls in the small village and recorded their heights, three measurements, and appearances on an exquisite scroll.

Taking the scroll as a reference, she picked out ten candidates as Water God’s bride. She observed and rated them from all angles.

At the end, Lu Lu was still the girl who had the highest rating. Her rating was much higher than others. If they could only choose Water God’s bride from this small village, then she would be the only suitable candidate.

At the same time, Yun Xi was talking with the villagers.

“Dear Apostle, recently, the income-tax man from the city increased our village’s tax rate again! Our burden is too heavy!”

“I heard that there is a new cult in the south. That is ridiculous. What do they want to do? Aren’t we all Water God’s believers?”

“We haven’t seen any Water God’s apostle for hundreds of years! It’s our honour to see you!”

“What? Are there beautiful girls in the nearby villages? Well... of course there are.”

Compared to Yun Que, who always collected information quickly and precisely, Yun Xi was more amicable and approachable. He had become integrated with the villagers.

“Yun Hai, don’t waste your time.” Yun Que just passed by this place. She frowned after seeing this scene.

They were just ordinary villagers, not at the same level as them at all. Even if Yun Hai wanted to gather information from them, why didn’t he just order them to tell him everything they knew? He didn’t need to waste his time in this way!

“Roar!” The white tiger raised its paws with hostility.

“Stop wasting your time! We must find the most suitable bride for Water God!” Seeing that Yun Xi wasn’t going to listen her words, Yun Que looked at him with disdain.

What a stupid man. Don’t you know that your efficiency is just too bad?!

“Yun Que, I’m not wasting my time. It is just not that simple.” Yun Xi leisurely stood up.

This time, the star trial was so different from his past experience. Because this was a “real” world.

Yun Xi didn't know how the stars could do this, but he had confirmed that the people in this world were real. They had independent memories and souls. They had their love, hatred, anger and fear.

This wasn't a lifeless world like the dark forest or the tall tower had been. This was a world of colours of every kind. The more he understood Water God's world, the more thoughts and feelings he experienced within his mind.

Yun Xi could feel this world's difference. This world was a living painting, containing himself and Yun Que. This time, he wasn't fighting alone.

"I don't understand. Why did Water God choose you as its apostle," Yun Que said and looked at Yun Xi with a puzzled look.

Didn't he want to obtain Water God's last reward? "Equivalent Exchange" was a constant rule for her. The stronger the power she wanted to obtain, the more the effort she had to input. She must move on her road as quickly as she could, so she didn't have time to stop.

This world's background and people meant nothing to her. Her only goal here was to find a suitable bride for Water God.

"Well, you can just take your time here. I will go to the next village."

No common goal, no common cause to cooperate. Yun Que felt that her partner, the apostle who named himself "Yun Hai" was really an unreliable man. She didn't want to cooperate with him any longer.

“Hum... you go first. Little Mu and I will stay here for a period of time. Maybe our efficiency will be higher after separating.”

“Good bye,” Yun Que said, then immediately left the village with carrying the scroll she had made.

Perhaps they wouldn't see each other again. Their ways of doing things were totally different. She was prepared to walk around the world as fast as possible, then find the most beautiful bride for Water God to complete the quest. As for “Yun Hai”... perhaps after she finished the quest, he would be still wandering around this area.

Sigh, why did Water God choose him?

“Roar!” After Yun Que left the village, the white tiger stretched itself, then turned its body near Yun Xi.

In its heart, it felt that the apostle named “Yun Que” was always as tense as a bowstring that was stretched taut, as if something forced him to keep moving without taking a rest. “He” was too dangerous.

“Yun Que... what an incredible guy.” Although Yun Que despised Yun Xi, Yun Xi still felt that the archer's temperament was respectable.

He could feel Yun Que's belief of never giving up in any circumstance. “He” was a real warrior.

But wasn't he an archer? Why does he have such a warrior-style temperament? Isn't an archer a career where one is always sniping their enemies stealthily from a distance?

“Huff... huff...” When Yun Xi was thinking, a feeble figure ran towards him.

“Cough... ha...” Lu Lu was running with all her strength. Perhaps she had never run as fast as this in her life.

“Thank god! You haven’t left!” Lu Lu felt a sense of relief looking at Yun Xi’s silver mask.

“Everyone said that the apostle had left. I thought that it was you.”

“Oh, it’s Yun Que. He has gone to the next village.” Yun Xi’s heart ached as he looked at the girl panting for breath.

“I... regret it. I’m regretting now...” Lu Lu’s shoulders slightly trembled.

When she heard the news that the apostle had left, she felt her heart go cold as if she was falling into a frozen lake.

Water God’s apostles didn’t often appear in ordinary people’s world. They were Water God’s spokesman and servant. Sometimes, they would come to the human world, but it wouldn’t be for long.

If it was Yun Xi but not Yun Que who had left the village, Lu Lu felt that she would regret for a lifetime. Because there was still something she hadn’t told him. The answer to Yun Xi’s proposal. Maybe her answer would be counterintuitive and profane in the eyes of the villagers. However, it was the answer she had thought of for a whole night, which she would never regret.

“I... I agree! Yes, I want to be your bride!”

In the morning mist, the girl's blushing face was bright like the rising sun.

Chapter 157: The First Fiancee

I don't want to lose you, for that, I will tell you my heart's feeling bravely: I want to live my whole life together with you!

For the first time in her life, she had such a passion in her heart. This was the only opportunity to dominate her destiny after her parents' deaths. No matter what would happen, she wouldn't regret the decision she made at this moment.

“Have you really decided it?” Yun Xi looked at Lu Lu. The light in her eyes was so bright.

She didn't have her past memory. She didn't know who he was and where he was from. In this world, Lu Lu was just an ordinary village girl who had only inherited a pharmaceutical skill from her parents.

She was entitled to be Water God's bride, but she had decided to resist her destiny. She didn't know his true identity, but she still believed him, entrusting her life to him.

In Yun Xi's eyes, Lu Lu was so cute and bright like a sparkling gem. Unfortunately, this wasn't a real world. After Yun Xi finished his quest, perhaps this world would return to the void. However, before that happened, he would promise her that she would become his fiancee. In response to her expectation, he would help her escape her fate from becoming Water God's bride.

“Do you really want to be my fiancee?” Yun Xi asked her in a gentle tone.

“Yes. I won’t regret it. No matter what will happen, I want to stay with you. From today on, I hope I can learn a lot from you!” Lu Lu shyly lowered her head.

In Water God’s world, once a girl agreed to marry a man, it meant that the girl had entrusted her life to the man. From that moment on, her life and her future would be bound together with that man tightly. Because Yun Xi was Water God’s apostle, his promise was equal to a vow from Water God. It would be guaranteed by the god.

“‘Side Quest Four: To Love, Starchild!’ is opened. You have signed the first contract with your first fiancée! Overlap Lu Lu’s power of fate with your power!”

Yun Xi heard the system’s beeps. At the same time, a total new power flowed into his body without getting stuck. From now on, Lu Lu’s power had totally belonged to Yun Xi.

The first superposition was completed!

A large “one” pattern appeared behind the Side Quest Four in the system. It meant the current number of Yun Xi’s fiancée.

“Thank you. Thank you for trusting me.” Yun Xi held the girl’s hands. Her hands were soft but warm and strong.

If she hadn’t decided to accept him, she wouldn’t have run to this place desperately to tell him her answer.

“Whoa! I... I will try my best. I know how to cook, clean the room, refine medicine and... what to do at night...” Lu Lu spoke haltingly. Her ears turned pink after saying that.

“Don’t worry. You are still a child. I will marry you after you grow up,” Yun Xi said. He smiled looking at Lu Lu’s bewildered expression.

“I’m not a child! At my age, many girls have had babies!” Lu Lu threw out her chest.

She wasn’t lying. Many girls in the village, some of them even younger than her, were already married.

“Ah...” Yun Xi was agape and tongue-tied. Wasn’t it only for helping her to avoid to be chosen as Water God’s bride? Why did she look at me so seriously?

Did I say something wrong? Did she misunderstand my words? But... Why? Why do her shy eyes and blushing face look so cute...

“I know! I’m not mature enough! Dear Apostle, you are a great man, you must have had a lot of brides. However! I have my own strong points! I’m just a third-ranked pharmacist, but I’m still growing. I still stand a chance to reach the fourth rank. So... so... don’t look down on me!” Lu Lu pouted.

“Wait! Wait! I don’t have a lot of brides! You are my first fiancée!” Yun Xi raised his hands.

“Gee? I’m the first? Impossible! Many people in our village have three or four wives!” Lu Lu looked at Yun Xi in surprise. “You are so mature and strong, why don’t you marry a lot of brides? It’s too abnormal!”

“Well, is this the tradition of this world?... Nah. Anyway, you are my first fiancée. I promise.” Yun Xi didn’t know how to explain it. He looked like a middle-aged man now. It seemed that in this world, it was very strange that a man at his age hadn’t got married.

“I... I’m the first...” Lu Lu was shocked.

To become the great apostle’s first wife... what a great honor. She was just a village girl. Did she really deserve it?

According to the tradition in Water God’s world, a man could marry several wives. Normally, a man’s first wife was very important. According to the man’s identity and family, the man’s first wife had been decided even before he became a grown-up. Marriage must be well-matched in social and economic status. This was a basic rule that had been recognized by all the classes in the world.

She... she was the first?

She didn’t even dare to dream it!

Water God’s apostle was handsome and personable. Shouldn’t he have married dozens of brides?

“Don’t worry. I will be responsible for you.” Looking at Lu Lu’s confused face, Yun Xi smiled with the corners of his mouth upward. He gently stroked her head and said, “I want you to be my first fiancée.”

“No, I can’t!” Lu Lu’s thoughts returned to the world. She quickly shook her head.

“No, you can’t say no. You are the first!” Yun Xi teased her. Anyway, this was just a trial world. After the star trial finished, she would forget this experience.

Yes, I’m not going to become a scum. It’s not my intention. I just want to help the girls avoid to become Water God’s brides, and increase my power incidentally!

Was this the true meaning to ‘Side Quest Four’?

“But, but, I don’t deserve it,” Lu Lu said, “At least, not till after I become a fourth-ranked pharmacist...”

“Don’t be afraid. I believe in you. Do you believe in me? If so, believe in yourself, believe in the you that I have faith in. You are weak now, but please, believe that you are a girl that deserves to be my bride!”

Chapter 158: The Wedding Gown

“Is it real? Even if an ordinary, weak girl like me deserves to be your bride? Dear Apostle, do you really believe in me?” Lu Lu gazed at Yun Xi’s mask with excitement and hesitation.

He was the first person who had believed in her in her life. She was just an ordinary girl who was born in an ordinary village, a girl who only knew how to make medicine. Did she really deserve his trust?

When Yun Xi held her hands, her heart was beating fast feeling the temperature of Yun Xi’s hands. She could barely look at Yun Xi’s eyes after hearing his words.

“Yes, you should trust yourself. You will become a lady who won’t lose out to anyone in the world!” Yun Xi was sure about it, because her fate had been changed by his seed in her body.

According to what Mei'er had told him, she had a limitless, bright future.

"I... I will try my best!" Lu Lu blushed. She felt that her hands had almost been melted in Yun Xi's warm hands.

'What should I do? Does my face look strange now? Will he feel that I'm a weird girl? Oh, his hands are so big! Ah ah ah! Idiot! Idiot! I'm an idiot. What am I thinking?! Why didn't I behave more gentle and restrained? What a shame!'

Not surprisingly, compared to the honorable apostle, I'm still a child. He just said a few words but he helped me regain my courage. I raise my head and gaze at his mask. I can feel his mature temperament and gritty determination.

Am I really his first fiancée? To be such a great man's first fiancée... it's wonderful, like a dream. I must make greater efforts to become a better lady, so that I can live up to him!

...

After that, Yun Xi announced his engagement with Lu Lu to the village people.

"Oh oh oh oh oh! Dear Apostle, you will marry Lu Lu? It's her honor!"

"Oh, praise Water God! How lucky Lu Lu is!"

“Dear Apostle, my daughter is also good! Of course, she isn’t as good as Lu Lu, but if you don’t mind...”

“Banquet! Banquet! We must hold a banquet immediately! This is the biggest event in our village’s history!”

As was expected, all the villagers began to rave. They all showered their blessings on Lu Lu and Yun Xi, and no one doubted if there was something wrong.

Looking at these villagers, Yun Xi felt slightly guilty in his heart, because he wasn’t really going to marry Lu Lu. It was just to help her avoid becoming Water God’s bride. However, everyone thought that it was the happiest thing for Lu Lu to marry Yun Xi. Being affected by them, even Yun Xi himself started to have such an illusion.

The villagers built a dais beside the burning bonfire. Lu Lu was wearing the village’s traditional clothes, standing beside Yun Xi.

Red and white cotton dress, black cotton belt and a flower-like hair headdress were the traditional clothes of the village, which would only be worn by the bride on her wedding. Yun Xi said that it was just an engagement, but he was Water God’s apostle. His marriage would be witnessed by the god, therefore no one thought that he would have any regrets.

In everyone’s eyes, including Lu Lu herself, when she agreed to be Yun Xi’s fiancée, she had become his property. In Water God’s world, a girl agreeing to marry a man meant that she had entrusted her life to the man. Therefore, a “wedding” was an extremely holy ceremony in all the people’s hearts.

The villagers ignited the bonfire. They drank and danced, showering their blessings on Lu Lu.

It was an important event that would be recorded in the village's history.

"Isn't... it too formal? It is just an engagement ceremony." Looking at people's happy faces, Yun Xi suddenly felt that something was wrong.

He felt that it was nothing like an engagement ceremony, but like a wedding ceremony.

"Yes, it's our engagement ceremony." Lu Lu's answer subtly made Yun Xi misunderstand the ceremony.

Lu Lu's dog ears shook due to excitement. In the light of the bonfire, Lu Lu raised her hand in front of all the villagers.

"Today is a special day. I will sign an engagement with our respectful apostle. From this day forward, for better for worse, for richer, for poorer, I will offer my loyalty to the great apostle till I return to the great Water God's arms. From this day on, I will only be his wife. Praise Water God, let us meet in the most beautiful place, in the most wonderful season, in my most fantastic age! After the great apostle held my hands, I have regarded him as my only husband! I want to stay with him forever! I want to lend him my power! Everyone, please bless us!"

After Lu Lu's brave announcement finished, the villagers under the dais all clapped their hands excitedly. They just witnessed the wedding of the most beautiful girl in the village. Moreover, the bridegroom was a legendary Water God's apostle!

Their marriage would be recorded and eulogized from generation to generation!

“Umm... my apostle, can we start the last ceremony?” Lu Lu said shyly and lowered her head.

“What’s the last ceremony?” Yun Xi looked at Lu Lu in confusion.

He didn’t know the reason, but he felt that Lu Lu looked very guilty, because she didn’t dare to look at his face.

“Can, can you come a little closer? I will only let you hear it.” Lu Lu looked at Yun Xi expectantly. She subconsciously stood on her toes.

Yun Xi lowered his head. Unexpectedly, Lu Lu raised herself on tiptoe and kissed his mouth.

It was totally unexpected. Yun Xi’s lips were covered by Lu Lu’s mouth tightly.

It was a sweet, hot and numb feeling. He even tasted a light herbal touch. It was Lu Lu’s “girl’s flavor”.

Chapter 159: Ceremony

What... isn’t... she... too bold?

Feeling the temperature remaining on his lips, and looking at Lu Lu’s watery eyes, Yun Xi was suddenly at a loss.

This world was too real!

He smelt the bouquet of liquor in the air and looked at the cute pharmacist girl. He looked around. These people had self-consciousness. They weren't puppets.

He could hear their laughter with his ears. He could see their happy faces with his eyes. Compared to the two dark worlds he had experienced before, this world was just like a wonderful, fantastic dream.

"My apostle, from now on, I'm your woman," Lu Lu said with a blush.

"Kissing Yun Xi" had used up her guts. She never thought that she would do such a daring thing in her life, but she couldn't stop her irresistible impulse.

According to tradition, the bridegroom should kiss his bride in that process. However, it seemed that Yun Xi didn't know the traditional custom in their village, so she proactively kissed him.

"Great! Our Lu Lu got married!"

"Ha ha, she was still a little girl not long ago. In the blink of an eye, she is already at the age of getting married."

"Lu Lu, you must be happy!" The uncles cried, as if it was their daughter who got married today.

Lu Lu's parents died when she was young. The villagers fed her together. From childhood, she had been a sensible girl. No one had seen her cry. After she could walk, she had started to help villagers with work. And after she discovered that she was talented in pharmaceuticals, she studied harder than anyone.

Today, Lu Lu would be married. Everyone blessed her and the kind Water God's apostle, hoping that they could achieve happiness.

"Come here, Lu Lu. There is something you must learn today."

"Come here. We will teach you the necessary knowledge as a bride."

"He is an honorable Water God's apostle. You must learn how to become more gentle!" The aunts in the village waved their hands at Lu Lu.

Lu Lu walked to them blushing her face. She uneasily listened their words, after a while, her fingers crossed together.

"Do... I have to do that?" Lu Lu looked as if she was going to cry out.

It was too difficult! It was too early for her!

"Not only that. You have also to do this..."

"Yes, yes. He is Water God's apostle, besides, he is so handsome. He will have a lot of brides in the future. If you don't do your best, you will lose!"

“Yes. Even though you have become Water God’s apostle’s first bride and he doesn’t mind your identity, you can’t take a casual attitude!”

“The girls who want to marry Water God’s apostle are as many as the reeds in the lake!”

At the same time, Yun Xi was surrounded by a group of uncles.

“Come here, Dear Apostle. Perhaps this is the only opportunity in my life to drink with an apostle!”

“This is the best grain wine in our village that has been stored in the cellar for a hundred years. We were going to use it to pay tax, but... who cares?! Let’s drink!”

“Yes, yes. It doesn’t matter. Mountain Lord can bless us, we don’t need to worry about this year’s harvest. Thank you, our great Water God’s apostle!”

“Let’s have a toast to our great Water God’s apostle!”

These villagers has regarded themselves as Lu Lu’s family. They enthusiastically proposed a toast to Yun Xi.

“Err...” Yun Xi didn’t have any experience in dealing with such a situation. Soon afterwards, he was already drunk. He didn’t even notice than Little Mu had stealthily walked behind him.

“Roar?” Looking at Yun Xi’s intoxicated look, Little Mu reached its paw and licked Yun Xi’s wine bowl.

It was bitter and acrid. Why did humans like it?

However, a minute later, Little Mu's eyes brightened up.

What was this feeling?

The tingling sensation on its tongue turned into luscious bouquet, spreading in its mouth slowly, then to its whole body.

Good! Good! Very good! Interesting!

"Hiccup. Do you want to have a drink, Mountain Lord?" The villagers were also drunk. They shouted, "Come on! Come on! Propose a toast to our Mountain Lord!"

"What? The best wine has been drunk up? Then take out all the wines we have!"

"It's our duty to let our great Mountain Lord feel happy!"

The white tiger happily looked at the small wine jugs the villagers just carried here. They took off the lids and let the bouquet spread in the air.

Roar! I have decided! The villagers don't need to offer me cows and sheep as sacrifices. I will only accept wines from now on!

The white tiger held a wine jug with its two front paws. It licked and sucked, then the wine had been drunk up. The delicious liquid let it feel that it was in heaven.

These humans were sensible and useful. The white tiger was drunk. It looked at the villagers with satisfaction and decided to take care of them in the future, so that they could offer it more wines.

“There are... three of Little Mu?” Yun Xi didn’t have a huge body like the white tiger and had been drinking a lot. In fact, he was drunk, but still forced himself to be awake by using his hero-ranked ability.

“It’s time, Lu Lu. Go, show your weapon as a woman!”

“Even though he is Water God’s apostle... no man can refuse your weapon!”

“Lu Lu, you are our village’s honor. It’s time to prove yourself!”

“Eh!” These aunts just taught Lu Lu a lot of knowledge she had never learned from any book. She blushed, slowly walked to Yun Xi and lifted him up.

“I... I’m gone!” Lu Lu knew that the villagers were helping her. They made Yun Xi drunk on purpose.

“Go, go. It will become a memorable night of yours.”

“Sigh. Our Lu Lu will become a woman.”

“Dear Apostle, please be good to Lu Lu. We don’t dare to expect more except this.”

“Even if you will have other brides in the future, don’t forget our Lu Lu!”

Everyone looked at Lu Lu with an air of quiet understanding.

One half-hour of a wedding night is worth a thousand gold bars. Ha ha, we can’t say it too clearly. Lu Lu’s face was turning red.

“Don’t tease me, everyone!” Lu Lu lowered her head and supported Yun Xi with her hands, leaving the bonfire as fast as she could.

“Roar!” The white tiger was still drinking. The wine jugs beside it had been piled up like a hill.

It would become a warm night.

Chapter 160: The Gap Between Their Experiences

Yun Xi didn’t know when he had returned to the room. He had never drunk so much wine before. If Lu Lu hadn’t supported him with her arms, he would have toppled down to the ground. Yun Xi slowly closed his eyes.

Why was the world so real? Even the wine had an amazing effect.

According to his judgment, this village should be a safety zone. He wouldn't need to worry about being attacked by enemies. Just like a night before the storm, the battle between the Sky Sword and Water God hadn't started yet.

"Gurgle!" Yun Xi heard the sound of flowing water. He vaguely opened his eyes and saw a foggy pool.

Was... it... a hot spring?

"Master... let me help you take a bath..." Lu Lu said shakily with courage.

"No... no... I can do it by myself," Yun Xi muttered, trying to stop his titular fiancée's kindness.

"No... it's my duty as a wife!" Lu Lu insisted, "Please let me help you!"

"Er..." Yun Xi hiccupped, and still shook his head.

"En... I'm going to start!" Lu Lu ignored his refusal and started to take off his clothes.

Yun Xi finally realized something was wrong, but it was already too late! Lu Lu's soft hands had taken off Yun Xi's clothes. Her face was red and hot, but her actions were unshrinking and fast.

"It's a wife's natural duty to help her husband to take a bath. I won't back down!"

Remembering what she was taught just now, Lu Lu ground her teeth and started to help Yun Xi scrub his back. Under the stimulation of the warm water, Yun Xi had no energy to stop her. He couldn't help and had to lie on the rock beside the hot spring.

Lu Lu only wrapped a big bath towel around her body. Her smooth skin, snow white feet, and the top half of her breasts were all exposed in front of Yun Xi's eyes. Especially her cute, seductive appearance, which made her look like a mellow fruit that could be picked off at any time in Yun Xi's eyes .

"Master..." Yun Xi's scorching eyes cooked Lu Lu's face red. Her ears shook and her gog-like tail wagged, which made Yun Xi barely move his eyes away.

"If you don't mind... this place... I can..." Lu Lu gazed at Yun Xi with her expectant and nervous eyes.

"No... you are still too small..." Even though Yun Xi was drunk, he still firmly remembered that he shouldn't do anything to Lu Lu.

She was just his titular fiancée in this world. It was a temporary relationship to help her and to achieve the goals of the strange quest "To love, Starchild!". If he did something to Lu Lu under such circumstances, he would really become a scum.

"Lu Lu isn't small!" Lu Lu pouted, then secretly looked at her own breasts.

Ooo ooo oo, they were really very small. At this time, she really hoped that she could obtain the legendary multi-headed dragon's blood to make her breasts become bigger.

Gee? What was Multi-headed dragon's blood?

Lu Lu was suddenly at a loss. She was absorbed in thought. Just now, some memories suddenly appeared in her mind. She suddenly remembered something about sword skills and the information about the multi-headed dragon.

What was wrong with her?

Never mind. She shook her head. Tonight was her wedding night. She must go a step forward with the respectful apostle.

The respectful apostle said that she was too small to do “that thing”. Did it mean that she was allowed to do everything except “that thing”?

Yes, it must be right. I’m smart! Come on, Lu Lu. You can do it!

Lu Lu seriously looked at Yun Xi’s face, then kissed his lips again. At the same time, she purposely pressed her small but soft breasts on his chest.

“Hum!” Lu Lu put her tongue into Yun Xi’s mouth and rubbed against his tongue. Although Yun Xi was drunk, his body instinctively reacted. His nimble tongue subconsciously touched Lu Lu’s tongue, reacting to her action with enthusiasm.

Yun Xi had learned well-developed kissing skills from his childhood sweethearts, how could Lu Lu be Yun Xi’s opponent? Soon afterwards, she had become breathless and befuddled, and couldn’t stop herself groaning.

Feeling the sweet, gentle touches, her heartbeat echoed in the silent hot spring. They were so close that could feel each other's breaths. Their tongues tempted them, from the shallower to the deeper, till out of control.

Lu Lu's chest heaved as she gasped for breath. Her breaths could be heard clearly, and her skin had turned pink.

Was this the necessary process to become a bride?

Feeling the thrilling sensation in her body, she felt a little afraid and wanted to run away. However, it was too late.

Her tongue was tangling with Yun Xi's tongue, how could she say anything? Her watery eyes gazed at Yun Xi, communicating her shyness and anxiety, but Yun Xi didn't see it. He kissed her ears, neck, cheeks...

When Lu Lu finally left Yun Xi's arms in disorder, Yun Xi had almost kissed her whole body.

Whooooo! Aunts! It was too embarrassing! Sorry... I couldn't hold on!

Lu Lu worried about her immature personality. Sure enough, the great apostle was the one who had rich experience. She was just an inexperienced girl. The gap between them was too wide.
