

Starchild 271

Chapter 271: Her Name

“Nice to meet you. I’m the Water God’s Apostle, Yun Hai.” Yun Xi reorganized his mood and looked at Yun Que with expectations in his eyes. After all, Yun Que was the one who understood dragon language. He had to rely on her.

“Hello, his name is Yun Hai...” Yun Que looked at the silver dragon and translated for Yun Xi with sweat all over her forehead.

Undoubtedly, if she graded her translation, it was below grade.

To her who always strived for perfection, this fact was totally insufferable.

If she knew that dragon language would suddenly become so important at this moment, she would have tried harder to learn it in the past.

Unfortunately, it was too late to regret, besides, as a language, dragon language was just too difficult. Even though her dragon language wasn’t any better than a baby dragon’s, but in the Ten Leaves Alliance, her level of dragon language was within the top ten.

“How do you do?” The White Holy Dragon froze for a while, then greeted Yun Xi and Yun Que. As a lady dragon, she was courteous.

But... why does this person’s dragon language sound so strange? The silver dragon wondered in her heart. Did he not study hard, just like I myself?

In fact, it was shameful that the silver dragon wasn't good at dragon language. Amongst all dragons of her age, her dragon language was probably the worst.

Not all dragons are good at dragon language and dragon magics. For example, she was a dragon who was not familiar with dragon language and dragon magics and was only good at close combat that she inherited from her bloodline.

"Nice to meet you too..." More perspiration poured down from Yun Que's forehead.

Oh damn it! Yun Hai, what trouble have you brought to me! My dragon language must be flawed in the eyes of a real dragon.

To Yun Que, she liked to have everything under her control. Now she had to speak to a real dragon using her flawed dragon language... what a shameful punishment!

She didn't want to do it, but had to continue. Normally, she wouldn't put herself in such a dilemma... everything is Yun Hai's fault!

Yes, I'm not wrong. It's all due to that bastard who even dared to touch the dragon's head!

"Nice... to meet... hello." The White Holy Dragon answered lacking in self-confidence. Most dragons could speak dragon language naturally, but not her. She was a dragon who didn't even have a bit of language aptitude.

Although she had also tried to learn dragon language, but when she looked at the complicated phonetic notations and the required unpronounceable pronunciations, she always felt a pain in her head.

Yun Que wasn't good at dragon language because human vocal cords were inherently unsuited for dragon language. However, the White Holy Dragon was only slightly better than Yun Que, because she could say simple sentences such as "I'm fine today", "I will be fine tomorrow" and "My uncle's name is Wang".

Their understanding about dragon language was really "half to half".

"Sorry for waking you up..." Looking at Yun Que and the White Holy Dragon, Yun Xi felt that something was wrong.

Regardless of Yun Que, why does the dragon also look so nervous? Isn't it a real holy dragon?

At any rate, the White Holy Dragon looked very nervous, as if it was a poor student who had to take a test, it looked so embarrassed making Yun Xi want to stroke its head.

"Sorry... urusaii! Urusaii! Urusaii!" Yun Que was so embarrassed that she wanted to die.

Unfamiliar syllables, complicated word construction, unintelligible syntaxes... dragon language was such a damned language to speak. Anyway, dragon language was too difficult! She was an assassin, not a scholar, how could she learn it well?! Her dragon language was already better than 99% of the dragon language translators, what else could she do?!

“Luo luo, dragon, luo luo...” The White Holy Dragon also wanted to cry. Her dragon language was bad, and due to this, she didn’t realize that Yun Que’s dragon language was bad too. Her eyes swum in tears because she couldn’t keep pretending.

This human’s dragon language is very good! Anyway, as a real dragon, her pronunciation is more standard than mine!

“Oh... cough...” Yun Xi looked at them and understood the reason.

They... aren’t their facial expressions too obvious? Even I have realized it. Are they not good at dragon language?

Although Yun Xi didn’t know dragon language at all, but he knew it shouldn’t sound tongue-tied and desultory. It sounded as if they were holding sugar in their mouths while talking.

“Is it ok to stop using dragon language?” Yun Xi thought that he should help them get out of the dilemma since he had seen through to the truth.

“Ok!” The White Holy Dragon let out a sigh of relief. Finally I don’t have to pretend that I understand dragon language. It was really too hard!

“Hum? Err... oh! Good, very good...” Yun Que first looked at the dragon stunned, then realized something and stared at Yun Xi fiercely.

Since the dragon can speak the standard common language of all god’s domains, don’t let me be the dragon language translator! Did you do it on purpose, Yun Hai?!

“I’m the Water God’s Apostle, Yun Hai.”

“I’m the Water God’s Apostle, Yun Que.”

After they finally stopped speaking dragon language, they quickly identified their positions.

“I’m the White Holy Dragon, Mumu Salabert ##\$%%& Asha.” The White Holy Dragon told them her true name, which was so complicated that no human could repeat it. Incidentally, her name was the only complicated dragon language she could speak.

Mumu is her nickname, “##\$%%&” which can’t be pronounced in human language is her Real Name Imprinting, and Asha was given by the Dragon God, which means that she is blessed by the supreme Dragon God.

“Mumu Salabert...” Yun Xi only remembered the first part of her name. No wonder it’s a dragon’s name!

“Is it alright to tell us your real name?” As an elite of the Ten Leaves Alliance, Yun Que knew the special usage of a dragon’s real name.

If she could remember this name, it would be equal to obtaining a key of opening the door of dragon magic.

The mages in Western God’s Domain are always willing to pay anything for obtaining a real dragon’s name!

“It doesn’t matter. I allow you to use my name.”

Chapter 272: His Smell

“Because I like your smells.” The White Holy Dragon, Mumu Salabert stole a glance at Yun Xi.

To be more precise, she liked the light smell on Yun Xi’s body. It was so mature, stable, soft and warm, perfectly tallying with the “father’s smell” in her imagination.

When she was small, she often asked her mom who her father was.

“He was an indecisive and soft hearted man, and he didn’t know how to refuse other people’s requests.”

“He had a gentle nature, but also liked to play tricks sometimes.”

“If to say anything extraordinary, he is the best lover in the whole universe!”

“Therefore, I want to own him and become his ‘only one’. He is my most precious treasure.”

“I won’t let anyone share my treasure. No one can take him away!”

She clearly remembered that when her mom talked about her father, her mom always smiled and didn’t feel resentment for being abandoned.

Her mother never forgot her father and always looked for him.

She had the same emotion too. She wanted to see her father again.

While she was sleeping just now, she felt a stroking from her father.

She had never had the experience of being stroked by her father. However, she felt that if her father hadn't gone, the feeling of her father's hand should be the same as this.

Of course, she knew that this man couldn't be her father. Her father was super strong and even stronger than her mother. Her father was blessed by infinite stars, so he couldn't be so weak.

However, she still liked the feeling of Yun Xi's hand. Even if it was just an accident, she still wanted to experience that feeling again.

It's strange. Why do I remember I have experienced a similar embrace not long ago...

Oh, my head aches!

Something should have happened after I broke through the door in the void, but I don't remember anything.

I can remember the ice blue haired guardian of the door and her invincible sword, but... maybe I was badly hurt and even lost a part of my memories.

The gentle memory was as vague as a dream. Which part is my imagination and which part is my memory? I can't differentiate between them at all!

She only knew that she liked this silver masked man, who had a very memorable smell on his body. She knew that he couldn't be her father, and she still liked him very much.

So she told him her real name, regardless of the fact that this was just their first meeting. Just like what Yun Que said, this was unusual.

A dragon's name was a very valuable key to open the door of dragon language magic. Only the person who had known a dragon's real name and obtained the dragon's recognition could master dragon language magic.

Moreover, a dragon's real name could only let very few people learn dragon language magic, so they cherished their real name very much. No matter what a genius you were, if you couldn't obtain a dragon's name, you couldn't master dragon language magic in your life.

The real name the silver dragon told them, "Mumu Salabert ##\$%%& Asha", was literally "worth several cities", because she hadn't told her real name to any mage, moreover, she was a rare White Holy Dragon!

When she told Yun Xi her name, she secretly granted the permission of dragon language magic for Yun Xi. If Yun Xi had the chance to study dragon language in the future, he would know what a priceless gift she had conferred him.

No wonder that Yun Que was dumbfounded after hearing the silver dragon's real name.

In her mind, Yun Hai was an ignorant man. He didn't even understand what had happened.

It is a legend ranked White Holy Dragon's real name!

Why him? Why him again?!

She had seen too many miracles due to him, as if he was born to break her common sense.

He even dared to strike up a conversation with a legend ranked dragon. There must be something wrong in his head!

"Are you all right?" As what Yun Que had guessed, Yun Xi knew nothing about dragon language magic. He didn't even know that he had been hit by a great wealth dropping from the sky.

Yun Xi only cared about the wounds on the White Holy Dragon's body.

"Not very good. I probably won't be able to move for a long time." Mumu Salabert shook her head. She knew that the guardian of Sky Sword God's Domain had an artifact that could even reverse space and time, but no one had really seen the sword. She was probably the first being who survived the sword.

As the result, she lost her memory after entering the door. She couldn't remember what she had done and how she come to this place.

Her “time” had been cut off by the guardian’s sword. It was more serious than the wounds on her body, because this loss was irreversible.

Apart from some dreamlike fragments of memory, she couldn’t remember anything.

She even doubted if she was still sleeping and this was just another dream, till she confirmed that she had really arrived at her destination.

“Probably I will spend a hundred years to recover.” After checking the wounds on her body, Mumu Salabert drew a frustrating conclusion.

What she didn’t say was that it was only the time she needed to recover the wounds on her body. As for the injuries in her soul, even the Mist Demon, whose power could even make the dead come back to life, couldn’t help her heal them.

After all, they were caused by the guardian of Sky Sword God’s Domain, it wasn’t an astonishing result.

“The guardian...” Yun Que guessed out a part of the truth. She heard that the guardian existed from the beginning of the history of Sky Sword God’s Domain. She thought that it was just a legend, but it had come true.

Perhaps only the guardian, who was older and more mysterious than the White Holy Dragon, could strike a fatal blow to the dragon.

“What can I do to help you?” Yun Xi didn’t know the reason, but after he touched the dragon’s head, he had a strange sense of intimacy with the dragon.

As expected, the stars won’t give me a quest that isn’t possible to accomplish.

“Do you really want to help me? Then, can you sign a contract with me?” Strange lights flashed in the White Holy Dragon’s eyes. She gazed at Yun Xi firmly.

“Well, of course!” Yun Xi heard the Love System’s special beep again.

Chapter 273: Immortality

It wasn’t just a beep, but the response from all his quests related to the Water God’s world.

“The trial world’s name: Water God’s Fantasy Island.”

“The world’s background: An old fantastical creature named Water God is sleeping under the island. Every hundred years, it will wake up and look for its bride.”

“A lot of Water God’s believers have betrayed their god because a ‘Sky Sword’ has reached the island and is going to slaughter the god.”

“Your final quest: Paired Choice.”

“First Option: Join Water God’s camp, help Water God find its bride, and you will receive Water God’s reward.”

“Second Option: Join the human camp, become the Sky Sword’s partner to slaughter the god, and you will obtain the Sky Sword’s reward.”

“You have chosen the Water God’s camp. You have accomplished 50% of this quest. The future is right in your hands. Help this world to have a reform!”

“Optional Side Quest Two: The Apostle’s Call. A great Apostle has reached this world. Swear your loyalty to her and become a Dragon God’s subordinate! You can choose this side quest after you join Water God’s camp.”

“You have accomplished 60% of this quest. The exalted White Holy Dragon requires to sign a contract with you. Please respond to her wishes. Look at her eyes and and accept her contract of dragon.”

“Optional Side Quest Three: The Truth about the Mist. The people on the island are living in a world that is surrounded by endless mist. Go find the secret and expose the truth!”

“You have accomplished 90% of this quest. You have reached the deepest side of the mist and you are going to expose the truth. Walk forward and watch the other side of this world with your eyes.”

“Optional Side Quest Four: To Love, Starchild! Life is too short, just enjoy it! Propose to as many girls as possible! After obtaining their marriage contracts, you can have the girls’ power. You are never alone!”

“You have accomplished ?????% of this quest. Congratulations! You have over fulfilled this quest! These are the world’s most beautiful girls, please keep trying!”

“Secret Quest: God’s ??? It will be exposed after you finish three side quests. At that time, the last rhythm of this world will play for you.”

The series of prompt beeps came so suddenly.

Before Yun Xi realized it, his trial in this world had almost come to an end.

Apart from the side quest “Girl Fights Evil Dragon”, which had become grey and not selectable because he wasn’t in the same camp with Hua Huo, he had accomplished over 50% of most quests.

Especially the Optional Side Quest Four “To Love, Starchild!”, he had over fulfilled it. The stars even started to reveal the Secret Quest to him.

“God’s?” Yun Xi muttered. The stars only revealed it to him, but it should be the key of the Secret Quest.

Is everything going to be revealed?

This world’s future is right in his hands.

“I’m looking for changes. I want to let this world obtain a brand new appearance, so I choose you.”

In Yun Xi’s mind, he remembered the Water God’s voice. He suddenly understood that it wasn’t an accident. The god chose him on purpose.

Ok, since you want this world to be reformed. Then great Water God, I will do it for you!

“I agree to you.” Using the White Emperor Mask’s power, Yun Xi created another white mist palm. With strange lights flashing through the inside of his eyes, Yun Xi stretched out the white mist palm to the silver dragon.

“Good, then, I will grant all my glory and hope to you.” In Mumu Salabert’s, the White Holy Dragon’s mind, she heard the gentle voice of the Mist Demon’s. The great tree was sending the spell that could be used to sign the soul contract to them.

“Today’s flow is generated from yesterday’s tree, tomorrow’s fruit gives the birth of today’s flower.”

“Language and cognition, behavior and appearance, soul and body!”

“Nothing is true, everything is permitted!”

Countless grey spells emerged in the air and connected the dragon’s body with Yun Xi’s body.

On Yun Xi’s White Emperor Mask, there were still two horns that were hollow. Suddenly, one of the horns was filled and transformed into a spiral dragon horn.

The four horns which were filled with Black Moon and the three High Priestesses’ powers automatically moved and surrounded the spiral dragon horn.

“Arrrggghhh!!!!” Yun Xi pressed the mask and yelled painfully.

It hurts! It hurts! It hurts!

My heart is breaking!

My bone marrow is being extracted!

My bones are being broken and recovered over and over again!

My blood is being squeezed out and filled into my body again!

Yun Xi had experienced hundreds of death in the previous trial worlds, but nothing could be compared to the pain at this moment.

The soul contract was twisting Yun Xi's life force and turned him into something else forcibly.

No human could suffer the pain. It had nothing to do with "perseverance", because it was a "phenomenon" that was happening to the essence of life.

"What have you done?!" Yun Que shouted angrily. She was seldom so angry.

"What? No, it can't be!" It was also out of Mumu Salabert's expectation. Although this was the first time she used this soul contract, which would make Yun Xi become her Apostle, but it shouldn't be so painful!

Unless... he had signed another soul contract and had become another being's Apostle, then due to the conflict between the two contracts, he would be punished by the deadly pain.

"Arrgghh!!!" Yun Xi couldn't escape from the terrible torment. He couldn't even commit suicide and return to the bonfire now.

"Puff! Puff!"

"Ayayaya!"

Finally, when Yun Xi was about to faint, the Mist Demon lended him a hand.

One milky white mist twig after another were formed in the air and wrapped around Yun Xi's body. A great amount of milky white liquids entered Yun Xi's body to balance the boiling bloodline power in Yun Xi's body.

At any other times, the milky white liquids would be a poison to Yun Xi, because the energy inside them was too much and that could even stuff him to death, but now, they came at the right time. It balanced the devastating conflict in Yun Xi's body and merged more energy into his body.

The process was like smashing a delicate body of blood and flesh, then reforging the body with the top-level spirit energy and dragon energy, finally forming the body into an indestructible weapon.

Only the best legend ranked beings could do it. Even Mumu Salabert, the White Holy Dragon hadn't touched this realm.

When the Mist Demon healed Yun Xi, the last horn on the White Emperor Mask was filled.

From the left, the first sharp horn was filled with Black Moon's power, and the second sharp horn was filled with the Lamia Queen's power.

From the right, the first sharp horn was filled with the Mermaid Queen's power, and the second sharp horn was filled with the Caelian Queen's power.

In the middle, they were two long horns existed side by side.

The horn on the left was filled with the White Holy Dragon's power; the horn on the right was filled with the Mist Demon's power.

So now, the six horns on the White Emperor Mask had all been filled with powers.

When Yun Xi realized it, countless white mist spread from the mask and penetrated his whole body.

The world suddenly became wide and clear in his eyes.

The sounds of wind and water, the "puff" sounds when the wind blew over the tree's branches, the silver dragon's strong heartbeat... all sounds were clearly echoing beside Yun Xi's ears.

"This..." Yun Xi looked at his hands, finding that his skin was covered with translucent lights. A part of the lights were similar to the silver dragon's skin, and the other parts were as vibrant as the Mist Demon's twig.

He had been transformed! He could clearly feel the power that was emerging out of his body, which was so real and vivid.

“The god’s blessing...” Yun Que gazed at Yun Xi with a strange look.

It was a token of being loved by the god. With it, even if he dies, his soul wouldn’t go to the dark abyss but went back to the god.

Son of god, saint, favored soul... there were too many flourish words to describe this kind of person. Moreover, Yun Xi was blessed by two god like beings: the White Holy Dragon and the Water God.

“Very good! Let’s go to beat down our enemies! Now, you are qualified to fight against her. This world’s master and I can’t go to fight against her with our true bodies, and she is in the same condition. Therefore, you are the person who will decide this world’s fate.”

The White Holy Dragon curled up again and looked at the green slime gem bracelet on Yun Xi’s arm oddly.

The bracelet also bathed in the Mist Demon’s milky white liquids, how, it was emitting soft green lights and looked as if it was very satisfied.

“Ah hoo...” Mumu Salabert whispered a dragon language word, which Yun Que couldn’t understand, then she closed her eyes due to the wounds on her body.

I’m tired. Why am I so tired?

I still want to say more to him and enjoy his touch.

His smell is very familiar and warm, as if my bloodline is telling me that this isn't our first meeting.

What's the memory that the guardian's sword had erased? How many precious things have I lost?

Mumu... Mu Mu... is this my name?

Wrapping around the sleeping silver dragon with its branches carefully, the water around the Mist Demon boiled and finally formed a big silver cocoon, covering the silver dragon completely.

Then, the whole island started to sink into the water. After a few seconds, the Mist Demon and the cocoon had all disappeared in front of Yun Xi and Yun Que.

"It looks like we can only rely on ourselves." Yun Que let out a sigh of relief. Even though the silver dragon was in a seriously injured condition, she was still under too much pressure in the face of the legend ranked being.

As a hero ranked dark elf, she could barely stand up in front of the dragon. If it wasn't her but an ordinary person, the person should have become a bunch of minced meat under the strong pressure.

"What does it feel like? Is the whole world changed in your eyes? It isn't your illusion, because your body has gone beyond the limit of humans, and is still evolving to a higher life form. Maybe you can even..." Yun Que hesitated for a while and didn't tell Yun Xi her guess, because it was just a vague

legend. After all, even the Ten Leaves Alliance didn't have any record about any person who have obtained two gods' favour.

"To be honest, I'm not feeling good." Yun Xi didn't hide he felt.

The feeling of his life form being transformed made him feel that he wasn't himself anymore. Yun Xi was very unaccustomed to it.

Probably he wasn't a human anymore. 1/2 of his body was replaced by dragon power and 1/2 of his body was replaced by an unknown power, and none of his body parts belonged to humans right now. The Water God's Mask had replaced the function of his heart, controlling the flowing of his blood and the frequency of his breath, which meant that as long as the mask wasn't broken, he wouldn't die even if his heart was pierced through or his body was torn off.

He had become immortal... probably this was the most precise word to describe Yun Xi's current condition. He had conquered the limit of humans.

Chapter 274: The Decisive Battle Has Begun

When Yun Xi obtained the contract from the White Holy Dragon and the mysterious Mist Demon, Yun Xi heard the system's prompt beep again.

"The trial world's name: Water God's Fantasy Island."

"Your final quest: Water God's bride!"

“You have accomplished 70% of this quest. The footsteps of the world’s changes are echoing between the heaven and the earth. Grasp the flower in your hand and confer the most beautiful bride to the god!”

“Optional Side Quest Two: The Apostle’s Call.”

“You have accomplished this quest. You have signed the contract with the White Holy Dragon. From now on, your fates will be bound together, because you have her blood in your body. She will respond to your call and become one of your wings.”

“Optional Side Quest Three: The Truth about the Mist.”

“You have accomplished this quest. The mist has exposed itself to you. The god’s eyes are looking at you.”

“Optional Side Quest Four: To Love, Starchild! Life is too short, just enjoy it! Propose to as many girls as possible! After obtaining their marriage contracts, you can have the girls’ power. You are never alone!”

“You have accomplished ?????% of this quest. Congratulations! You have over fulfilled this quest! These are the world’s most beautiful girls, please keep trying!”

“Secret Quest: God’s Dream.”

“The world will play the last melody for you, because you are the chosen one. Step on your stage and go to fight against the Sky Sword!”

“The most beautiful bride, hold your sword and put on your princess dress, dancing for the god!”

“Well...” Looking at the final quest, Yun Xi didn’t know what he could say. What are they?

“The final battle is going to start.” Unlike Yun Xi, Yun Que didn’t need to worry about the secret quest. She treated this battle seriously with all her heart and soul.

“Shuffle!” There were winds from nowhere, and blew to them from a distance, like the scene before a fierce storm arrives.

One Phase Spider after another were spinning web in the air, and the golden slime kings, who always hid themselves before, also appeared on the battlefield.

These golden slime kings set up one node after another, which looked like golden fruits floating and sparkling in the sky.

“Yun Hai, to be honest it hasn’t been a long time, but you are not as bad as I once thought.” When the battle was going to start, Yun Que didn’t become nervous but became relaxed.

The unknown can bring fear. When the final enemy was going to appear, Yun Que became relaxed, because she knew she couldn’t change anything now. From now on, she could only fight!

Since she had no choice, then she would give up any unnecessary thought and put all her heart to the coming battle.

“You are a good partner, Yun Que.” Yun Xi smiled. With the brand new White Emperor Mask on his face, his appearance looked more mature than before.

They naturally had a tacit understanding between each other.

Yun Que despised Yun Xi’s character, but when they were on the battlefield, they were the most excellent partners.

Yun Xi appreciated Yun Que’s calm, decisiveness and action, because he hadn’t obtained these good qualities yet.

“Thank you for waiting. I have to say, you treated my subordinates ‘very well’.” Sitting on the dark shadow throne in the sky, the Dark Shadow Spider Queen looked down at Yun Xi and Yun Que.

Beside her, there were the twin witches, who were gazing at Yun Xi with a doubtful look, and Hua Huo, who just broke through the Ice Fortress.

They were the strongest fighting powers of the Sky Sword’s camp. Now, they were all looking at the two Water God’s Apostles, Yun Xi and Yun Que.

“Open the door, fight for me, my one million brides!” Yun Xi snapped his finger. A huge mist door opened behind him and countless Mist Souls walked out of the door again.

Unlike several times before, this time, the three High Priestesses’ Mist Souls also appeared.

The Lamia Queen, the Mermaid Queen and the Caelian Queen led three different Mist Soul Armies and surrounded Yun Xi like a triangle, protecting Yun Xi in the center of the triangle.

They were Yun Xi's trump cards in the battle, and the longer time he waited, the stronger they would become. Therefore, even when Yun Xi fought against Hua Huo, he didn't summon them.

"I'm increasingly interested in you. Come here and become my thing, I will love you all my life, I will allow you to lick my toes." The Dark Shadow Spider Queen licked her lips with undisguised desire in her eyes.

She slightly raised her legs and showed her toes to Yun Xi, as if they were some silent temptations.

"Sorry, I can't become your thing." Yun Xi refused the Dark Shadow Spider Queen again.

"Compared to me, you prefer to choose these brainless girls?" The queen looked at Yun Xi in exasperation.

No one dared to refuse me!

No one can refuse me! Because I'm a queen. The queen's majesty can't be desecrated.

"No, they are not brainless. They just chose to believe in me. I feel sorry for them, because I can't do more things for them, but they are the most beautiful brides in the world. At least, I will protect their world for them. Therefore, we are enemies!" Looking at the black haired beauty in front of him, Yun Xi said standing by his decision.

Well, in fact, he wasn't regretful in his heart.

"He he he he, you will know how ridiculous your perseverance is soon." The queen mocked. She waved her hand and ordered. "Open the passage!"

"Buzz!"

"Buzz!"

"Buzz!"

One golden node after another opened. Then, the void was torn open. Just like what happened when the White Holy Dragon opened the door of the void forcibly, a lot of strange void creatures also gushed out of the void crack this time.

"Let the battle start!" Yun Que opened her Black Moon Bow. Instantly, her mask was covered with scarlet blood.

She is sparing no effort, because there will only be two results after the battle: you are dead or alive!

"It's your turn now. Don't forget you are chosen by the Sky Sword." The Dark Shadow Spider Queen ordered the twin witches and Hua Huo.

"Humph. I know." There were flames burning inside Red Lotus' eyes. She didn't know the reason but she didn't like the silver masked man.

You are a man! Why is your skin so good?!

“...” White Lotus said nothing. She was counting something on her fingers, looked like she was facing a very difficult problem.

Red Lotus had been accustomed to her sister's behavior. After all, she was the one who was responsible for fighting!

“That guy!” Hua Huo stared at Yun Que. She had a feeling that this archer in red had become more dangerous.

Conversely, the silver masked man, whose mask suddenly changed for some reason she didn't know, had become more familiar in her mind.

She had never seen the silver masked man before, but she felt familiar with him. When she looked at the archer in red standing close to him, she felt anxious from the bottom of her heart.

The silver masked man was the one who sealed her, but she felt no killing intent from him.

Even in the most fierce battle, she could feel a familiar, gentle smell from him.

“What a disagreeable feeling!” Hua Huo held the broken sword and put her blood on the blade again.

It's very likely that this broken sword will become scrap and can't be used anymore after this battle. Let me use my most hated enemy's blood as your farewell present!

Stars dropped from the sky.

The first was a pair of twin stars twisting together, dancing in the air.

The second was a malefic star that was surrounded by blood lights.

The two stars dropped to the two Water God's Apostles.

Countless golden lights dropped from the sky along with the two stars. They were the battle units which hadn't appeared on the battlefield before, the special slimes who had the golden slime king's blessing.

At the same time, the Dark Shadow Spider Queen was weaving a web on the Dark Shadow Throne in the sky, which was a web that could help Shaya Longnis, the supreme Sky Sword enter this world.

Over one thousand Phase Spiders were working hard under their queen's command. Their sense about the void crack was helpful to find and open the crack in the air.

She didn't need any implicit understanding now.

Yun Xi and Yun Que got help from the White Holy Dragon and the Mist Demon, the Dark Shadow Spider Queen also got in contact with the Sky Sword, who was wandering outside of this world, and obtained the knowledge to make this web which could eventually destroy this world.

Finally, the war between the Water God's camp and the Sky Sword's camp started in the center of the Island of Mist!

...

"Tell me, who are you? Where are you from? Why do you make me feel so repugnant?!" When Hua Huo asked the three questions, her vigorous attack had made Yun Que retreat one step after another.

Had Yun Hai really sealed this "monster" before?! Yun Que thought while her waist was almost being cut off by Hua Huo. She had to admit that Yun Xi was right.

It is impossible to defeat Hua Huo!

No, nothing is impossible in this world.

Even if the chance of winning was negligible, there must be a way to make it possible.

Because miracle exists!

This is what you have taught me, Yun Hai!

The Dark Elf Mist Soul disappeared in the air and suddenly appeared behind Hua Huo.

“Stay out of my way!” Hua Huo didn’t even look back at the assassin behind her. She just stamped her foot on the ground. Instantly, a circle of translucent light spread under her feet and blew away the Dark Elf Mist Soul.

At the same time, the blood color light on her broken sword also spread in the air, forming a shield covering her whole body.

This is it! A flash of cold light appeared inside Yun Que’s eyes. She knew Hua Huo was nearly invincible in this state, but her body would also freeze for an instant when the shield opened!

She was waiting for this opportunity!

The Dark Elf Mist Soul didn’t retreat, on the contrary, she created multiple dark shadows and let them surround Hua Huo.

“Let the Water God’s arrow penetrate through all things in this world!” Yun Que drew open her black longbow, locking on Hua Huo who was only ten metres away from her.

Lock on the goal.

Multiple Competences Enhancing!

Countless red dots were projected on Hua Huo’s shield, which made her feel very uncomfortable.

“Even if you are invincible, I will try to stop you!” Yun Que shot 32 bloody colored Spiral Arrows at Hua Huo at once.

No, it wasn't the end. Yun Que wasn't just the Water God's Apostle, she was also the commander of the Mist Soul Army, which meant that she wasn't fighting alone!

Yun Que's tactic was like using the flood to overwhelm the dam.

However, Hua Huo was like a mountain. The flood could overwhelm a dam, but it wasn't possible to overwhelm the mountain.

Therefore, I need to create many more advantages!

Even if you are a hundred times stronger than me, I will only need to create a condition that could let me win.

Even though the real god isn't really invincible!

“Shuffle! Shuffle! Shuffle! Shuffle!” Strange rain like sounds came from Hua Huo's location.

They were the water arrows formed by the three wonders built by the three High Priestesses' power.

Before the battle started, Yun Que asked Yun Xi to build the three wonders.

They were three golden waterwheel like wonders with old and sacred aura. The three High Priestesses' Mist Souls were in the three wonders and providing support for Yun Que.

From the beginning, Yun Que didn't plan to fight against Hua Huo one on one!

"Dong! Dong! Dong! Dong!"

When the water arrows hit on Hua Huo's shield, they caused hail stone like sounds. They were the three High Priestesses' spell, which was sufficient to kill a common hero ranked being instantly.

Chapter 275: The Gears are Revolving

You are strong! Even though you haven't reached the hero rank, you can still defeat all hero ranked beings.

Therefore, I won't fight against you one on one.

I will make full use of all my advantages, this is the only way that can lead to victory!

No matter how strong you are, you are still human!

Yun Que found Hua Huo's biggest weakness. She was too talented and proud, so she didn't even think about partnering with the twin witches, even if they could greatly increase the winning probability of the Sky Sword's camp after joining hands with each other, she didn't do it.

One to one, or one to many. Hua Huo, in her mind, didn't know of any other options.

She was more confident than anyone, and thought that she was invincible. Even if it was a whole world blocking her, she wouldn't hesitate to break through it.

Yun Que didn't know how to judge Hua Huo's character, because she couldn't imagine it. Maybe only a person like her could transcend everything.

However, Yun Que would still try to defeat Hua Huo... even if she couldn't, she would create a chance for Yun Xi!

She wasn't the main character on this battlefield. It was the emperor of the Water God's world!

"Salvo firing!" Yun Que could feel that her heart was beating rapidly.

Between life and death... this was the crisis situation she was facing.

If Hua Huo got within a range of ten metres from her, she would be killed instantly.

She wouldn't have any method to stop Hua Huo's sword at that time.

Thousands of water arrows shot at Hua Huo's blood colored shield like rain.

The Dark Elf Mist Soul launched seven attacks from seven directions on the shield, trying to find its weakness.

No, the shield didn't have any weaknesses!

The shield was activated by Hua Huo's Sky Flying Bloodline. It was really a perfect shield that could block all attacks.

The power of every water arrow shooting from the three wonders was just as strong as a hero ranked being's full attack. In just a moment, they had shot thousands of water arrows at the shield, but couldn't make a pinhole on the shield.

Yun Que and the three High Priestesses' attacks only slightly reduced Hua Huo's speed.

"Why is she so strong?" Yun Que increased her speed and calculated the shield's defense. The calculation was desperate.

Hua Huo's shield had no crack, no weak point, and nearly no loss under their fierce attacks. She was literally unbeatable on the battlefield.

This isn't a battle. It is a massacre!

What kind of monster am I facing?

Yun Hai could only seal this monster, how strong is he?

Is the power from a million brides really so strong?

Thinking, thinking! Don't give up thinking, Yun Que!

You are not beloved by the god and this world like Yun Hai. You have only your thoroughly tempered ability and the mask's power of controlling blood.

Even though I'm desperate and scared, I can't give up hope!

I will fight till the last moment!

"Focus fire!" Yun Que shot out an arrow, guiding the attacks from the three wonders to shoot on a line.

Shuffle! Shuffle! Shuffle!

With the clear sounds of breaking wind, countless arrows hit on one point on the blood colored shield, creating ripples on it.

"Nothing is invincible in this world. Even if it was a dragon or a god, once they were killed, they would be dead." An emotion called "persistence" was burning inside Yun Que's eyes.

Yes, even if her enemy was a dragon or a god, when she was cornered, she would also strike back.

Imagine. Imagine me, myself as the strongest. I'm not a body of flesh and blood. I'm a weapon, the strongest sword in this world!

"Hum?" Hua Huo suddenly noticed something. The archer in red seemed to have changed. It looked like the tall archer understood something in this battle, he became more lonely and more determined.

"Ka!"

"Ka!"

"Ka!"

The sounds of revolving cogwheels sounded beside Yun Que's ears.

Something hiding inside Yun Que's blood was activated under Hua Huo's pressure.

If Yun Xi had Yun Que's seed, he would notice that her information was updating.

The Eidolon Archer's Seed. It specialized in Act Alone and Snipe. It could let its owner master Spiral Arrow Skill, Double Arrows Skill, Seeker Arrow Skill, and Shocking Arrow Skill.

Special Ability One: Eagle Eye, which allows the user to snipe his enemies from four miles away by using a tailored longbow.

Special Ability Two: Heart Eye, which was learned from practice and actual combat, and could even let the user master the current situation. Even if there was only 1% possibility that could turn the tide in a battle, this ability could let its user grasp that opportunity.

Special Ability Three: God Sound Field. After walking through countless battlefields and being stained with blood, you finally opened the door of god, seeing your strongest self, lonely and powerful.

Bloodline Godly Weapon: Black Moon Bow and Black Moon Sword. The crown of sin is your glory. The bow and the sword have woven your cruel fate.

At this moment, with the sounds of cold cogwheels in her ears, Yun Que was opening her "God Sound Field".

What is behind this door? Why do I have the key? I knew nothing about it.

There were only the sustained sounds of revolving cogwheels echoing beside her ears, which was predicting a great change of her fate.

Chapter 276: Red Lotus' Killing Intention

When Yun Que transcended her limit and opened her "God Sound Field", there were bright lights spreading in the sky. It was the afterwind of another battlefield.

Let's slightly turn back time to a little earlier.

...

On the ground, Yun Que and the three wonders were attacking Hua Huo violently.

In the sky, Yun Xi stepped on the clouds formed by mist, looking at the twin witches face to face.

This was actually the first time Yun Xi faced the twin witches together.

By the way, they really were predestined as if there was a bond between them. From the dark forest to the tall tower, and now, they were all on this island, looking at each other again

In the dark forest, the sleeping beauty, the avatar of White Lotus could kill Yun Xi a thousand times with a glance.

On the tall tower, the guardian of the princess, the avatar of Red Lotus could kill Yun Xi a hundred times with a brandish of her sword.

At the end of the trial in the Water God's world, Yun Xi could finally confront the most talented twin witches face to face.

Yun Xi had experienced their strong power with his own body. Considering that they could fly in the sky freely, they were already better than 90% of hero ranked humans.

After coming to the Water God's world, Yun Xi knew from the three High Priestesses, that much of his knowledge about the hero rank was wrong.

Flying, especially flying freely in the sky, freely like Hua Huo and the twin witches was still rare even amongst hero ranked humans.

Humans naturally couldn't fly. If a human wanted to fly in the sky, a human must pay much more effort than the races who have wings.

The twin witches could fly in the sky as easy as breathing, which was very rare, like the hair of a phoenix and the horns of a giraffe. At least, the Lamia Queen couldn't fly, even though she was the strongest amongst the three High Priestesses.

It meant that the twin witches were even stronger than Yun Xi had guessed.

Not all hero ranked beings could fly. The twin witches could fly because they were the twins of the fate, their bodies had broken away from the gravity of the earth.

"I don't like you. I hate your smell." Red Lotus stared at Yun Xi with undisguised killing intention in her eyes.

She was holding the Red Lotus Holy Sword in her hand, which was one of the legendary weapons in White Lotus Sword Domain.

In White Lotus Sword Domain, the rank of this sword was only slightly inferior to the White Lotus Secret Treasure. But no one knew where the secret treasure was and even whether it existed, therefore, this sword was the only artifact that symbolized the future master of White Lotus Sword Domain.

Of course, Yun Xi had also heard the holy sword's name before. He just didn't expect that he would face and fight against this legendary artifact one day.

However, he still had an advantage. The twin witches knew nothing about Yun Xi, but Yun Xi had the twin witches' seed. He knew the twin witches very well.

The twin witches, Red Lotus:

Vacuum Seal: Red Lotus' sword skill. With her Red Lotus Holy Sword, she can cut through a mountain and tear off part of the sky. It is a top class sword skill.

Cutting Blade: It is a special effect of the Red Lotus Holy Sword. It can cut off 70% of low ranked spirit weapons and 30% of middle ranked spirit weapons, and 100% of mortal ranked weapons.

Red Lotus' Avatar: The angry Red Lotus has obtained the demon god's power. She can turn into a red-hot guardian spirit. When she entered this state, she would attack anyone apart from her sister.

The Sealed Artifact: the Red Lotus Holy Sword. No one knows where this sword is from, but Red Lotus is its current owner. Most of the powers in the sword are sealed.

The twin witches, White Lotus:

Void Burst: White Lotus' spell of void, which can create a wall of spirit that can even block the attack from a standard artifact. It can also be used as a subsidiary attack method.

The Great Circulation: White Lotus can predict the future. She can foresee the enemy's attacks and moves in the next three seconds, as long as the enemy isn't three times stronger than her.

White Lotus Holy Field: The blessing of the White Lotus Holy Virgin. The field can dispel all evils within ten kilometers and strengthen the power of her soul. It is a godlike skill that is inherited by witches from generation to generation.

The Standard Artifact: The Ring of Star and Moon. It is a prototype of an artifact that is blessed by the stars and contains a flicker of the primal fire inside it.

The twin witches' special ability one: their hearts are connected to each other. When they stay together, they have no weakness.

The twin witches' special ability two: ????. It's a godlike talent. It can be played when the twin witches are pulling together.

Bloodline God Weapon: ????. It's an unknown secret treasure. Maybe it had some relationship with the power of the source of god's domain.

Neither of the twin witches are easy to deal with. Not to mention that Yun Xi had to face the twin witches together.

Even the system reminded Yun Xi that their talent wasn't inferior to Hua Huo, moreover, they had the power source of god's domain.

Yun Xi thought that he could be called “the child of the Water God’s world” because he was supported by the power of the source of the Water God’s world, then the twin witches could be regarded as “the children of White Lotus Sword Domain”, because they were protected by the power of the source of White Lotus Sword Domain.

“If possible, I don’t want to be your enemy.” Yun Xi looked around the battlefield and sighed.

On the ground, a lot of golden slime kings were having a desperate struggle against the Mist Soul Army. All golden slime kings could summon a lot of special slimes, they were well-matched in strength with the Mist Soul Army.

On the sea, a lot of giant slimes were emerging out of the surface of the water. The bone dragon, the butterflies of death and a lot of unknown mist creatures were trying to stop them.

Hua Huo and Yun Que was having a duel on the ground.

The sky was Yun Xi and the twin witches’ battlefield, which would also determine the result of this battle.

Can Yun Xi defeat the twin witches and rush to the Dark Shadow Spider Queen before the Sky Sword enters this world? Or will the Dark Shadow Spider Queen successfully help the Sky Sword enter this world under the twin witches’ protection?

“You think too much. Now, do you still think that you can go back alive?” Red Lotus sneered.

Shaya Longnis', the Sky Sword's coming is already unstoppable.

Under the established fact that the Sky Sword will come to this world inevitably, nothing will be a threat.

Therefore, the thing she should do now was simple.

Enjoy the killing!

Chapter 277: The Last Phase

"It feels strange. I feel like this isn't our first meeting." Red Lotus stared at Yun Xi with a murderous look. The Red Lotus Holy Sword suddenly emitted strange blood colored lights on her hand.

This should be their first meeting, but from the first moment, Red Lotus didn't like the silver masked man at all.

Especially when looking at his stupid face while he was surrounded by his million brides... What a shameless man! The anger in her heart was rapidly increasing.

It's too strange. Even if this man had deceived countless girls... what do I care? It has nothing to do with me!

After all, males are such a dirty low form of life. Their lives are totally meaningless.

There is only one important person in this world, who needs my comprehensive protection.

She is my light, my gem, my hope, the other half of my life, my sister, White Lotus.

I only need my sister. I don't care about anything else in this world. After all, this world is so dirty.

Red Lotus in the past had seen the most ugly side of life countless times in her life, she had seen too many false smiles on males disguising their faces.

Males always pretended to be respectful of her, simply because she and White Lotus were the twin witches, who were doomed to be the future masters of the White Lotus Sword Domain. However, once she turned away her eyes, most of these males would secretly look at her with greedy ugly eyes, because they knew that to obtain the twin witches was equal to obtaining everything in the White Lotus Sword Domain.

After all, this sword domain was Yun Hai, the Sword Master's domain, where he was hiding the supreme White Lotus Secret Treasure.

Countless people wanted to find the legendary secret treasure. From the age of ten, the people who wanted to obtain the twins were already as many as the flies in a garbage dump.

After being betrayed more than once, Red Lotus finally understood a truth of the universe.

No one would be good to you for no reason. All males have a ugly heart.

After realizing this, she chose the hardest road, holding the Red Lotus Holy Sword in her hand. She didn't care if she would be swallowed by the scorching flames on the sword blade, because she needed the Red Lotus Holy Sword to protect her sister.

Only White Lotus, only White Lotus shouldn't be stained by dirt in this world. She should be pure and innocent forever!

In order to protect her sister, Red Lotus could even turn into a demon and burn everything.

Well, this shameless, lecherous man is undoubtedly one of the trash heaps that needs to be incinerated completely.

The more "trash" I burn, the sharper my sword will become, and my heart will also become clearer and lighter.

Therefore, for the sake of White Lotus, please go to hell!

For White Lotus, even though you are a god's Apostle, I will still kill you!

Raging flames danced under Red Lotus' feet, forming a bright cloud of fire. It looked gorgeous, but also very dangerous.

White Lotus closed her eyes. Her fingers moved to trace the trajectory of the future.

They are coming! The doomed twins of fate are coming! Yun Xi stretched out his hand, countless ice crystals danced and jumped on his palm.

“Red Lotus Avatar!” Red Lotus didn’t look down at Yun Xi. She knew how Yun Xi sealed Hua Huo, so she used one of her strongest skills from the start.

She just mastered this skill not long ago, after a nightmare that she had forgotten the content of, but was very uncomfortable.

In the nightmare, she was protecting the most beautiful person in the universe, her sister.

However, a thief stole her sister in front of her in the dream!

Arrrgghhh! Everytime Red Lotus remembered this dream, she would shake with anger.

Who? Who is the man?

Who is the man who dared to kiss my White Lotus’ lips and stole her heart?!

If it wasn’t just a dream, she would give deadly chase to this person to the ends of the world, till she tore him to pieces!

Her sister is her own treasure. She won’t let anyone take her away!

This “avatar” was what Red Lotus understood after waking up from the bad nightmare.

By using the power of the Red Lotus Holy Sword, she turned her anger into the immortal flames!

Burning! Burning! Burning! Burning! Burning! Burning!

“Increasing the speed of construction.”

“I name it ‘Ice River’!”

The silver ice crystals on Yun Xi’s fingertips quickly formed a shape and spread in the air.

It was an old, mysterious ice river!

It was the special ability of the Mist Soul Army’s Crafting Mode: Build Wonders.

The things Yun Xi could make weren’t limited to the Ice Castle, the Arrow Tower, and the Ice Prism Matrix. In theory, the Mist Soul Army could help Yun Xi make anything in his mind.

Infinite imagination means infinite wonders.

The Ice River flowed across the sky was one of Yun Xi’s masterpieces of his imagination. It was a river formed by countless ice crystals.

Compared to the Ice Castle Yun Xi created to seal Hua Huo, the effect of the Ice River was more straightforward and faster.

Red Lotus just turned into her Red Lotus Avatar, she found that she was trapped in a huge ice cover that was dozens of metres thick.

“Insignificant skill.” Red Lotus sneered looking at the ice crystals around her. Her Red Lotus Avatar’s explosive strength was as strong as an erupting volcano!

In the sky, the battle between Yun Xi and the twin witches immediately entered the hottest stage.

“Let’s fight, let’s burn!”

“Oh, I can hear them! I can hear the sounds of your heartbeat and the sounds of your flowing blood. What a splendid music!” The Dark Shadow Spider Queen picked up a translucent standing cup and drank, watching the battle on the Island of Mist.

From the sky to the ground, the Island of Mist had become a huge battlefield.

Every minute and every second, thousands of beings died here, leaving this world after emitting their last sigh.

Yun Xi’s Mist Soul Army could revive over and over again, and the Dark Shadow Spider Queen’s Slime Army could also divide and divide again.

Hua Huo gradually forced Yun Que to a corner; Yun Xi and Red Lotus was having a tough battle.

Only the Dark Shadow Spider Queen sat on the throne and looked down at them from the sky.

Behind the spider queen, countless ripples appeared and spread in the air.

Finally, Shaya Longnis, the Sky Sword would come to this world.

Chapter 278: Summon

In the sky.

Countless ice crystals exploded. Yun Xi was creating Ice Rivers one after another, using the tactic he used to seal Hua Huo, he trapped Red Lotus bit by bit.

After entering her Red Lotus Avatar mode, Red Lotus' heart was filled with anger. Even the Ice Rivers couldn't stop the scorching flames around her body.

More and more flames were emitted from Red Lotus Holy Sword, turning into a column of fire stretching to the sky.

Yun Xi stepped on the clouds made of mists, making one ice mountain after another on the ground to reduce the temperature on the island.

For a moment, nearly all the mists on the island were absorbed by the ice mountains. The Island of Mist was unsheltered again.

The song of ice and fire was playing on the old island.

On the ground, Yun Que covered her eyes, because she suddenly found that time was becoming slower and slower. Even Hua Huo's fearful speed had become acceptable in her eyes.

Some unknown power was reviving in her body!

After seeing this, Hua Huo exposed a smile at the corners of her mouth.

Yes, you are doing well! Only the person who can tap their potential in battle is qualified to be my enemy!

Although the result won't change.

Because it is me who is standing in front of you!

Ice arrows, ice rivers, blood colored sword spirits, flames... countless powers were intertwining between the sky and earth on the island. Due to the battle amongst multiple hero ranked beings, the terrain of the island had even started to be changed.

In the gullies on the ground, they were filled with heaps of slime bodies!

Death, death, and death!

Even though slimes could divide into many new slimes, this ability wasn't unconditional. When slimes divided themselves, they needed to replenish their nutrients, which meant the behavior of "eating" was a precondition.

Infinite division VS Immortals. Eventually, Yun Xi's Mist Soul Army was stronger. They gained a supreme advantage on the battlefield.

When it referred to the battle, nothing is more like a bug than Yun Xi's Mist Soul Army, who wouldn't die, fear or make mistakes.

NO matter how many the number of their enemies were, as long as they were at the same rank, the Mist Soul Army could win any battle with their fearful number and their immortal ability.

A great amount of dead slimes were turning into disguising green mucus, adhering to the ground.

Finally, even the golden slime kings, who were almost invincible in the face of most attacks, started to be killed.

When the golden slime kings died, they wouldn't turn into green mucus like other slimes, instead, they turned into golden crystal columns, standing tall and upright on the ground.

These golden crystal columns were very hard. Even when the three High Priestesses attacked them together, they wouldn't break these remnants of the golden slime kings.

As the Mist Soul Army went from victory to victory, more and more golden slime kings died, and the number of the golden crystal columns also increased at a fast speed.

When Yun Xi and Yun Que noticed this and ordered the Mist Soul Army to attack the columns, it was already too late.

One, two, three... when the 108th golden slime king died, a strange wave spread in a circle throughout the Island of Mist.

“He he he he, ha ha ha ha ha!”

The Dark Shadow Spider Queen covered her mouth and drowned in laughter, as if something very funny was happening.

“Oh, I see.” Yun Xi looked at the 108 nodes on the ground gloomily.

“So this is their plan...” Yun Que tapped her fingers on her mask and observed the 108 golden columns on the ground, the 108 nodes which would summon the Sky Sword.

The web in the sky was just a feint.

The 108 golden slime kings were the real tool that could summon Shaya Longnis, the Sky Sword!

If everything went smoothly, these golden slime kings would create the slime mental network, gathering the power from countless slimes to create a door for the Sky Sword.

If something bad happened, these golden slime kings would sacrifice themselves, forcibly summoning the Sky Sword by using their lives.

No matter live or die, these golden slimes were always loyal to Shaya Longnis.

Therefore, when they were born in this world, the coming of the Sky Sword was already unstoppable.

“As expected, things always go the worst way.” Yun Xi had already prepared to meet difficulties in the trial.

“Since we can’t stop your coming, then, let me give you the warmest welcome! Turn into the Water God’s Opera House!”

Under Yun Xi’s control, the three wonders which were shooting arrows started to change their forms again.

The shape of the tall arrow towers became as smooth as seashells. Their streamlined shells were as beautiful as seashells too.

When the three arrow towers combined together, they became a magnificent building which looked like three shells.

This was Yun Xi's welcome gift for the supreme Sky Sword. When he was in Caelian, he had suspected that the battle with the Sky Sword was unavoidable. He read through all the records in Caelian and finally decided upon this gift. This was also the reason why he didn't summon the three High Priestesses before.

It was the wonder of three shells, the Water God's Opera House.

Its effect: Let the girls' song echo to the clouds. Let the world face its final ending.

After all, this world's fate needed to be determined by its god.

Now, it was the time for Yun Xi to show his last trump card, it was the time to face the coming terror, Shaya Longnis, the Sky Sword!

In the wonder, the Water God's Opera House, the three High Priestesses' Mist Souls came on the stage at the same time. They're faces were very radiant.

The next moment, the three High Priestesses' sweet voices started to sing an old song.

It was the song of praise to the only god of this world. It was the prayer the three High Priestesses dedicated to their god for fate at the end of the world.

Chapter 279: Descending

Unlike the songs of love they sang on Yun Xi's proposal ceremony, this time, the three High Priestesses was singing the same rhythm.

For this song, and the wonder named “Water God’s Opera House”, Yun Xi made a lot of efforts when he was still in Caelian. This song was the biggest “surprise” Yun Xi prepared for the Sky Sword.

“Singing for me, my children.”

The first rhythm was muffled, like the whisper a mother to her baby, like a breeze in the sky of the summer. It was a whisper echoed between the sky and the earth, it was a sound of nature that could let the listeners forget their troubles.

At this moment, all Mist Soul girls stopped their battle and became a part of the song.

“You are awkward, but I know you are trying to be good.”

“I’m willing to protect you, because you are small not gentle.”

“I’m the grains in the hourglass of time, turn over over and over again in the glass and scatter beside you.”

“You are the treasures on my fingertips, grow up and disappear as time goes by. Finally, you all wake up in the small garden again.”

“Your dreams are weak, but also strong as day in and day out. Sometimes, the reality is too cruel for you, which makes you regretful. However, you are still walking forward and keeping your faith.”

“I’m looking at you at the bottom of the hourglass. Looking at your past, present and future.”

“Because I’m immortal.”

The song echoed between the sky and earth. It wasn’t a song about love, it was a song to the god. It was the song that could awake the supreme god of this world, the Water God!

The god’s dream. The place where the god is looking at... is at this place, at this moment!

When the girls sung the prayer song, one thread of old aura after another raised to the surface of the water from the deepest side of the sea. It was the aura of the god who granted Yun Xi and Yun Que their masks!

“Dammit, is it the Water God?” The Dark Shadow Spider Queen looked annoyed, because Water God was the only being who could threaten her master, the Sky Sword in this world.

However, why now?

The god should have known Shaya Longnis, the Sky Sword’s invasion from a long time ago, but it did nothing. Why would the god come at this moment?

“Great! Finally I will catch you!” A muffled weird voice appeared beside the spider queen’s ears, then the spider queen lost her consciousness.

The next moment, the spider queen opened her eyes again and hummed a ditty. Compared to Yun Xi's song he prepared for the Water God's Opera House, this song sounded messy.

However, it had the same power like the prayer song the three High Priestesses were singing!

Because it was the song from a Sky Sword, who was at the same rank with the Water God!

"At all times, I'm always alone. I don't remember the existence of my fate, till I met you."

"I was awakened in the unexpected light. I stood up silently in the darkness."

"I want you to be my hope. I want to introduce you to my family. I want the things go toward a good direction."

"Whenever and wherever, we are always together. Whenever and wherever, you are always on my side. I take off my mask of fate, looking at you face."

"The future still looks reach-less, and I don't know anything about it. But I know you are my light. You are the person who found me. You are the person who stays with me."

"Tear off the surface, nothing in the world is unintelligible."

"Disinteresting, unpleasant, chaotic stuffs."

“Cry, tangle, confession, want to provoke my fond.”

“How to describe my mood? Even to this day, I can’t give an answer.”

“I find that I’m a despicable creature.”

“Noise, noise. So bored, so bored, so bored. Only in front of you, I can feel happy and forget the noises.”

“However, I hate to be eliminated. If I can’t become the most popular one, I will find it unbearable.”

“After all, I hate to be defeated.”

“Even if I will become dirty and foul, even if I had to lie, if I can’t look down on the earth, I will lose the meaning of my life.”

“I can’t treat everyone equally and gently.”

“I can’t pray for the most important person of mine.”

“I want to make her cry. It is a good thing to cry for me.”

“Oh, incidentally, even if you won’t like me, I don’t mind it.”

“Because I love you so much so much so much, to the extent that I want to eat you.”

“Your name is...”

It sounded the sad, weird voice was singing a story about a human and a non-human. With the dark song, a mask suddenly appeared on the Dark Shadow Spider Queen’s face.

The mask was different from Yun Xi’s mask and Yun Que’s mask. It was a small, round mask.

Instantly, the spider queen’s body was wrapped by countless green threads from the void, then her body twisted and changed to another shape.

On the white round mask, there was a pair of horns, which were painted with two cute slimes. In the middle of the round mask, it was another cute slime figure.

On the mask, the places where there should be eyes were circled in white, in the white circles there were a pair of crimson pupils; the place where there should be a nose, was a red triangle; the places where cheeks should be, were replaced by two red dots; the place where the mouth should be, was a slit, which looked very weird.

Originally, the Dark Shadow Spider Queen had black long hair, but now, her hair was replaced by locks of green hairs, which were flying in the air as if they were alive. In the middle of her hair, there was a cute pink bowknot.

In a word, it was just a little girl who was wearing a round mask. She looked like a little girl from a masquerade hall and looked not like the spider queen at all.

However, the last word of her song told everyone her name.

“Shaya Longnis.”

Chapter 280: The Water God’s Real Name

“She is... the Sky Sword...” Red Lotus only needed to take a step forward, then she would be able to ignite Yun Xi with the Red Lotus Holy Sword in her hand. However, she stopped and looked at the little girl with a weird white mask.

“Shaya Longnis... the Sky Sword...” On the ground, Hua Huo also stopped and raised her head, gazing at the little girl floating in the sky.

Sky Sword was a supreme title in the Sky Sword God’s Domain. They were the legends of this sword domain, they were the most famously strong beings in the universe.

Shaya Longnis was said to be the strongest one amongst all the young Sky Swords.

Although she was just the 10th Sky Sword, her power was the strongest apart from the three Deicide Sky Sword.

Her true body was a slime, but she could turn into various forms, and all forms were from the creatures it had swallowed.

At this moment, this female human form was one of Shaya Longnis' avatars.

"I'm in. Finally, I've arrived in this world!" The Sky Sword took over the Dark Shadow Spider Queen's body, so that her will could cross the barrier of this world. Under her mask, she was smiling happily.

"Give me it, the most precious treasure in this world." Her slender finger pointed at the Island of Mist and waved casually.

"Hiss!" As if the island was butter and her finger was a knife, the whole island was divided into two under her finger.

The island, the sea, and the thick bedrock under the sea were all torn open under the Sky Sword's great power. A great long scar appeared, which was utterly shocking and ugly.

Scorching magma gushed out of the scar onto the ground, flash heating the water to steam as more and more water flowed into the crack. The magma and steam quickly destroyed the whole island.

Infinite volcanic ashes floated in the air. All mists had disappeared, and the Island of Mist had almost been destroyed.

The ground was groaning, and the sky was crying. The whole island boiled like a scene from doomsday.

One finger. She just pointed one of her fingers at the island, then the whole island was destroyed. It was the purest and simplest power!

“Don’t you want to appear? Well, I don’t mind if I do it again.” Looking at the island, Shaya Longnis pointed at the island and waved her hand again. Another scar of the ground appeared on the island, forming a cross with the previous scar on the ground. One fountain of magma after another erupted into the sky.

Finally, the Island of Mist was erased from the map of the Water God’s world, and Shaya Longnis just moved her finger twice.

We are not at the same level! Yun Xi pinched the green slime bracelet subconsciously as sweat broke out all over his body.

When he really witnessed the power of the legend rank, he realized that the hero rank was nothing in front of the Sky Sword!

“Why don’t you answer me? Haven’t you woken up?”

Erasing the Island of Mist couldn’t even be counted as a warm up exercise to Shaya Longnis. It was just a stretching exercise to her.

Only a legend ranked being can defeat another legend ranked being!

Even though the little girl here was just an avatar, a small part of the real Shaya Longnis!

“I’m waiting for an answer.” Suddenly, from the Water God’s Opera House, an old voice echoed between the sky and earth.

It was the only and everlasting god of this world, Water God.

“Answer? Don’t be perfunctory to me! I will never forget ‘that thing’. I will never forgive you.” Through the mask, Shaya Longnis’ crimson pupils became ferocious.

“I will seize back the thing you robbed from me with my own hands! This is the reason why I become a Sky Sword and finally found your garden. But, you tell me you are waiting for an answer?”

The Water God hesitated for a while. Apparently, the Water God and the Sky Sword had a history in the past.

“Yes, I need an answer, and now, I will find that answer very soon. If you want revenge, can you wait for a while? The answer will determine the fate of this world.”

Yun Xi’s heart suddenly pounded. He vaguely realized that the answer was related to him.

After coming to this world, he was given the most special quest in this world.

Can the answer the Water God is waiting for be...

“Ok, you have one minute.” Shaya Longnis smiled cruelly.

She had determined that no matter what the answer was, the fate of this world wouldn’t be changed.

“Shaya, you changed after obtaining this human body.” Water God’s voice sounded surprised.

“Because I like this human, therefore, after I ate her, I inherited a few of her compassions, so I can wait for you for a minute.” Shaya Longnis touched her mask.

The original Child of Slimes, when she hadn’t yet obtained the name “Shaya Longnis”, was a more brutal and dangerous monster. At that time, she was still an irascible object whose goal was to swallow all beings in the universe.

Till it fell in love with a girl and was rejected by her, it ate the girl, then it obtained its human form and human intelligence. After that, it became even more dangerous.

“Don’t pretend, didn’t you also eat this world?” Shaya Longnis raised her lips and spoke the truth that made Yun Xi feel chilly all over his body.

“Hydra, we are the creatures of the same kind. Admit it, you are not a god, you are just another monster like me.”
